The College of Westchester at a Glance

Historical Perspective

The College of Westchester was founded in 1915 in New Rochelle, New York. The College expanded and relocated to White Plains in 1959 and incorporated in 1973 when it became accredited and firmly established as a college, then known as The Westchester Business Institute. It is a contemporary, post-secondary educational institution with a futuristic outlook. The history of The College demonstrates careful attention to the demands of the business world. The College caters to the career aspirations of its graduates by offering meaningful career relevant courses of study and by assisting the graduate in job placement.

As evidence of The College's tenet of quality education, a significant milestone was attained in 1975 when, after careful evaluation, the school was authorized by the New York State Board of Regents to confer the Associate in Occupational Studies (A.O.S.) degree to graduates of the Administrative Secretarial and Business Administration-Accounting programs. The first associate degrees were awarded in June 1976. Additional programs received degree status in subsequent years: Business Administration Marketing/Management (1978), Computer Systems Management Applications (1982), and Computerized Office Administration (1988). In 1996 the Administrative Secretarial program was renamed Administrative Assistant and the Computerized Office Administration program was renamed Computer Applications Management. The Information Processing Specialist was changed to Computer Applications Specialist.

In 1997 The College achieved a second milestone when it was authorized by the New York State Board of Regents to offer the Associate in Applied Science (A.A.S.) degree in two newly created program areas: Multimedia Development and Management and Computer Network Administration. At that time, The College was also granted permission to offer two new certificate programs: Multimedia Technology and Computer Networking Specialist.

In 2000 authorization was given to grant the Associate in Applied Science (A.A.S.) degree in Business Administration Management/Marketing and to offer a new certificate in E-Commerce.

In 2003 The College was authorized to offer a new Associate in Occupational Studies (A.O.S.) degree in Medical Office Systems Management as well as a certificate program in Medical Billing Specialist.

In 2003 The College was granted regional accreditation by the Middle States Commission on Higher Education.

That same year, The College was granted authorization to change its name from The Westchester Business Institute to The College of Westchester.

In 2004 authorization was given to grant the Associate in Applied Science (A.A.S.) degree in Accounting and the Computer Systems Management program was renamed Business Systems Management.

In 2006 authorization was given to grant the Associate in Applied Science (A.A.S.) degree in Medical Assistant Management.

In 2007 authorization was given to offer a new certificate program in Pharmacy Technologist.

In 2008 authorization was granted to offer the Bachelor of Business Administration Degree (B.B.A.) in Business Administration.

In 2008 approval was given to rename the Computer Applications Management program to Business Office Systems Administration (BOSA) and the Word Processing Specialist Certificate was renamed Business Office Specialist (BOS).

In 2009 authorization was given to rename the Multimedia Development Management program to Digital Media and the Multimedia Technology Certificate was renamed Digital Media Specialist.

In 2010 authorization was granted to offer the Bachelor of Business Administration Degree (B.B.A.) in Accounting.

In 2011 the following programs were removed from the New York State Education Department's Inventory of Registered Programs: Degree Program: Business Systems Management, Certificate Programs: Computer Applications Specialist, Database Management, E-Commerce Specialist, Pharmacy Technologist, and Word Processing Specialist.

In 2011 authorization was granted to offer the Bachelor's in Business Administration Degree (B.B.A.), in Business Administration and Associate in Applied Science (A.A.S.) in Business Administration Management/Marketing in a fully online format.

In 2012 the following programs were removed from the New York State Education Department's Inventory of Registered Programs: Degree Program: Business Office Systems Administration, Computer Applications Management, Certificate Program: Business Office Specialist.

Accreditation

The College of Westchester is accredited by:

- The Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104; (267) 284-5000. The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation.
- Registered to award the Bachelor of Business Administration Degree (B.B.A.), Associate in Applied Science Degree (A.A.S), and the Associate in Occupational Studies Degree (A.O.S.) by the New York State Education Department Office of Higher Education and the Professions, Cultural Education Center, Room 5B8, Albany, NY 12230; (518) 474-5851.

Vision

We aspire to be The College of choice for students because we are The College of choice for employers.

Mission

The College of Westchester, a student-centered, academically and culturally diverse college, is committed to providing the highest quality education for career and entrepreneurial-minded students through the delivery of a carefully constructed and distinct curriculum designed to ensure that our graduates are uniquely prepared to succeed in, and contribute to, a 21st century global and technological workplace. The College environment supports and encourages academic excellence, career advancement, professional integrity and good citizenship.

College Goals

Academic Excellence

CW ensures that students learn through a career-relevant curriculum, effectively delivered by fully qualified and student-centered faculty engaged through continuous assessment and improvement.

Student Excellence

CW students are accepted based on their potential and commitment to succeed. Students with support and assistance from faculty and staff remain vested in their education and in CW from enrollment through graduation, and throughout their career progression.

Operational Excellence

Operational excellence includes all areas of service. CW’s vital business operations are clearly defined by standards of excellence, systematically measured, clearly communicated, and delivered by all employees who are committed and embrace continuous improvement.

Business Excellence

CW’s competitive and financial strength is accomplished through planning and resource allocation that anticipates and supports internal stakeholder needs and meets compliance and accreditation requirements.

The CW Way

We embrace and fulfill our vision and mission through these core values. They provide us a road map so that our success is a by-product of the enumerated behaviors. We constantly strive to be the best we can possibly be through a focus on excellent customer service achieved through respect, teamwork, problem solving and delivery. Only as a united group, that believes we would not exist if it were not for our students, will we succeed.

- We value one another.
- We are one.
- We inspire success.
- We make it happen.

Faculty

A College of Westchester education starts with its faculty. Our instructors are highly qualified, dedicated and respected educators who are committed to excellence in teaching and in service to students. Most faculty have advanced degrees and all have relevant work experience. A comprehensive faculty development program ensures that all instructors remain current in their field of expertise and utilize state-of-the-art technology and teaching methodologies.

Students

Students come to The College of Westchester from throughout Westchester, Rockland, Putnam and Fairfield Counties and the New York metropolitan area.

The breadth of racial, ethnic and socioeconomic backgrounds represented in the student body make The College of Westchester a genuinely diverse institution. The College of Westchester is committed to priorities that place our students first and foremost in importance. As a student-centered institution, The College of Westchester has a history of providing students with the support and encouragement needed to succeed in college and in their chosen careers.

Facilities

The College of Westchester, a five-story, 50,000 square foot building, is conveniently located in the southwest perimeter of White Plains.

The College's academic facilities include twenty-four classrooms, a Library, the Learning Center which is an open computer lab that also serves as a tutoring and study center, a student center and faculty offices. To meet the growing trends in healthcare, the college facility includes two medical labs equipped to provide Allied Health students with academic and clinical skills required of their medical courses. The facility also includes an Admissions Office which assists all students who are interested in seeking admission; an Academic Center where the academic administrators, including academic advisors, are housed; Student Financial Services Center which addresses the financial assistance needs of the students; and Career Services, which specializes in finding part-time work for currently enrolled students and full-time career-related positions for graduates.

The College's leading-edge technology defines the teaching-learning environment. Our 13 dedicated computer classrooms feature Windows 7 - Pentium-based

personal computers, outfitted with an extensive selection of current software applications, interactive white boards and projectors to enhance the learning process. In addition, CW offers an Apple Macintosh lab with Mac Pro computers running Mac OS X - Snow Leopard equipped with twin quad core Xeon processors for multimedia students. Our Microsoft Windows 7 - 64-bit multimedia lab utilizes Dell Precision computers powered by i7 Xeon Core processors.

CW's recently upgraded network leverages the strengths of virtualization through the use of VMware software providing a high performing, scalable, fault tolerant environment to meet the continued growth of our institution. Our physical file servers are equipped with Intel Quad-core Xeon Processors powering Microsoft's Windows 2008 R2 operating systems. The College maintains a high speed 50 MB Internet connection along with wireless access (802.11g) through-out the college so students can connect to the Internet with their personal notebooks or other wireless devices. Our recently upgraded Learning Center offers 15 Dell Latitude laptops specifically for student use over our Wi-Fi network.

Ownership

The College of Westchester is owned by The College of Westchester, Inc., organized under the laws of the State of New York.

Board of Trustees

The Board of Trustees is the legally constituted authority for the operation of The College of Westchester. The Board is responsible for all aspects of The College, including mission and goals, selection of the chief executive officer, policy, and finance. The Board delegates authority to the President/CEO and receives recommendations from the President in conducting much of its business.

The President's Cabinet

College administration is led by the President. The President, as Chief Executive Officer, delegates authority to other administrators, including Vice Presidents and select Directors, which constitute the President's Cabinet, which is the chief governance structure of the administration.

Admissions

Admissions

The College of Westchester seeks to enroll students in certificate, associate and bachelor's degree programs* who have potential to succeed academically and in their chosen profession. A personal interview is conducted by an admissions counselor with each prospective student. Appointments can be arranged by contacting the Admissions Office at (914) 831-0200 or by visiting www.cw.edu.

All candidates seeking admission to The College must submit an application for admission with a \$40 non-refundable fee. Responsibility for having all credentials forwarded to The College of Westchester rests solely on the applicant. The basic requirements for acceptance are listed below:

For High School Applicants:

- A personal admission interview
- Completed application for admission
- A current high school transcript
- Proof of high school graduation or the equivalent

For Adult Applicants:

- A personal admission interview
- Completed application for admission
- Proof of high school graduation or the equivalent

For Online Division Applicants:

- A personal admission interview
- Completed application for admission
- Proof of high school graduation or the equivalent

For Transfer Applicants:

- A personal admission interview
- Completed application for admission
- Proof of high school graduation or the equivalent
- Prior college transcripts

(Please refer to the Transfer Students section on page 11 for further information.)

Two Year Transfer

Students with an earned associate degree or who have earned 60 or more semester credits from The College of Westchester** or other accredited higher education institution recognized by Council for Higher Education Accreditation (CHEA) may be considered for acceptance

into a bachelor's degree program. These applicants must meet the admissions requirements specified above and should possess a major area cumulative grade point average of 2.5 or better. Under extenuating circumstances, applicants not meeting this criterion may be accepted. Other competencies may be required.

Special Notes and Restrictions:

* *Not all academic programs are available or offered each term, semester or division throughout the academic year. Contact the admissions office at 914-831-0200 for current offerings.*

***With the exception of students beginning in the Fall Day College semester, applicants seeking to achieve their bachelor's degree first enroll and complete their associate degree at CW. See Two Year Transfer above. A separate bachelor's application for admission is required, however the application fee is waived provided that the graduate enrolls in the bachelor's degree program within one year of completing the CW associate degree.*

Immunization and Meningococcal Requirements

New York State Public Health Law requires all college students born on or after January 1, 1957 wishing to register for and attend classes to provide proof of immunity to measles, mumps and rubella in order to attend college. Not complying with these state mandated requirements on a timely basis may result in exclusion from classes.

The following are acceptable:

1. Physician proof of vaccine administered on or after the first birthday. For measles, this must include two doses of live measles vaccine. Mumps and Rubella require one dose or;
2. Documented laboratory blood tests which prove existing immunity to any or all three diseases or;
3. Written documentation of medical or religious factors which prohibit you from being immunized.

In addition, effective August 15, 2003, New York State Public Health Law requires The College to distribute information about meningococcal meningitis and vaccination to all registered students. Students are required to sign a Response Form indicating they had the meningococcal meningitis immunization within the past ten years (provide date), or will be immunized within 30 days, or have been provided with information about the risks and decided not to be vaccinated.

Entrance Dates

Students may apply and be accepted for admission in any of thirteen start dates throughout the year. Please refer to page 131 for the Day College Academic Calendar, page 132 for the Evening College Academic Calendar, page 133 for the Saturday College Academic Calendar, and page 134 for the Online Division Academic Calendar.

Registration/Orientation

Official registration for each term or semester occurs approximately one month prior to the start of classes. Students may choose to register earlier. In the Day College, new student Orientation occurs the day prior to the start of classes in the student's first semester. Evening and Saturday College, and Online Division Orientations are normally held one week prior to the beginning of the term.

Assessment Testing

Applicants for matriculation to The College of Westchester must take an assessment test in writing and mathematics prior to registration. Students who do not achieve a satisfactory score in the writing assessment or mathematics components may be required to take Basics of Communications and/or Mathematics as part of their program. These courses carry institutional credit units that are not counted toward graduation credit requirements. *(Some applicants may be exempt from assessment testing.)*

Transfer Students

Students seeking to transfer credits from another institution of higher education should request that an official transcript be mailed to Transfer Credits, Office of Admissions, The College of Westchester, 325 Central Avenue, Box 710, White Plains, New York 10602.

Students who have attended another accredited college or university may obtain credit toward graduation for courses taken at that institution. Credit is transferable for comparable courses in the student's selected curriculum in which the applicant has obtained a grade of "C" (2.0) or higher. A maximum of 63% of the credits required for program completion may be transferable. Foreign students are required to have transcripts officially translated, in English, before submission to the college in order for the transfer credit review process to be executed. *(See section on Academic Standards for complete information on transfer policies and procedures.)*

Summer Bridge Program

Accepted applicants who test into Basics of Mathematics on The College's assessment test may opt to participate in the Summer Bridge Program. The Summer Bridge Program contains non-credit course content designed to improve the basic Math skills required for college.

The student will be given the opportunity to test out of the required Basics of Mathematics class and be placed in a college level Math class. There is no assurance that applicants who attend or complete the Summer Bridge Program will automatically be exempt from their required Basics of Mathematics class.

The program typically runs up to 4 weeks during the month of July and/or August. The total fee for the 2012 Summer Bridge Program is \$250 which includes required text books. Applicants who successfully complete the Summer Bridge Program will have the \$250 fee credited to their student account and corresponding reduction of \$250 in tuition. The fee must be paid in full prior to the first day of class and is non-refundable after the first day of attendance. The \$200 Tuition Deposit cannot be applied to the Summer Bridge charges. Paid Summer Bridge participants who withdraw prior to attending, may request a refund of the \$250 fee. Notification of withdrawal and refund request must be made in writing to the Office of Admissions. Contact the Director of Admissions at 914-831-0200 for additional information.

Jump Start Program

For a nominal fee, The College of Westchester offers high school juniors and seniors the opportunity to earn credits toward their college degree through the Jump Start Program. To learn more about these opportunities call the Admissions Office.

Credits for Certifications

Any student at The College of Westchester may earn up to 12 academic credits (4 courses at 3 credits each) by satisfactorily completing technology certification examinations resulting in A+, CCNA, MCSA, Adobe, or Microsoft Office Specialist certifications. Certifications may not be older than 3 years from the student's start date. The chairperson must be notified to verify that the certification is the most current.

CLEP Examinations

The College of Westchester accepts CLEP (College Level Examination Program) scores at or above the 50th percentile in the Subject Examinations. Credits will be granted according to ACE recommendations. More detailed information about the CLEP examinations and the locations of test centers can be obtained by visiting www.collegeboard.com/clep.

UExcel Examinations

UExcel is a credit by examination program offered in a computer-based format at thousands of test centers globally. The UExcel program is an alliance between Excelsior College and Pearson. The College of Westchester accepts UExcel scores according to ACE recommendations. The corresponding credit recommendations apply when the examinee receives an examination score of C or better. For further information: www.UExcelTest.com.

High School BOCES Articulations

Students may be eligible to earn up to 12 credits at CW in various programs such as Business, Digital Media, Information Technology, Medical, Networking and Accounting. CW has articulation agreements with the Board of Cooperative Educational Services from Dutchess, Orange/Ulster, Putnam/Northern Westchester, Rockland and Southern Westchester counties as well as high schools such as Gorton, Greenwich, Lehman, Riverside, Saunders, Mount Vernon and Christopher Columbus.

National College Credit Recommendation Service (National CCPS) (Formerly PONSI)

The American Council on Education (ACE) and the National College Credit Recommendation Service (National CCPS) have pre-evaluated a variety of structured programs, experiences or licenses. Academic credit for the learning from one of these pre-evaluated experiences may be granted if the requisite documentation is provided. The dates, location and length of time of the training must match the dates, location, and length of time stipulated in the training's evaluation. For further information, contact: http://nationalccrs.org/colleges_universities/.

Excelsior College Examinations (ECE)

(Formerly ACT-PEP)

Students may earn college level credit in select subject areas accepted according to ACE guidelines. Excelsior College Examinations are available in business, education, health, liberal arts and sciences, and nursing. For further information: <http://www.excelsior.edu/ecapps/exams/creditByExam.jsf?gw=1>

Advanced Placement Program (APP)

The College Entrance Examination Board offers another series of college level examinations through the Advanced Placement Program (APP). The College of Westchester will grant credit for many APP examinations for which a grade of 3 or better has been obtained. Detailed information on these examinations can be obtained by consulting with a high school guidance counselor or by writing to Advanced Placement Program (APP), P.O. Box 592, Princeton, New Jersey 08541.

Test-Outs for Exemptions from Courses

Students may be exempt from a course based on demonstrated competence. Students may take proficiency exams in the subject areas of English Composition I and II, Basics of Mathematics, College Mathematics, College Algebra, Emerging Information Technology, Financial Accounting I and II, Microsoft Office 2010 Applications: Word, PowerPoint, and Excel, Medical Terminology, and Medical Ethics. Appropriate electives in these areas would replace these courses to fulfill graduation credit requirements. Test-outs must be arranged through the Testing Center by appointment.

Credit Awarded through Portfolio Evaluation

The College of Westchester will award academic credit for learning that occurs as a result of career or personal experiences. A fully documented experiential learning portfolio must be completed for faculty evaluation by the end of the first semester in the Day College or by the end of the third term in the Evening/Saturday College. A total of fifteen (15) academic credits will be awarded toward the Associate degree and a maximum of fifteen academic credits (15) will be awarded toward the Bachelor of Business Administration (BBA) degree for a maximum of thirty (30) credits. There is a fee of \$100 for reading the learning portfolio and a fee of \$100 for each three-credit course that is awarded experiential credit.

Student Financial Services

Tuition and Fees

A \$200 tuition deposit must be paid within two weeks of receipt of the Letter of Acceptance. This deposit is applied in full toward tuition and is refunded only when The College receives written notification of cancellation from the student at least 60 days prior to the start of the semester or term for which the student has been accepted. Textbooks are paid at the start of each semester for the Day College. The materials become the property of the student and no refund is made for these items. Evening/Saturday/Online students purchase textbooks separately. The computer and general services fee covers student services, student activities, class scheduling, orientation programs, computer usage, registration, tutoring, accident insurance and locker usage. A graduation fee of \$100 is charged to all students in their final semester and/or term. Students who are not in good standing regarding tuition, fees and book payments may be suspended or dismissed from The College. Reinstatement to The College may occur only after financial obligations are met. Students are subject to subsequent increases in tuition, books and fees. The College reserves the right to withhold transcripts if a student has defaulted on a loan or is not in good financial standing with The College. The College of Westchester reserves the right to make any changes in the schedule of class hours or in the course of study that it deems appropriate. The College reserves the right, at its discretion, to change the schedule of tuition and other fees or charges.

For more student consumer information, contact Student Financial Services at (914) 831-0473 for an appointment.

Payment Methods

Credit Card: Payment may be made by using MasterCard, Visa, Discover or American Express.

Check, Money Order or Certified Check: Students may also pay by check, money order or certified check. Please note that any refunds due to a student will not be issued until the student's check has cleared the bank. Students should allow 30 days after bank clearance for receipt of disbursement check.

Checks returned to The College unpaid by the account of the payee will result in an automatic \$30 handling fee. The student is expected to present payment in full for the amount of the check plus the \$30 fee. Payment must be made at the Student Accounting Office by cash, credit card or money order.

Late fees may apply if any part of any payment is more than 10 days late. Payment will be subject to a \$29 late fee.

Withdrawal Policies

In the event a student finds it necessary to withdraw during his/her attendance at The College, a tuition refund will be calculated based upon the semester or term institutional charges. Institutional charges consist of tuition and fees.

Refund Policy for Day College:

Withdrawal Period	Percent Refunded
New student withdraws during add/drop period.....	100%
Continuing student withdraws on or before the first day of the semester.....	100%
Continuing student withdraws 1st week of the semester excluding 1st day.....	80%
Student withdraws 2nd week of the semester.....	75%
Student withdraws 3rd week of the semester.....	50%

3rd Saturday of classes or 3rd week of the term*.....30%
 Student withdraws after attending
 4th Saturday of classes or 4th week of the term*0%
**Hybrid or online course*

The College strongly recommends an in-person appointment in the event of withdrawing from the college. This will allow for a thorough review of the withdrawal process including potential financial liability and/or potential loss of financial assistance with respect to satisfactory academic progress. Students are urged to contact the Student Financial Services Office to determine the financial aid consequences of withdrawing from The College.

Federal Title IV Refund Policy for Financial Assistance Programs:

The Federal Department of Education regulates the administration of all federal grants and loans. For those students who receive Federal Title IV aid and withdraw during a semester or term, The College is required to apply Return to Title IV calculation (R2T4). When a student withdraws from school during a term or semester before completing it, the Higher Education Act requires the institution to determine whether Federal Title IV funds must be returned by or on behalf of the student. The amount of Federal Title IV funds that were earned by the student is directly proportional to the length of time he or she remained enrolled within the payment period, as indicated by the student's withdrawal date. Federal regulations specify that for institutions that take attendance, the withdrawal date is determined from the institution's attendance records, whether the student withdrew officially or unofficially; this includes administrative withdrawals for non-attendance. Academic attendance and attendance at an academically-related activity includes, but is not limited to:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students;
- Submitting an academic assignment;
- Taking an exam, an interactive tutorial, or computer-assisted instruction;
- Participating in campus or online activities indicated in the course syllabus or assigned by the instructor, such as small group assignments, online discussion forums, or other collaborative activities.

A pro rata schedule is used to determine the amount of federal student aid funds the student will have earned at the time of withdrawal. The amount of Federal Title IV aid that a student must repay is determined via the Federal Formula for Return of Title IV funds as specified in Section 484B of the Higher Education Act. The Return to Title IV calculation is based on the number of days in the semester or term divided into the number of days attended which equals percentage completed. If the calculated percentage completed exceeds 60%, then the student has earned all Federal Title IV aid for the enrollment period. The Federal Refund Policy (R2T4) is very encompassing. For additional information on Federal Title IV Refunds (R2T4) federal policies and procedures you may reference Federal Student Aid Handbook, Volume 5 <http://ifap.ed.gov/fsahandbook/attachments/Vol5MasterFSAHdbk1213.pdf>, or you may access a copy in the Student Financial Services Office at The College of Westchester.

In the event a student finds it necessary to withdraw or is dismissed from The College, the order in which funds are returned will be as follows:

1. Unsubsidized William D. Ford Federal Direct Loan
2. Subsidized William D. Ford Federal Direct Loan
3. PLUS William D. Ford Federal Direct Loan
4. Federal Pell Grant
5. Federal Academic Competitiveness Grant
6. Federal Supplemental Educational Opportunity Grant
7. Other Federal Title IV Programs
8. Other Federal, State, Private or Institutional financial assistance
9. Student

Please note that Federal Work Study (FWS) must be earned and is not included in the R2T4 calculation. Funds earned prior to withdrawal may be kept by the student or retained with student authorization, by the school for a balance owed. Students may not continue working in the FWS program after their withdrawal date.

Should a student with a subsidized or unsubsidized Federal Direct Loan separate from The College and an overpayment exists, The College will repay those funds to the Federal Department of Education on behalf of the student's account. Also, if a student withdraws before the end of the term or semester he/she will forfeit any CW grant or scholarship. Administrative credit or institutional grants/scholarships posted to a student's account cannot be converted to cash. Refunds or repayments cannot be made against these credits. Any institutional funds awarded cannot exceed the cost of tuition, fees and books, and if such credit balance exists as the result of institutional funds, the excess will be refunded to The College. For further explanation of this policy, please contact the Director of Student Financial Services.

2012-2013 Average Student Cost of Attendance Budget

The Cost of Attendance is an estimate of expenses to attend school for one academic year.

Day College Student Expense Budget A (27 credits/2 semesters)

One Academic Year for a dependent student, without dependents living with parents, other budgets may apply:

Tuition.....	\$19,710
Books	\$1,000
General Student Services Fees	\$900
Housing.....	\$1,315
Transportation	\$2,782
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$32,205

Day College Student Expense Budget B (27 credits/2 semesters)

One Academic Year, for all other students, other budgets may apply:

Tuition.....	\$19,710
Books	\$1,000
General Student Services Fees	\$900
Housing.....	\$12,427
Transportation	\$2,782
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$43,317

Evening/Saturday College Student Expense Budget A (24 credits/4 terms)

One Academic Year for a dependent student, without dependents living with parents, other budgets may apply:

Tuition.....	\$17,520
Books	\$1,000
General Student Services Fees	\$800
Housing.....	\$1,315
Transportation	\$2,782
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$29,915

Evening/Saturday College Student Expense Budget B (24 credits/4 terms)

One Academic Year, for all other students, other budgets may apply:

Tuition.....	\$17,520
Books	\$1,000
General Student Services Fees	\$800

Housing.....	\$12,427
Transportation	\$2,782
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$41,027

Online Division Student Expense Budget A (24 credits/4 terms)

One Academic Year for a dependent student, without dependents living with parents:

Tuition	\$17,520
Books	\$1,000
General Student Services Fees	\$800
Housing.....	\$1,315
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$27,133

Online Division Student Expense Budget B (24 credits/4 terms)

One Academic Year, for all other students:

Tuition	\$17,520
Books	\$1,000
General Student Services Fees	\$800
Housing.....	\$12,427
Miscellaneous and Personal.....	\$6,498
TOTAL ESTIMATED COST	\$38,245

CW reserves the right, at its discretion, to change the schedule of tuition and other fees or charges.

Note: Loan Fees and Other Expenses are built into the Cost of Attendance on an individual basis.

The following additional fees may apply for all Cost of Attendance:

PC Kit Fee for students taking PC Technology (A+) course NET111	\$650
Medical Class Fee for any course held in Medical Classroom	\$100
Blood Pressure Kit/Lab Coat Fee for course MSC103	\$82
CPR Mask Fee for course MSC103	\$18
Medical Scrubs Fee for students taking Medical Terminology course MED103.....	\$24

Part-Time Budgets

Budgets for students enrolled less than full time are reduced proportionally based upon enrollment status.

Financing Your Education

Available Financial Assistance Programs

All students who are seeking the outstanding career education offered at The College of Westchester are encouraged to apply for financial assistance. Students may meet with a Financial Assistance Counselor who will conduct a confidential analysis detailing the funds available to finance their education. In addition to federal and state funded programs, The College offers a variety of institutional scholarships, grants and payment plans each year.

Award Program	Source of Funding	Range of Awards
Federal Pell Grant	Federal Government	\$555 - \$5550 per award year
Federal Supplemental Educational Opportunity Grant (FSEOG)	Federal Government	varies
Federal Work Study (FWS)	Federal Government	varies
Tuition Assistance Program (TAP)	New York State	\$500 - \$5000 per award year
Aid for Part Time Study (APTS)	New York State	varies/dependent upon State funding
Federal Direct Subsidized Student Loan	Federal Government	\$3,500 1st academic year \$4,500 2nd academic year \$5,500 3rd & 4th academic year
Federal Direct Unsubsidized Student Loan	Federal Government	\$2,000 - \$6,000 1st & 2nd academic year \$2,000 - \$7,000 3rd & 4th academic year
Federal Direct PLUS Loan for Dependent Undergraduate Students	Federal Government	Cost of attendance less other financial aid
Achievement Award	The College of Westchester	up to \$8,000 (based on 24/27 credits)
Institutional Grant	The College of Westchester	up to \$5,000 (based on 24/27 credits)
Joseph and Julia Sutkowski Memorial Scholarship	The College of Westchester	up to \$5,000 (based on 24/27 credits)
Matching Scholarship	The College of Westchester	up to \$2,000 in second academic year
President's Scholarship	The College of Westchester	up to \$24,000 per Associate's Degree program
Bachelor's Achievement Scholarship	The College of Westchester	up to \$15,000 for junior and senior years
CW School of Business Scholarship	The College of Westchester	up to \$44,000 per Bachelor's Degree program
Other College of Westchester Grants/Scholarships	The College of Westchester	varies depending on eligibility
Alternative Funding	Various Lenders	up to the cost of attendance

Students are strongly encouraged to apply for all federal and state financial assistance for all academic years in attendance. The above funding is not available for all students. It is contingent upon the students' financial need as well as academic standing. In this section, you will find full descriptions on the above programs.

Federal Title IV Financial Aid Programs

Federal Pell Grant Program

The Federal Pell Grant Program is a need based grant to undergraduate students. Financial need is determined by the U.S. Department of Education, using a federal formula, to evaluate the financial information reported on the Free Application for Federal Student Aid (FAFSA) and to determine the Expected Family Contribution (EFC). Students may apply for a Federal Pell Grant by filing a Free Application for Federal Student Aid (FAFSA). The application may be completed on-line at www.fafsa.ed.gov. An Institutional Student Information Record (ISIR) will be electronically transmitted to the Financial Assistance Office. Federal Pell Grant funds cannot be disbursed unless a valid ISIR is in the possession of The College. The amount of the applicant's award is calculated by the Financial Assistance Office, and upon enrollment, funds are credited to the student's account following the appropriate processing. Students who have received a Bachelor Degree are not eligible for a Federal Pell Grant. In addition, the student must be matriculated in an approved program as an undergraduate and must show financial need to continue to be a recipient. The student must maintain satisfactory academic progress for continued awards. The Higher Education Opportunity Act disqualifies from receiving Federal Pell grants students who are subject to an involuntary civil commitment following incarceration for a sexual offense (as determined under the FBI's Uniform Crime Reporting Program).

Federal Supplemental Educational Opportunity Grant Program (FSEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) is a campus-based program funded by the federal government to award college students who have high financial need. Students interested in applying for this program must complete and submit the Free Application for Federal Student Aid (FAFSA). FSEOG awards are awarded to Federal Pell recipients. Award amounts may vary based on student enrollment status and availability of funds. In addition, the student must be matriculated in an approved program as an undergraduate and must show financial need to continue to be a recipient. The student must maintain satisfactory academic progress for continued awards.

Federal Work Study Program (FWS)

The Federal Work-Study Program (FWS) is a campus-based program funded by the federal government to assist college students who have financial need. FWS provides part-time jobs for undergraduate students with financial need, allowing them to earn money to help pay educational expenses. Students are paid by the hour. Wages for the program must equal at least the current federal minimum wage but may be higher, depending on the type of work performed and the skills required. Wages are paid directly to the student for the hours actually worked, in the form of a paycheck on at least a monthly basis. Federal work study jobs can be both on campus and off campus. Students interested in applying for this program must complete and submit the Free Application for Federal Student Aid (FAFSA). FWS funds cannot be earned unless the Financial Assistance Office is in receipt of a valid student Institutional Student Information Report (ISIR).

The FWS program is a federal grant program whereby the applicant must be matriculated in an approved program as an undergraduate student and must show financial need. The student must maintain satisfactory academic progress for continued eligibility.

Payment of Federal Work Study (FWS) Funds

Once the student earns the funds by working, he/she will be paid at least once a month as long as the timesheets are submitted by the established deadlines.

Federal William D. Ford Direct Loan Program (DL)

Student loans, unlike grants, are borrowed money that must be repaid, with interest. Loans are legal obligations. You must be enrolled at least half-time to be eligible for a Federal Direct Student Loan. There are two types of Federal Direct Student Loans: Subsidized and Unsubsidized. Eligibility for Subsidized loans is need based. The federal government pays (subsidizes) the interest during in-school, grace and deferment periods. For Unsubsidized loans, the interest accrues during in-school, grace and deferment periods but may be paid by the student while in school or capitalized. Students interested in applying for this program must complete and submit the Free Application for Federal

Student Aid (FAFSA). To be eligible for a Federal Direct Loan, the student must: (1) be a United States citizen or permanent resident alien; (2) be enrolled in or admitted as a matriculated student in an approved program at The College; (3) show financial need; (4) not be in default on a prior student loan or owe a refund on any Federal Title IV Grant, and; (5) complete all verification requirements. In addition, students must complete a Master Promissory Note (MPN) and an Entrance Interview, which a student may complete online at <http://studentloans.gov>, to ensure that all borrower rights and responsibilities are understood. Loans cannot be credited to a student's account until Entrance Counseling is complete. Student Loan funds are disbursed in two payments, one-half for each semester in the academic year (day students) or four payments, one-fourth for each term in the academic year (Evening/Saturday/Online students).

First Time Student Loan Borrowers

Federal Loan Disbursements of student loan funds will not be disbursed earlier than 30 days from the beginning of the semester or term. All subsequent disbursements after the initial 1st disbursement will follow the regular disbursement schedule.

Federal Direct Subsidized Loan

The federal government pays the interest on behalf of the student borrower while the student is matriculated and enrolled at least half-time in college, during the six month grace period, and during times of authorized deferment and forbearance. Repayment of the loan begins six months after the student graduates or the student's enrollment status changes to less than half-time.

Federal Direct Unsubsidized Loan

Unlike the subsidized loan program, interest on unsubsidized loans begins and is paid by the borrower, not the federal government, when the loan is disbursed. Students have the option of paying these interest charges while attending school. If they choose not to pay the interest, it will accrue and be capitalized. Repayment of the loan begins six months after the student graduates or the student's enrollment status changes to less than half-time.

Annual Federal Direct Loan Limits

All Dependent Undergraduates

	Maximum Subsidized Eligibility	Unsubsidized Eligibility	Total Stafford Eligibility
Freshman	\$3,500	\$2,000	\$5,500
Sophomore	\$4,500	\$2,000	\$6,500
Junior	\$5,500	\$2,000	\$7,500
Senior	\$5,500	\$2,000	\$7,500

All Independent Students

	Maximum Subsidized Eligibility	Unsubsidized Eligibility	Total Stafford Eligibility
Freshman	\$3,500	\$6,000	\$9,500
Sophomore	\$4,500	\$6,000	\$10,500
Junior	\$5,500	\$7,000	\$12,500
Senior	\$5,500	\$7,000	\$12,500

Lifetime Aggregate Federal Direct Loan Limits

Dependent Student

Maximum Subsidized Loan Limit.....\$23,000
 Maximum Unsubsidized Loan Limit.....\$8,000

Lifetime Aggregate Federal Direct Loan Limits

Independent Student

Maximum Subsidized Loan Limit.....\$23,000
 Maximum Unsubsidized Loan Limit.....\$34,500

The interest rates for subsidized Federal Direct Loans for undergraduate students are:

- For loans first disbursed July 1, 2006-June 30, 2008, the interest rate is fixed at 6.8%.
- For loans first disbursed July 1, 2008-June 30, 2009, the interest rate is fixed at 6%.
- For loans first disbursed July 1, 2009-June 30, 2010, the interest rate is fixed at 5.6%.
- For loans first disbursed July 1, 2010-June 30, 2011, the interest rate is fixed at 4.5%.
- For loans first disbursed July 1, 2011-June 30, 2012, the interest rate is fixed at 3.4%.
- For loans first disbursed on or after July 1, 2012, the interest rate is fixed at 6.8%.

The interest rate for unsubsidized Federal Direct Loans for undergraduate students is fixed at 6.8%.

Federal Direct Subsidized and Unsubsidized Loan Origination Fees

Consistent with federal regulations, Federal Direct Student Loans have an origination fee of 1%, which is deducted from the amount borrowed.

Federal Direct Parent Loan Program (PLUS)

The Federal Direct Plus Loan provides a borrowing option for parents of dependent undergraduate students. Based on the borrower's credit worthiness, a parent may borrow up to the student's cost of attendance minus all other aid from this federally guaranteed loan program. If approved, parents are required to complete a Master Promissory Note (MPN). If a PLUS Loan denial is received, a student is eligible for an additional \$4,000 in unsubsidized loan funds. PLUS loan repayment begins within 60 days of disbursement of funds. Parents can choose to defer payments on a PLUS loan until after 6 months after the date the student ceases to be enrolled at least half time. The interest that accrues on the loan while it's in deferment can either be paid by the parent borrower monthly or quarterly, or can be capitalized quarterly. To request a deferment, call the Federal Direct Loan Servicing Center at 1.800.848.0979. Deferments will not be approved until after the first loan disbursement has been made.

Current Plus Loan Interest Rate: 7.9%

Interest rates, fees, and repayment terms are determined by federal statute and may vary year by year.

Federal Direct PLUS Loan Origination Fees

The origination fee is 4%, which is deducted from the amount borrowed.

Please note: CW would like to inform potential students, or parent(s) of a student regarding Federal Title IV, Higher Education Act (HEA) loans that the loan will be submitted to the National Student Loan Data System (NSLDS), and will be accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system. NSLDS only tracks federal student loans; you will need to track any private education loans you may have using your own records.

Federal Direct Student Loan Borrowers Rights and Responsibilities

Entrance Loan Counseling

First time student loan borrowers are required by federal regulations to complete an Entrance Interview before proceeds of the Federal Direct Loan(s) can be credited to your student account. You may complete the Entrance Interview online at <http://studentloans.gov/myDirectLoan/index.action>. Here you will learn about the terms of the loan and your rights and responsibilities as a student loan borrower.

Exit Loan Counseling

Before you graduate, withdraw or drop below half-time status, regardless if you plan to transfer to another school, regulations require that you complete an Exit Interview for your Federal Direct Subsidized and Unsubsidized Loans. You may complete the Exit Interview online at www.nsls.ed.gov. Here you will be able to view your student loan history and learn about repayment and deferral options.

Federal Direct Student Loan Repayment

After a student graduates, leaves school, or drops below half-time enrollment, a student has six months before repayment of student loans must begin. This is called a grace period. The amount of the monthly payment is calculated based upon the total amount that has been borrowed as well as the repayment plan selected. Your repayment period varies from 10 to 25 years, depending on which repayment plan you choose. If you don't choose a repayment plan when you first begin repayment, you'll be placed under the Standard Repayment Plan. You can change plans to suit your financial circumstances. For Federal Direct Loans, you will make repayment to the Federal Direct Loan Servicing Center. Federal Direct Loan Borrowers can view and pay their student loan bills online using your PIN at www.studentloans.gov. For more information, visit www.studentaid.ed.gov/repaying.

Postponing Loan Payment

Deferments and Forbearance

Under certain circumstances, students can receive a deferment or forbearance on their loans. During a deferment, no payments are required. If a student has a subsidized loan, the federal government will pay the interest that accrues during the deferment. If a loan is unsubsidized, a student will be responsible for the interest on the loan during the deferment. During forbearance, payments are postponed or reduced. A student cannot receive a deferment or forbearance if a loan is in default. A student may be considered for a deferment in the following circumstances:

- At least half-time study at a postsecondary school
- Study in an approved graduate fellowship supported program or in an approved rehabilitation training program for the disabled
- Unable to find full-time employment
- Economic hardship
- Service in the U.S. Armed Forces
- Service as a Peace Corps or Vista volunteer
- Temporary disability
- Parental leave for mothers with school age children returning to work
- Bankruptcy

A student must contact the Federal Direct Lending loan servicer to obtain a deferment or forbearance on his/her student loan. In addition, deferments are not automatic and students will have to provide documentation to support such a request. Deferments and forbearances have minimum and maximum time limits.

Consolidation

Consolidation is designed to help student borrowers consolidate all their federal student loan debt into one loan. A student will make only one payment per month and this one time service is available from participating lenders. Please contact the lender for additional information.

Default

Former students or students who have graduated and are in default on their student loans and are attempting to avoid repayment of any sponsored loan, may be subject to withholding of tax refunds, garnishing of pay, or seizure of personal property by the Internal Revenue Service and possible civil prosecution. In addition, college transcripts will be withheld and other college services denied. Through continued counseling an attempt is made to assist former students and graduates to avoid default; however, primary responsibility remains with the student-borrower.

Requirements of Federal Title IV Financial Aid Recipients as defined by the United States Department of Education (USDOE)

Except for some loan programs, students must have financial need. In addition, other requirements apply:

- Have a high school diploma or a General Educational Development (GED) certificate.
- Complete a high school education in a home-school setting approved under state law.
- Enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.
- Meeting satisfactory academic progress (SAP) standards set by the college the student is or will be attending.
- Must be a United States citizen or eligible noncitizen.
- Must have a valid social security number (SSN) unless the student is from the Republic of the Marshall Islands, the Federated States of Micronesia or the Republic of Palau.
- The student must sign a statement that certifies use of federal student aid for educational purposes only. The student must also certify that he/she is not in default on a federal student loan and does not owe a refund on a federal student grant (which could happen if a student withdraws from college, for example).

- If the student is a male aged 18 through 25, the student must comply with Selective Service registration. If the student has not registered he can, at the same time he completes the FAFSA, by giving the Selective Service System permission to register him by means of the FAFSA. The student can also register online at www.sss.gov or call 1.847.688.6888. TTY users can call 1.847.688.2567.
- If a student has been convicted for the possession or sale of illegal drugs for an offense that occurred while receiving federal student aid, the student will be ineligible for a period of time based on the type and number of convictions. For further assistance with this topic, please call 1-800-4-FED-AID (1-800-433-3243).
- Verification with certain federal agencies; Social Security Administration for verification of SSN and U.S. citizenship status and Department of Homeland Security to verify Alien Registration Numbers. If the information does not match, the discrepancy must be resolved before a student can receive federal student aid.
- Verification against the National Student Loan Data System (NSLDS) to verify that a student has not defaulted on a federal student loan, haven't received an overpayment on a federal grant or a Federal Perkins Loan and haven't borrowed more than the total federal loan limit allowed.
- Information against Veteran's Affairs is also checked if the student answered that he/she is a veteran.
- Selective Service is also checked to verify that if the student is a male between the ages of 18 through 25, that the student has registered with Selective Service in order to be eligible for federal student aid.

Alternative Lending (Loans)

These loans are designed to provide an opportunity for students who experience a shortfall between the cost of school attendance and available financial aid. Additional alternative loans should be viewed as a last resort for students who do not have any other options for the financial assistance needed to continue their pursuit of their academic goals. These loans are based upon your credit-worthiness, or the credit-worthiness of a co-signer.

The College of Westchester Student Loan

Code of Conduct

CW participates in the Federal Direct Lending Program, however we also offer Alternative Loans through banks and lending institutions for those students and parents who may have additional need for a loan outside of the Federal Direct Loan Program. The following Code of Conduct applies to all CW officers, employees, and agents who have responsibilities with respect to education loans. In keeping with the Higher Education Opportunity Act (HEOA) of 2008 we abide by the following Student Loan Code of Conduct:

1. Revenue Sharing

The College of Westchester and its employees will not enter into any type of revenue-sharing arrangement with any lender, guarantor or servicer. The term "revenue-sharing arrangement" means an arrangement between an institution and a lender which – (i) a lender provides or issues a loan that is made, insured, or guaranteed to students under the Higher Education Act attending the institution or to the families of such students; and (ii) the institution recommends the lender or the loan products of the lender and in exchange, the lender pays a fee or provides other material benefits, including revenue or profit sharing, to the institution, an officer or employee of the institution. The College of Westchester does not provide students a preferred lender list from which to select a lender for a private student loan. All loans are processed without regard to lender or mode of transmission (i.e., electronic or paper). The College of Westchester will neither recommend a private loan lender nor accept material benefits including revenue or profit sharing to the institution, an officer, or an employee of the institution or an agent.

2. Gifts

Employees of the Office of Student Financial Services are prohibited from soliciting or accepting any gift from a lender, guarantor, or servicer of education loans.

- a. Gifts include any gratuity, favor, discount, entertainment, hospitality, loan or other item. This includes a gift of services, transportation, lodging, or meals, whether provided in kind, by purchase of a ticket, payment in advance, or reimbursement after the expense has incurred.
- b. A gift to a family member of an employee of The College of Westchester is considered to be a gift to the employee, if the gift is given with the knowledge and consent of the employee and there is reason to believe the gift was given because of the official position of that employee.

3. Contracting Arrangements

Employees of the Office of Student Financial Assistance shall not accept from any lender or affiliate of any lender any fee, payment, or other financial benefit (including opportunity to purchase stock) as compensation for any consulting arrangement or other contract to provide services to a lender or on behalf of a lender relating to education loans.

4. Preferred Lender Status

The College of Westchester participates in the William D. Ford Federal Direct Loan Program which provides student and parent loans through the U.S. Department of Education. Lenders in the private student loan industry will not be given a preferred status. The College of Westchester will not produce a preferred lender list that gives any lender an advantage in securing business from CW students.

5. Private Loan Certification

The College of Westchester will not assign a borrower's private student loan to a particular lender; all decisions will be made by the borrower in his/her independent review of borrower benefits and lender services. The College of Westchester will not refuse to certify, or delay certification of, any loan based on the borrower's selection of a particular lender or guaranty agency.

6. Opportunity Pool Loan

The College of Westchester will not request or accept from any lender any offer of funds to be used for private education loans (defined in section 140 of the Truth in Lending Act) including funds for an

opportunity pool loan in exchange for The College of Westchester providing concessions or promises regarding providing the lender with a specified number of loans made, insured or guaranteed; a specified loan volume of such loans; or a preferred lender arrangement for such loans.

7. Staffing Assistance

The College of Westchester will not request or accept from any lender, guarantor, or servicer of student loans any assistance with call center staffing or financial aid office staffing.

8. Advisory Board Compensation

Employees of the Office of Student Financial Assistance who serve on an advisory board, commission, or group established by a lender, guarantor, or group of lenders or guarantors, are prohibited from receiving anything of value from the lender, guarantor, or group of lenders or guarantors, except that the employee may be reimbursed for reasonable expenses incurred in serving on such advisory board, commission, or group.

Standards of Academic Progress for Federal Title IV Eligibility – Effective 07/01/2011

Federal law and regulation require institutions of higher education to establish, publish and enforce minimum academic standards for the continued receipt of Federal Title IV Financial Aid. Satisfactory Academic Progress is measured by a qualitative standard, whereby students must maintain a minimum Grade Point Average (GPA), and a pace standard, whereby students must earn a percentage of credits attempted. Failure to maintain academic performance in compliance with these standards will result in academic action, including warning, probation and/or suspension/dismissal from the college. Students receiving federal aid must complete their degrees/certificates within 150% of the normal time for completion. For example, a student may not attempt more than 180 credits to earn the 120 credits needed for the Bachelor's Degree, nor attempt no more than 99 credits to earn the 66 credits for the Associate's Degree. Please see the chart below for Standards of Academic Progress to maintain Federal Title IV Eligibility:

Day College

Associate Degree (66 credits)			Bachelor Degree (120 credits)			Certificate Program (36 credits)			Certificate Program (48 credits)		
Credits Attempted	Minimum cumulative GPA required	Minimum Pace (quantitative component)	Credits Attempted	Minimum cumulative GPA required	Minimum Pace (quantitative component)	Credits Attempted	Minimum cumulative GPA required	Minimum Pace (quantitative component)	Credits Attempted	Minimum cumulative GPA required	Minimum Pace (quantitative component)
0 – 6	0.00	0%	0 – 6	0.00	0%	0 – 6	0.00	0%	0 – 6	0.00	0%

Impact of Grades on SAP Eligibility for Federal Title IV Aid

A, A-, B+, B, B-, C+, C, C-, D, IC, P, PASS and S grades are considered as attempted and earned credit hours. Grades F, UF, FR, and FAIL, are considered as attempted, but not earned and will negatively count toward the student's grade point average. A grade of WD does not impact the GPA; however, it does negatively impact completion. A grade of U does not impact the GPA; however, it does negatively impact completion.

Incomplete courses (grade of I or INC) are considered as attempted until a final grade is posted. A grade of I and INC is calculated as an equivalent to an F grade until a final grade is posted. Students are required to request a re-evaluation of SAP after successful completion of an incomplete course. Developmental courses in Basics of Math and Basics of Communications counted as part of the SAP requirement in terms of attempted and earned for Federal Title IV purposes.

Grades and Impact on SAP Chart

Grade	Impact on GPA	Impact on Pace (Completion Rate)
A	Positive	Positive
A-	Positive	Positive
B+	Positive	Positive
B	Positive	Positive
B-	Positive	Positive
C+	Positive	Positive
C	Positive	Positive
C-	Positive	Positive
D	Positive	Positive
F	Negative	Negative
FR	Negative	Negative
I	Negative	Negative
UF	Negative	Negative
IC	No impact on GPA	Positive
P	No impact on GPA	Positive
S	No impact on GPA	Positive
U	No impact on GPA	Negative
WD	No impact on GPA	Negative
AUD	No impact on GPA	N/A
DP	No impact on GPA	N/A
EX	No impact on GPA	N/A
FAIL	No Impact on GPA	Negative
INC	No Impact on GPA	Negative
PASS	No Impact on GPA	Positive
TO	No impact on GPA	N/A
*TR	No impact on GPA	See asterisk below

All transfer credits will count as credits attempted and credits earned, but will not count in the GPA calculation.

Evaluation of Academic Progress for Federal Title IV recipients

Students will be evaluated at the end of each payment period; for Day College, at the end of each 15 week semester, for Evening/Saturday College and Online Division, at the end of each 9 week term.

Satisfactory Academic Progress Federal Title IV Eligibility/Financial Aid Warning

Students who do not achieve a cumulative grade point average (GPA) of at least a 2.0 at the end of a semester/term, will automatically go on Financial Aid Warning. Students that have less than a cumulative GPA of a 2.0 two semesters in a row will automatically lose Title IV eligibility. Student that have less than a cumulative GPA of a 2.0 two terms in a row will be evaluated and may possibly lose Title IV eligibility. A student who fails

to achieve the academic standards outlined previously will be placed on Financial Aid Warning. Students on Financial Aid Warning will continue to receive Federal Title IV assistance for one payment period, no appeal or other action is required. Students must achieve the minimum standards by the end of the financial aid warning period (one semester or term) in order not to jeopardize future Federal Title IV funding.

Satisfactory Academic Progress Federal Title IV Eligibility/Financial Aid Probation

A student who subsequently does not achieve the minimum academic standards after the Financial Aid Warning period will be placed on Financial Aid Probation. Financial Aid Probation requires an approved written appeal from the student to the Director of Student Financial Services. An approved appeal must indicate the special circumstance, i.e., death of a relative, student injury or illness, other special circumstance that has caused why the student failed to meet SAP, and what has changed that will allow the student to demonstrate SAP progress at the end of the next evaluation period. The student may continue to receive Federal Title IV assistance for one payment period. Only one SAP appeal per student is permitted.

Loss of Federal Title IV Eligibility

Students who are dismissed or suspended from The College of Westchester for any reason are ineligible from receiving financial aid. Students who do not meet the Satisfactory Academic Progress (SAP) Standards for Financial Aid eligibility as of the end of the SAP Warning period will be ineligible for financial aid until they are again in full compliance with the SAP policy for Federal Title IV Aid.

Appeal/Reinstatement of Federal Title IV Eligibility/Financial Aid

Students have the right to appeal a loss of financial aid eligibility when they have mitigating circumstances beyond their control that resulted in deficiencies that could not be made up while on SAP Probation. Such circumstances include the student's injury or illness, death of a relative, or other special circumstances. In cases where the student and/or student's family lives in an area that has been officially declared a National Disaster Area, an appeal may be filed. Proof of such

special circumstances will be required. Appeals for reinstatement of financial aid are the responsibility of the student and must be in writing and submitted to the Director of Student Financial Services at The College of Westchester no later than the end of the add/drop period or the drop period for Online Division. The appeal must specifically reflect the unique circumstances that pertained to the student; state why the student failed to make SAP and what has changed that will allow the student to make SAP at the next evaluation. In addition, the appeal must also include supporting documentation. Appeals are granted only once. All appeals must be approved before financial aid can be reinstated. If an appeal is NOT approved, the student is ineligible to receive financial aid, but may pursue participating in The College of Westchester's payment plan through the Student Accounts Office. Students should be prepared with other resources to pay all educational expenses. If during this time the student is on a payment arrangement and regains SAP, financial aid may be reinstated upon final review by the Director of Student Financial Services. It is the student's responsibility to request a review of SAP to regain financial aid eligibility.

Readmit/Restart Policy for Financial Aid

A student who has been successfully readmitted to the College and is a Federal Student Financial Aid Federal Title IV recipient must have a cumulative GPA of a 2.0 and be at the appropriate pace of completion toward the desired degree for financial aid consideration. If the student does not meet the minimum standards, the student will be placed on Financial Aid Warning. While on Financial Aid Warning, the student will continue to receive Federal Title IV assistance for one payment period; no appeal or other action is required. Students must achieve the minimum standards by the end of the Financial Aid Warning period (one semester or term) to maintain Federal Title IV funding.

A student who is not meeting minimum standards and has lost Federal Title IV Funding has the right to appeal. An approved appeal must indicate the special circumstance, i.e., death of a relative, student injury or illness, other special circumstance that has caused the student to fail to meet Satisfactory Academic Progress (SAP), and what has changed that will allow the student to demonstrate SAP progress at the end of the next evaluation period. Supporting documentation is required. The appeal should be sent to the Director of

Student Financial Services. If the appeal is approved, the student will be notified in writing within 5 business days of receipt of the appeal and the student will be placed on Financial Aid Probation. The student may continue to receive Federal Title IV assistance for one payment period. Consequently, if the appeal is denied, the student will be notified in writing within 5 business days of receipt of the appeal. Only one SAP appeal per student is permitted. For further information, please contact the Director of Student Financial Services.

Students applying for readmission/restarting to The College of Westchester are eligible for financial aid if: (1) they meet the SAP standards in effect at the time of readmission/restarting; or (2) their appeal is approved based on mitigating circumstances.

New York State Tuition Assistance Program (TAP)

Application Procedure

Student must be a U.S. citizen or eligible non-citizen; student must have established legal residence in New York State 12 months prior to the beginning of the semester or term; student must be enrolled and matriculated in a program for at least 12 credits and must satisfy Academic Pursuit and Progress (see chart below in Satisfactory Academic Progress and Pursuit Responsibilities of TAP Recipients).

New York State TAP eligibility is a need based grant and is determined by student/spouse or student/parent information provided on the Free Application for Federal Student Aid (you must complete the FAFSA) and New York State tax information. Awards range from \$500 to \$5000 and are determined by New York State. The student will receive an award certificate from NYSHESC. CW must be listed on the certificate. Please use the following TAP codes for the appropriate division when applying for TAP:

- 7124 Day College Associate Program
- 7121 Evening/Saturday College Associate Program
- 6124 Day College Bachelor Program
- 6121 Evening/Saturday College Bachelor Program
- 6122 Bachelor Degree Online Program
- 7131 Associate Degree Online Program

Satisfactory Academic Progress & Pursuit Responsibilities of TAP Recipients

TAP payments will be suspended for any student who fails to maintain good academic standing.

Associate’s Degree and Certificate Programs/Semester Calendar (2006 Standards) – applies to student’s first receiving aid in 2007-08 through and including 2009-10:

Before being certified for this payment	First	Second	Third	Fourth	Fifth	Sixth
A student must accrue at least this many credits	0	3	9	18	30	45
With at least this grade point average	0	0.5	.75	1.3	2.0	2.0

Bachelor’s Degree/Semester Calendar (2006 Standards) - applies to student’s first receiving aid in 2007-08 through and including 2009-10:

Before being certified for this payment	First	Second	Third	Fourth	Fifth	Sixth	Seventh	Eighth	Ninth	Tenth
A student must have accrued at least this many credits	0	3	9	21	33	45	60	75	90	105
With at least this grade point average	0	1.1	1.2	1.3	2.0	2.0	2.0	2.0	2.0	2.0

Associate’s Degree and Certificate Programs/Semester Calendar (New Standards) – applies to student’s first receiving aid in 2010-11 and thereafter:

Before being certified for this payment	First	Second	Third	Fourth	Fifth	Sixth
A student must accrue at least this many credits	0	6	15	27	39	51
With at least this grade point average	0	1.3	1.5	1.8	2.0	2.0

Bachelor’s Degree/Semester Calendar (New Standards) – applies to student’s first receiving aid in 2010-11 and thereafter:

Before being certified for this payment	First	Second	Third	Fourth	Fifth	Sixth	Seventh	Eighth	Ninth	Tenth
A student must have accrued at least this many credits	0	6	15	27	39	51	66	81	96	111
With at least this grade point average	0	1.5	1.8	1.8	2.0	2.0	2.0	2.0	2.0	2.0

Accelerated TAP

Education Law permits an additional “accelerated” TAP payment in an award year, over and above regular annual award, in certain circumstances. To be eligible for and accelerated TAP payment, students must be enrolled full time and must also earn 24 semester hour credits in the prior two semesters at the same institution and applicable to the student’s program of study. Transfer credits cannot be used to meet this requirement. The student must meet the prior study requirement each time an accelerated award is sought.

TAP Payment Points

The New York State Higher Education Services Corporation (NYSHESC) maintains records of student TAP awards by assigning points for each payment. A full semester TAP award equals six (6) payment points. As provided in Education Law, an undergraduate student has a total of four years, or a total of 48 points of award eligibility. For TAP purposes only, Fall I/Fall II is equivalent to one semester and Spring I/Spring II is equivalent to one semester. This equivalency of two terms to one semester does not change the structure of the College’s academic calendar in any way and is recognized for the administration of TAP.

Foreign Credentials for establishing New York State TAP Eligibility

According to amended section 661(4) of Education Law, an applicant for a State award must have a certificate of graduation from a high school in the United States or recognized equivalent i.e., GED. High school credentials from foreign countries are not acceptable. Students who completed their secondary education in another country must successfully pass a federally approved ability-to-benefit test to be eligible.

TAP Waiver

In the context of State student financial assistance programs, there are two types of waivers:

1. **Good Academic Standing Waiver** – The Regulations of the Commissioner of Education permit a waiver of good academic standing requirements in certain circumstances. This waiver provision is for students who failed to make satisfactory academic progress or pursue the program of study, or both in the same term. Section 145-2.2 stipulates that the good academic standing requirements may be waived once for an undergraduate student if an institution certifies, and maintains documentation, that such waiver is in the best interest of the student. A waiver is not automatic and must be approved by The College of Westchester's criteria. Documentation from the student for the waiver will be required and must at a minimum support the mitigating circumstances that prohibited the student from making satisfactory academic progress and pursuit requirements.
2. **C Average Waiver** – Section 661 (4)(b) of the Education Law requires that students achieve a cumulative C average or the equivalent after receiving four semester TAP award payments. The Law also provides that the President of NY State Higher Education Services Corporation may waive the requirement that a student have a cumulative C average or its equivalent for undue hardship based on: (i) the death of a relative of the student; (ii) the personal injury or illness of a student; (iii) other extenuating circumstances. Unlike the Good Academic Standing Waiver, it is possible, should circumstances warrant it, for a student to receive

more than one C Average Waiver. Documentation from the student for the waiver will be required and must at a minimum support the mitigating circumstances that prohibited the student from making satisfactory academic progress and pursuit requirements.

All TAP Waiver requests must be initiated by the student to the Director of Student Financial Services, where the approval or denial will be determined.

Aid for Part-time Study (APTS)

This program is for part-time undergraduate study at participating degree-granting institutions in New York State. For the purpose of this program, part-time study is defined as at least 6 but less than 12 semester hours. The financial aid office at The College selects recipients from among eligible students and determines the actual amount of the award based upon a student's TAP eligibility and the amount of money available. The award cannot be more than the cost of tuition. Students must successfully complete the semester in order to continue to be eligible for the award. For more information please contact the student financial services office.

The College of Westchester Scholarships and Grants

Matching Scholarships

(Freshman and Sophomore only)

Students who have received recognition from an approved outside scholarship program are eligible to have their awards matched by The College of Westchester. Each matching scholarship may not exceed \$2,000 per year.

Eligibility Requirements

- A. Candidates must be full-time students attending Day College and must maintain a cumulative GPA of 3.0.
- B. Students' awards are limited to actual tuition charges at The College of Westchester after all other financial assistance has been awarded.
- C. Students must complete applications for state and federal assistance programs.

D. If the approved outside scholarship is awarded each year, the matching scholarship will be credited to the student's account in the same year. If the approved outside scholarship is awarded in the first year only, the matching scholarship will be matched in the student's second year. This payment should be made directly to The College to ensure the matching award.

Joseph and Julia Sutkowski Memorial Scholarships
(Freshman and Sophomore only)

Students who have graduated from high school with an 80% or better cumulative average or who have completed a minimum of at least 24 credits at a prior college with a 3.0 or better GPA evidenced by an official transcript will be awarded up to \$5,000 which will vary based on credit load. This scholarship is limited to the balance of the student's tuition account after credit for all other scholarships/assistance has been applied. There is no additional application process as awards are based on official transcripts. Student must maintain a cumulative grade point average of 3.0 or better at the end of each academic semester and/or term in order to receive subsequent awards. This scholarship is disbursed per credit at the completion of each academic semester and/or term of enrollment and is used toward tuition only and does not cover fees or textbooks.

Institutional Grants

The College makes available a number of institutional grants for new and continuing students. Grants are awarded based on financial need. Special consideration is given to students in critical need of assistance to continue studies. Up to \$5,000 will vary based on credit load and is disbursed toward tuition only at the completion of each academic semester and/or term.

For complete information on applying for this grant, please contact the office of Student Financial Assistance. Students must re-apply each year. Students must maintain a cumulative grade point average of 2.0 or better at the end of each academic semester and/or term in order to receive subsequent awards.

President's Scholarships

(Freshman and Sophomore in our Day college only)

The College of Westchester will award scholarships ranging up to \$24,000 for an Associate's Degree program. Scholarships are awarded to high school seniors who are accepted to begin studies at The College of Westchester in the fall immediately following high school graduation. Scholarships are awarded based on prior academic performance, future potential and financial need may be considered. Students may not use this scholarship with any other College of Westchester scholarship. President's Scholarships are distributed equally over each academic semester of enrollment and are used toward tuition only and do not cover fees or textbooks. Student must maintain a 3.0 or better cumulative grade point average at the end of each academic semester in order to receive subsequent awards.

Achievement Award

(Freshman and Sophomore only)

This grant is awarded at the discretion of the Achievement Award Committee which carefully considers a student's academic promise and their financial need. Award amounts range up to \$8,000 will vary based on credit load and is disbursed towards tuition only at the completion of each academic semester and/or term. Students must maintain a cumulative grade point average of 2.5 or better in order to receive subsequent awards.

Bachelor's Achievement Scholarship

(Junior and Senior only)

The College of Westchester will award scholarships ranging up to \$15,000. Scholarship awards may be based on prior academic performance, future potential and financial need. Scholarships will be awarded on a per credit basis and will be credited toward tuition only at the completion of the semester and/or term. Student must maintain a 2.5 or better cumulative grade point average at the end of each academic semester and/or term in order to receive subsequent awards.

CW School of Business Scholarship*(Freshman through Senior year for Day College only)*

The College of Westchester will award scholarships ranging up to \$44,000 for a Bachelor's Degree program. Scholarships are awarded to high school seniors who are accepted to begin studies at The College of Westchester in the fall immediately following high school graduation. Scholarships are awarded based on prior academic performance, future potential and financial need may be considered. Students may not use this scholarship with any other College of Westchester scholarship. CW School of Business Scholarships are distributed equally per credit each academic semester of enrollment and used toward tuition only, not for fees or textbooks. Students must maintain a 3.0 or better cumulative grade point average at the end of each academic semester in order to receive subsequent awards.

The College of Westchester Charitable Foundation Scholarship

Awarded annually to students who demonstrate academic promise. Applicants must submit an essay.

Additional College of Westchester Scholarship/Grant Information

All College of Westchester scholarships and grants are applied toward tuition only and not toward books and fees. In the event a student receives any increase in TAP, Federal PELL, FSEOG, FWS or outside scholarship, institutional grants may be reduced. If students leave before completion of the academic term, they may lose their scholarship/grant/award.

Other Scholarship Programs

Periodically the Student Financial Services Staff posts notices announcing corporate and community-based scholarship programs throughout the campus. Application information can be obtained at the Office of Student Financial Services. Students should contact the Director of Student Financial Services for further information.

Early Tuition Discount Program

The College of Westchester offers an Early Tuition Discount Program for all incoming students. To get more information about this program, please contact the New Student Financial Assistance Office for further details.

CW Corporate Partners Tuition Reduction Program

This is a special program for new students who are accepted and enroll after March 1, 2012, who are employees of any Westchester County Association member company, Business Council of Westchester company or any College of Westchester Corporate Partners who hire CW graduates. A special 15% tuition discount will apply after tuition reimbursement and any state or federal financial assistance is applied for any new student enrolling after March 1, 2012. This cannot be combined with any other CW grant or scholarship, and does not include books and fees. This program applies to the main campus and the Online Division. Proof of employment will need to be submitted. Please contact the New Student Financial Assistance Office for further details.

Part-time and Cooperative Opportunities

The College's Career Services administers part-time and cooperative employment opportunities which help students earn money to meet college expenses. Students with advanced skills/knowledge are offered an opportunity to work afternoons at a variety of firms ranging from entrepreneurs to Fortune 500 companies. Advanced students' class schedules are arranged to afford an opportunity to earn money and gain job-related experience relative to career preparation. Additionally, the student has an opportunity to develop important contacts for possible future employment. To determine how you may qualify, contact the Admissions Office if prospective student or Career Services Office if a continuing student.

Company Tuition Reimbursement

Many students who attend college receive tuition reimbursement from their employers. Company plans vary, granting up to 100% tuition reimbursement. Contact your supervisor or the personnel department at your place of employment to determine if your company has such a plan. The Student Accounts Office will help you complete any required forms.

Veterans Benefits

State Programs

The following programs are registered by the New York State Education Department. Enrollment in other than registered programs may jeopardize a student's eligibility for certain aid awards. Where any question of eligibility exists, a student or pending student should see a College Financial Assistance Counselor.

The Montgomery GI BILL – Active Duty – Chapter 30 (MGIB)

The MGIB program provides up to 36 months of education benefits. This benefit may be used for degree and certificate programs, flight training, apprenticeship/ on-the-job training and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following your release from active duty.

You may be an eligible veteran if you have an Honorable Discharge, AND you have a High School Diploma or GED or in some cases 12 hours of college credit, AND you meet the requirements of one of the categories below:

Category I

- Entered active duty for the first time after June 30, 1985
- Had military pay reduced by \$100 a month for first 12 months

- Continuously served for 3 years, OR 2 years if that is what you first enlisted for, OR 2 years if you entered the Selected Reserve within a year of leaving active duty and served 4 years ("2 by 4" Program)

Category II

- Entered active duty before January 1, 1977
- Served at least 1 day between 10/19/84 and 6/30/85, and stayed on active duty through 6/30/88, (or 6/30/87 if you entered the Selected Reserve within 1 year of leaving active duty and served 4 years)
- On 12/31/89, you had entitlement left from Vietnam-Era GI Bill

Category III

- Not eligible for MGIB under Category I or II
- On active duty on 9/30/90 AND separated involuntarily after 2/2/91,
- OR involuntarily separated on or after 11/30/93,
- OR voluntarily separated under either the Voluntary Separation Incentive (VSI) or Special Separation Benefit (SSB) program
- Before separation, you had military pay reduced by \$1200

Category IV

- On active duty on 10/9/96 AND you had money remaining in a VEAP account on that date AND you elected MGIB by 10/9/97
- OR entered full-time National Guard duty under title 32, USC, between 7/1/85, and 11/28/89 AND you elected MGIB during the period 10/9/96, through 7/8/97
- Had military pay reduced by \$100 a month for 12 months or made a \$1200 lump-sum contribution

The monthly benefit paid to you is based on the type of training you take, length of your service, your category, and if Department of Defense (DOD) put extra money in your MGIB Fund (called "kickers"). You usually have 10 years to use your MGIB benefits, but the time limit can be less, in some cases, and longer under certain circumstances.

The current maximum monthly benefit is.....	\$1,473.00
Three Quarters.....	\$1,104.75
Half-Time.....	\$736.50

You may apply by filling out VA Form 22-1990, Application for Education Benefits or visiting the Veterans Certifying Official at the College located in the Student Financial Services Office.

The Post-9/11 GI Bill

The Post-9/11 GI Bill provides financial support for education and housing to individuals with at least 90 days of aggregate service on or after September 11, 2001, or individuals discharged with a service-connected disability after 30 days. You must have received an honorable discharge to be eligible for the Post-9/11 GI Bill.

- Tuition & fees directly to the school not to exceed \$17,500 per academic year. A monthly housing allowance is provided based on rate of pursuit and the Basic Allowance for Housing for an E-5 with dependents at the location of the school.
- An annual books & supplies stipend of \$1,000 paid proportionately based on enrollment.
- A one-time rural benefit payment for eligible individuals.
- This benefit is payable only for training at an Institution of Higher Learning (IHL) If you are enrolled exclusively in online training you will not receive the housing allowance. If you are on active duty you will not receive the housing allowance or books & supplies stipend. This benefit provides up to 36 months of education benefits, generally benefits are payable for 15 years following your release from active duty.
- Some service members may be eligible to transfer their benefit to their dependents.

Applications and more information can be obtained on the Veteran Affairs Website at www.va.gov.

The Montgomery GI BILL – Selected Reserve – Chapter 1606 (MGIB-SR)

The MGIB-SR program may be available to you if you are a member of the Selected Reserve. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve and Coast Guard Reserve, and the Army National Guard and the Air National Guard. This benefit may be used for degree and certificate programs, flight training, apprenticeship/on-the-job training and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances. It is the first program that does not require a person to serve on active duty in the regular Armed Forces to qualify.

You may be considered an eligible reservist or National Guard member if:

- After June 30, 1985, you signed a six year obligation to serve in the Selected Reserve, AND
- You completed your Initial Active Duty Training (IADT), AND
- You received your High School Diploma or GED before you completed your IADT, AND
- You are in good standing in a drilling Selected Reserve Unit.

If you stay in the Selected Reserves, benefits generally end 10 years from the date you become eligible for the program if you became eligible before October 1, 1992. Benefits generally end 14 years from the date you became eligible on or after October 1, 1992. Your period of eligibility may be extended, if you were unable to train because of a service-related disability. Typically, your eligibility ends when you leave the Selected Reserves. The monthly benefit paid to you is based on the type of training. If you are attending school, your payment is based on your training time (i.e. full-time, half-time, etc). The current full-time rate for college training is \$345 per month.

New York State Veterans Tuition Awards

(VTA) are awards for full-time study and part-time study for eligible veterans matriculated at an undergraduate or graduate degree-granting institution or in an approved vocational training program in New York State.

Eligible Veterans

Eligible students are those who are New York State residents discharged under honorable conditions from the U.S. Armed forces and who are:

- Vietnam Veterans who served in Indochina between February 28, 1961 and May 7, 1975.
- Persian Gulf Veterans who served in the Persian Gulf on or after August 2, 1990.
- Afghanistan Veterans who served in Afghanistan during hostilities on or after September 11, 2001.
- Veterans of the armed forces of the United States who served in hostilities that occurred after February 28, 1961 as evidenced by receipt of an Armed Forces Expeditionary Medal, Navy Expeditionary Medal or a Marine Corps Expeditionary Medal.

These students must also:

- Establish eligibility by applying to New York State Higher Education Services Corporation (NYSHESC) at www.hesc.com.
- Be New York State residents.
- Be US Citizens or eligible non-citizens.
- Be matriculated full or part-time at an undergraduate or graduate degree-granting institution in New York State or in an approved vocational training program in New York State.
- Have applied for the Tuition Assistance Program for full-time undergraduate or graduate study.

Award Amounts

- For full-time study, a recipient shall receive an award of up to the full cost of undergraduate tuition for New York state residents at the State University of New York, or actual tuition charged, whichever is less. Full-time study is defined as twelve or more credits per semester (or the equivalent) at a degree-granting institution, or twenty-four or more hours per week in a vocational training program.
- For part-time study, awards will be prorated by credit hour. Part-time study is defined as at least three but fewer than twelve credits per semester (or the equivalent) at a degree-granting institution, or six to twenty-three hours per week in a vocational training program.

2012 – 2013 Awards

For the 2012-13 academic year, awards will be set at 98% of tuition or \$5,295, whichever is less. If a Tuition Assistance Program (TAP) award is also received, the combined academic year award cannot exceed tuition. Thus, the TAP award may be reduced accordingly.

Duration

Full-time Study

- *Undergraduate Degree* – Granting Programs – Awards are available for up to eight semesters (four years) of undergraduate study. Awards can be made available for up to ten semesters of undergraduate study for enrollment in an approved five-year program or for enrollment in an approved program of remedial study.
- *Graduate Degree* – Granting Programs – Awards are available for up to six semesters (three years) of graduate study.

- *Vocational Training Programs* – Awards are available for up to a maximum of four semesters (two years) of study in an approved vocational training program.

Part-time Study

- *Undergraduate Degree* – Granting Programs – Awards are available for up to the equivalent of eight semesters (four years) of full-time undergraduate study in a four-year program. Awards can be made available for up to the equivalent of ten semesters (five years) of full-time study for enrollment in an approved five-year undergraduate program which normally requires five academic years of full-time study.
- *Graduate Degree* – Granting Programs – Awards are available for up to the equivalent of six semesters (three years) of full-time graduate study.
- *Vocational Training Programs* – Awards are available for up to a maximum of eight semesters (four years) of part-time study in an approved vocational training program.

Approved programs are defined as undergraduate degree, graduate degree, diploma, and certificate programs at degree-granting institutions, or noncredit vocational training programs of at least 320 clock hours specifically approved by the New York State Division of Veterans' Affairs Bureau of Veterans Education.

Questions regarding eligible service or how to document service should be directed to the Certifying Veterans Official at the College or the HESC Scholarship Unit at 1-888-697-4372.

Undergraduate and Graduate Full-time & Part-time Study apply for payment by doing the following:

- Apply online by completing the Free Application for Federal Student Aid (FAFSA) – the form used by most colleges, universities and vocational schools for awarding federal student aid and most state and college aid – and then linking to the TAP on the Web application, or
- For veterans who do not anticipate filing a FAFSA, complete a Scholarship Grant Application. For a copy of the application visit your Veterans Certifying Official located in the Student Financial Services Office.

All applications must be completed by May 1 of the academic year for which an award is sought.

Survivors' and Dependents' Educational Assistance Program – Chapter 35

Survivors' & Dependents' Educational Assistance is an educational benefit for eligible spouses and children of certain veterans. Eligible persons can receive up to 45 months of full-time or equivalent benefits. To be eligible for Survivors' & Dependents' Education Assistance you must be the son, daughter or spouse of:

- A veteran who died, or is permanently and totally disabled, as the result of a service-connected disability. The disability must arise out of active service in the Armed Forces.
- A veteran who died from any cause while such service-connected disability was in existence.
- A service member missing in action or captured in the line of duty by a hostile force.
- A service member forcibly detained or interned in the line of duty by a foreign government or power.
- A service member hospitalized or receiving outpatient care for a VA determined service-connected permanent and total disability may be eligible for DEA benefits (effective Dec. 23, 2006).

Spouses and surviving spouses have 10 years from the date that the VA establishes eligibility to use the benefit. Surviving spouses of veterans that died while on active duty have 20 years from the date of the veteran's death to use the benefit. Benefits can't be paid before December 10, 2004 for anyone whose 10 year period ended prior to that date. Children may use the benefit while they are between the ages of 18 and 26.

The amount that VA pays is based on the type of training program and training time (i.e. full-time, half-time, etc). Benefits are paid monthly and in arrears. The VA pays \$957 a month for full-time training or a full month at a college or university. If attendance is less than a month or less than full-time, payments are reduced proportionately.

Vocational Rehabilitation and Employment Program – Chapter 31 (VR&E)

The Vocational Rehabilitation and Employment (VR&E) Program is authorized by Congress under Title 38, Code of Federal Regulations, Chapter 31. It is sometimes referred to as the Chapter 31 program.

To receive an evaluation for VR&E services, a veteran must:

- Have received, or will receive, a discharge that is other than dishonorable.
- Have a service-connected disability rating of at least 10%.
- Submit a completed application for VR&E services.

The basic period of eligibility in which VR&E services may be used is 12 years from the latter of the following:

- Date of separation from active military service, or
- Date the veteran was first notified by VA of a service-connected disability rating.

A veteran who is eligible for an evaluation under Chapter 31 must complete an application and meet with a Vocational Rehabilitation Counselor (VRC). If the VRC determines that an employment handicap exists as a result of a service-connected disability, the veteran is found entitled to services. The VRC and the veteran will then continue counseling to select a track of services and jointly develop a plan to address the rehabilitation and employment needs of the veteran.

Reserve Educational Assistance Program (REAP) Chapter 1607 (REAP)

REAP provides up to 36 months of education benefits to members of the Selected Reserves, Individual Ready Reserve, and National Guard, who are called or ordered to active service in response to a war or national emergency as declared by the President or Congress.

Eligibility will be determined by the Department of Defense or the Department of Homeland Security as appropriate. Generally, a member of a reserve component who serves on active duty on or after September 11, 2001 under Title 10, US code, for at least 90 consecutive days under a contingency operation is eligible for REAP. There is no specific time frame to use REAP, however, your eligibility generally ends when you leave the Selected Reserves.

National Guard members are eligible if their active service extends for 90 consecutive days or more and their service is authorized by the President or Secretary of Defense as a national emergency and supported by federal funds.

The educational assistance allowance payable under REAP is a percentage of the Montgomery GI Bill – Active Duty (MGIB) rate based on the number of consecutive days served on active duty.

The Yellow Ribbon Program

The Yellow Ribbon GI Education Enhancement Program (Yellow Ribbon Program) is a provision of the Post 9/11 Veterans Educational Assistance Act of 2008. This program allows institutions of higher learning (degree granting institutions) in the United States to voluntarily enter into an agreement with VA to assist VA students in funding tuition expenses.

Military members are welcome at The College of Westchester, online and at our main campus. We are a Yellow Ribbon participant, offering up to \$6000 a school year in supplemental funding to those military members that qualify for the full Post-911 benefit. Visit www.gibill.va.gov for additional information on the Yellow Ribbon Program or other benefits. Also, for further information on what you specifically may qualify for based on length of service, please visit the VA website at www.va.gov.

Student Activities and Support Services

The College of Westchester offers an array of support services designed to help students achieve their fullest potential for growth.

Orientation for New Students

At Orientation, new students meet members of The College of Westchester's staff, faculty, and administration, and Student Success Coaches, in addition to meeting fellow students. Students have the opportunity to discuss their programs of study, college policies, and college services available to help them succeed.

Student Success Coaching

Each new student is assigned a Student Success Coach, a trained professional, who oversees the student's success and progress at the College. The student success coach meets with each student in a group several times per semester/term during the Transformative Learning class. In addition, coaches meet with students in a one-on-one meeting to help them further understand their academic and personal goals. Coaches carefully monitor and support each of their students throughout their college experience.

Academic Advising

The Academic Center is the centralized advising office serving Day, Evening and Saturday College, and Online Division students. The academic advising program is designed to ensure accurate information regarding degree requirements and graduation, to promote positive and productive faculty and student relationships, and to aid in student retention. Advisors discuss the students' academic progress as well as any other concerns or questions about achieving goals and success at The College of Westchester. Academic advisors can also assist students in appropriate referrals to other departments, including The Counseling Center, the Office of Student Financial Services, Career Services, and The Learning Center. While each student is assigned an academic advisor upon enrollment, students are free to consult with any available advisor as the professional advising staff are proficient in advising across all majors.

The Counseling Center

The Counseling Center is where students can go to discuss any personal or emotional issues. Services are free and include individual counseling, group counseling, and crisis intervention. The Counseling Center serves as a resource to assist students in developing to their potential. The Center is operated by mental health and social work staff that are available to talk with students confidentially and make appropriate referrals when necessary.

The Learning Center

The goal of The Learning Center is to provide students with academic assistance required for success in their coursework. The Center is equipped with fifteen (15) laptop computers with all course-relevant software. One-on-one tutoring is conducted by professional academic tutors and peer tutors with the understanding that students have different learning styles that must be addressed with professionalism and patience.

Campus Cruiser Portal

The Campus Cruiser portal is a centralized, hosted application platform providing integrated access to a wide variety of essential information and applications. The Portal (which has been branded as the "My CW" Portal) provides "personal tools" for students including a customizable portal page, e-mail, bookmarks (web links), the ability to store and access files from any internet-enabled computer, and more. Each student's default Dashboard page provides access to web pages for every office in CW, where they can locate office hours, contact information, key personnel, event information, shared files, and other information. Students can also view pages for Student Clubs and request to join clubs through the Portal. The Portal's Campus (Home) Page is updated almost daily with Campus News. The Portal also includes the Cruiser Alert application, which provides Emergency Notification and Messaging via text messaging, e-mail, and voice. A suite of custom tools is delivered via the Portal which provide tools for student account management, academic information, grades, class schedules, and more.

Services to Students with Disabilities

The College of Westchester seeks to provide students with disabilities with the support services and other reasonable accommodations and adheres to the provisions of the Americans with Disabilities Act (ADA). The student has an obligation to self-identify that he/she has a disability and needs accommodation. The student must submit medical documentation which has been completed by a physician, psychologist, or learning disabilities specialist to establish the existence of the disability and the need for specific accommodations. The documentation cannot be older than one year and The College can require an annual medical update. Once the documentation has been received by the Dean of Student Academic Services (Day College) or by the Associate Dean of Evening/Saturday College, the Committee on Disabilities will review it and make the determination regarding accommodations which may be provided. The student is required to meet with the appropriate dean to review the accommodation plan.

Library

The College of Westchester Library, <http://library.cw.edu>, provides access to a wide variety of information resources in order to meet the research needs of students, faculty, and staff. The Library offers online answers to questions submitted on the Meebo chat window on the front page of the Library website. We also provide quick answers by text. Users need to send their text messages to 66746 and begin the question with CWL. The library's electronic database subscriptions include core academic vendors such as Mergent, Hoovers, Academic Search Elite, ABI/Inform, Business Source Elite, Medline, Lexis Nexis and more. In addition to database availability throughout the campus, the Library databases can be accessed remotely by CW students, faculty and staff, anywhere an Internet connection can be found (in or out of state). The Library Blog at <http://cwlibrarynews.blogspot.com> provides Library news, hours, an online Lost and Found and Web links to outside scholarship information and student resources. Librarians regularly visit classes to provide introductory or course specific research techniques utilizing both print and electronic resources. The library provides a welcoming environment with comfortable spaces for individual and

group study. Users will find state of the art computer workstations with the latest software and full range of multimedia capabilities. Printing is free. All professional library staff have Masters degrees accredited by the American Library Association. In addition, College identification cards for students, faculty and staff are created in the Library on demand in under 5 minutes.

The Testing Center

The Testing Center, located on the second floor, offers a wide variety of services for The College community. Admissions and academic assessments assure proper course placement for applicants and students. Students can also schedule test outs and makeup exams with the approval of advising and/or instructional staff. In support of our office technology curricula, CW's Testing Center is a member of the world-wide Certiport network. Microsoft certifications (based on globally recognized standards) demonstrate computing skills and help advance career goals in a competitive job market. In support of the Allied Health curricula, the Testing Center is a certified PearsonVue testing site offering the Registered Medical Assistant certification exam from the American Medical Technologists. The Testing Center is also an approved testing site for the National Healthcareers Association offering certification exams in medical assisting and in medical billing and coding. Professional, certified test administrators and technical support staff are available to assist in all aspects of certification testing.

Bookstore

Textbooks, workbooks, College apparel, assorted food items, and various stationery items may be purchased from the Bookstore during scheduled hours of operation. (Sales taxes are included in textbook charges.) A wide variety of school related items, such as notebooks, highlighters, computer books, locks and calendars are also available. The Online Bookstore is available for students to order textbooks and workbooks for Online Division programs.

Student Activities

Recognizing the need for the social, cultural, and academic development of the individual, The College of Westchester offers a wide range of activities to meet

the needs and interests of the entire student body. Students directly participate in selecting, planning and implementing social and cultural events. All students are encouraged to participate in the activities of their choice, and membership in all clubs and organizations is open to all students regardless of race, religion, sex, national origin, handicap or sexual orientation.

Student Government Association

The Student Government Association (SGA) exists to support and stimulate the academic, cultural, social, and physical welfare of all students at The College of Westchester and serves to make decisions on behalf of the entire student body. Comprised of a committee of equal participants, any student with the necessary commitment, interest, and time may be a member of the SGA. The SGA represents the best interest of students by sharing student concerns with The College administration, serving as a source for student representation on College-wide committees, recommending student activities, managing student events, and supporting official College programs, initiatives, and functions. The SGA is highly regarded by both faculty and students. It gives students the opportunity to exercise leadership, express opinions, and work together toward achieving common goals. In addition to student organizations, The College of Westchester provides students with the opportunity to participate in a number of other activities. Every year, students enjoy such activities as holiday parties, the student/faculty/staff softball game, Club Days, extracurricular trips, and special events during Black History Month (February), Women's History Month (March), and Hispanic History Month (September). Furthermore, throughout the calendar year, students can involve themselves in community service projects such as participating in non-profit organizations' walk-a-thons, blood drives, and food/clothing campaigns for the poor and homeless.

SGA Newspaper – Student Voices

Published each semester, the SGA newspaper, Student Voices, is comprised of articles, photographs, and art work submitted solely by Day, Evening, and Saturday College students about all aspects of students' lives. All students are encouraged to participate.

Student Clubs

Activities for individual clubs can fluctuate each semester depending upon the participation of student leadership and membership.

The Accounting Society

The Accounting Society is geared toward students considering a career in accounting or interested in the subject area. Activities include discussions of various employment opportunities, tutoring students who need extra help in accounting or math, field trips, business lunches and guest speakers.

Allied Health Club

Students interested in the medical fields are encouraged to participate in this club, including study groups, field trips, guest speakers, and an annual health fair that serves to further develop understanding and build camaraderie in the business of healthcare.

Animation Club

Geared to students who want to create and learn more about animation, members will participate in a kind of extracurricular animation studio with opportunities to try such different roles as animator, writer, director, character and layout designer, and voice actor. Ultimately the club will sponsor animation festivals each semester where the club's work can be shared with the entire CW community.

Basketball Team

The CW Warriors Men's Basketball Team, which plays in a White Plains sports league, is supported by faculty/staff coaches and student managers. Try-outs take place in November and the team practices and plays weekly from December through March. Strict adherence to academic standards is followed as all players must remain academically eligible to play and remain on the CW Basketball Team. Family, friends, classmates, faculty, and staff have supported their past endeavors, cheering them on to a victorious season. Team members who earn a 3.5 grade point average, attend a minimum of eighty-five percent of all their classes, and adhere to the signed Student-Athlete Agreement will be nominated for the CW Student Athlete of the Semester award.

Caribbean Student Association

The mission of the Caribbean Student Association is to provide a forum for students who have a strong interest and passion for sharing their Caribbean culture and heritage with other people and collectively learning the culture, food, music, and nationality of other Caribbean countries. The Caribbean Student Association exists to provide a place where members can meet to share ideas, skills, and experiences in a positive learning and recreational environment.

Creative Evolution (Fashion Club)

Creative Evolution offers students who have a strong interest and passion for the fashion industry to collectively generate activities related to fashion creativity, style, and business. The club exists to provide a place where members can meet to share ideas, skills, and experiences in a positive learning and recreational environment.

The Digital Media Club

The Digital Media Club provides opportunities for students who are interested in computer technology to explore the field and related activities of Digital Media. Activities include computer game competitions, discussions of various employment opportunities, field trips, guest speakers and special projects.

Just Dance Crew

The Just Dance Crew fuses hypnotic Latin rhythms and a blend of distinctive dance forms to provide students with an exciting, healthy, safe and motivating way to get in shape and stay fit. The mission is to build an interest in each student to take care of themselves and stay in shape while going to school and having busy lives. Aside from weekly sessions the Just Dance Crew performs at college events.

Network Technologies Association

This group provides a community for students interested in Information Technologies to gather and exchange ideas and to learn more about the field, as well as to socialize with others who share a common interest. The association also sponsors the "P.C. Doctor" which offers reasonably priced computer services throughout The College.

The Poetry Club

This club was created to give students an opportunity to further develop their skills of reading, writing, and sharing the written word, both their own and other writers. It offers students the opportunity to strengthen their communication skills in a productive and stress-free environment, further preparing them for success in the workforce and encouraging self expression.

Alumni Association

Maintaining close ties with our alumni is an important goal of our college. We encourage graduates to remain active by gathering with fellow graduates for recreational outings, serving on an alumni steering committee, speaking to The College of Westchester classes, becoming involved in our internships program, and attending alumni meetings. Lifetime placement is also available to alumni and many of our alumni take advantage of this service.

Voter Registration

The College of Westchester distributes and makes widely available a mail voter registration form to each student enrolled at The College by electronically transmitting to each student a message containing an acceptable voter registration form or an internet address where that form can be downloaded.

Academic Excellence Initiatives: Recognizing Academic Excellence

Honors Program – (Associate's Degree)

The Honors Program for Associate's Degree students at The College of Westchester offers an enriched course of study for exceptional students. Eligibility is based upon performance in high school or college and a personal essay. To qualify a student must have a high school and/or college grade point average of 3.0 or better. Students accepted into the Honors Program will complete three Honors Projects while pursuing their degree. Students may complete a special project, paper, other research beyond the regular coursework outlined in the course syllabus, or successfully complete the course, *Empirical Research Method & Project Design*. Honors Program students may also participate in community service

for an Honors Project. Students must maintain a grade point average of 3.0 in order to maintain membership in the Honors Program. Honors Program graduates wear a stole over their gowns at Commencement.

Honors Research Seminar

(Bachelor of Business Administration Degree)

The Honors Research Seminar for B.B.A. students is designed to introduce high-achieving BBA students to research. This credit-bearing course provides select students with an opportunity to conduct original research under the supervision of a faculty researcher. BBA students will learn about the academic research process through presentations, guest lectures and research assignments. At the conclusion of the seminar, student researchers will showcase their research projects at college-sponsored colloquia. Eligibility includes junior status, a minimum 3.5 grade point average, demonstrated research ability, and recommendations from BBA faculty.

Phi Theta Kappa

Phi Theta Kappa is not only recognized as the official honor society for two-year colleges by the American Association of Community Colleges but is the largest honor society in American higher education. Beta Pi Gamma, The College of Westchester's chapter of Phi Theta Kappa, inducts members semi-annually and eligibility is based on outstanding academic achievement with a minimum of a 3.5 grade point average. Membership in Phi Theta Kappa is a valuable addition to the college experience and offers students more than \$36 million in transfer scholarships.

Sigma Beta Delta

The purposes of Sigma Beta Delta are to encourage and recognize scholarship and achievement among students of business, management and administration, and to encourage and promote personal and professional improvement. Membership in Sigma Beta Delta is the highest international recognition a business student can receive at a college or university with a Sigma Beta Delta chapter. To be eligible for membership, a business student must rank in the upper 20 percent of the junior or senior class and be invited to membership by the faculty officers. Members are eligible to compete for the Society's various annual fellowship awards.

The College of Westchester Newsletter

The College of Westchester publishes a newsletter several times during the year to keep the student body and the community informed of the accomplishments of the students and alumni.

Security Report 2011 (Based on 2010 Statistics)

The College of Westchester is proud of its excellent record of keeping our campus as crime free as possible. Our entire College community assists in this process of keeping the campus a safe place to attend classes and to work. This Security Report is mandated by the United States Department of Education in accordance with the Student Right-to-Know and Campus Security Act of 1992. In compliance with this mandate, we have compiled this report to keep our campus community aware of important policies, procedures, and statistics. All colleges in the United States are required to compile and distribute these statistics via publication.

Campus Crime Statistics

According to the Campus Crime and Security Act, The College of Westchester is required to provide statistics on: occurrences on campus concerning criminal offenses reported to local police agencies and to the Public Safety Office; statistics for drug, alcohol, and weapons arrests on campus as reported to local police agencies and to the Public Safety Office; and data provided by the City of White Plains Police Department regarding criminal offenses surrounding the campus area. This area is defined as follows: all of Central Avenue from the municipal parking lot (located on the corner of Central Avenue and Tarrytown Road) to the bus stop which is located on Central Avenue and Chatterton Avenue (up to 376 Central Avenue; all of Fulton Street from Cross Street to Aqueduct Road, Chatterton Avenue (from 139-185) and Robertson Avenue (from 107 to 135).

In 2010, on the property surrounding the campus, the City of White Plains Police Department reported that there was one aggravated assault, one forcible & nonforcible misconduct offense, and one drug abuse violation. Statistics for 2011 will be available in October 2012 and located on The College's website at http://library.cw.edu/student_resource.html and also Campus Cruiser at <http://cruiser.cw.edu> on the Academic Center page. Prospective students may request a copy of the report from the Dean of Student Academic Services.

Campus Crime Statistics – 2008-2010**Table One:** *Offenses on Campus Property*

Offense	2008	2009	2010
Murder	0	0	0
Manslaughter	0	0	0
Forcible & Nonforcible	0	0	0
Sexual Assault	0	0	0
Robbery	0	0	0
Aggravated Assault	0	0	0
Burglary	0	1	0
Motor Vehicle Theft	0	0	0
Arson	0	0	0
Crimes of Prejudice	0	0	0

Table Two: *Statistics for Drug, Alcohol, and Weapons Arrests on Campus*

Arrests Related To:	2008	2009	2010
Liquor law violations	0	0	0
Drug abuse violations	0	0	0
Weapons possessions	0	0	0

Table Three: *Arrests as reported by the City of White Plains Police Department on property surrounding the campus defined as: all of Central Avenue from the municipal parking lot (located on the corner of Central Avenue and Tarrytown Road) to the bus stop (located on Central Avenue and Chatterton Avenue (up to 376 Central Avenue), all of Fulton Street from Cross Street to Aqueduct Road, Chatterton Avenue (from 139 – 185), and Robertson Avenue (from 107 – 135).*

Offense	2008	2009	2010
Murder	0	0	0
Manslaughter	0	0	0
Forcible & Nonforcible	0	1	1
Sexual Assault	0	0	0
Robbery	0	1	0
Aggravated Assault	0	1	1
Burglary	0	0	0
Motor Vehicle Theft	0	1	0
Arson	0	0	0
Crimes of Prejudice	0	0	0

Table Four: *Statistics for Drug, Alcohol, and Weapons Arrests on Property Surrounding the Campus*

Arrests Related To:	2008	2009	2010
Liquor law violations	0	0	0
Drug Abuse violations	4	3	1
Weapons possession	0	0	0

Monitoring of Off Campus Locations

The College of Westchester does not recognize any off-campus student organizations and therefore does not monitor such off-campus activity.

Description of Campus Security Programs

A variety of crime prevention information is available to students and employees. Student information is provided through their Transformative Learning course, new student orientation, and the student handbook. Employee information is available in the employee handbook and through various publications made available to the employees. Related programs on sexual assault, alcohol and drug abuse are available through various community organizations. These include the Bureau of Sex Crimes Analysis, Al-Anon, Alateen, Alcoholics Anonymous, and Daytop Village. The address and phone numbers for these and other community programs are available from the Counseling Center.

Procedure for Reporting Security Violations

The safety and well-being of all members of our college community is of great concern. The College of Westchester is devoted to keeping the campus a safe place to attend classes. A daily crime log is maintained at the security front desk.

Potential criminal actions and suspicious activity or other emergencies should be reported in person to the Vice President of Academic and Student Affairs, Dean of Student Academic Services, or Dean of Evening/Saturday College as soon as possible. If necessary, such activity can be reported by calling the Vice President of Academic and Student Affairs, Dean of Student Academic Services, or Dean of Evening/Saturday College at 914/831-0433 or 800/333-4924. When a report of an urgent situation is received, the Vice President of Academic and Student Affairs, Dean of Student Academic Services, or Dean of Evening/Saturday College will, if appropriate, contact Westchester County Fire, Emergency Medical, or Police personnel. If a reported situation is less severe, the Dean of Student Academic Services will dispatch a designated employee or employees to lend assistance, and conduct the necessary follow-up. This procedure has been established in accordance with the Student Right-to-Know and Campus Security Act of 1992.

Emergency Notification and Evacuation Procedures

The College of Westchester provides an emergency alert system through Cruiser Alert to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

In the case of an emergency, students, faculty, and staff will receive an immediate notification through the Cruiser Alert channels they have designated (text message, phone message and/or e-mail alert) and will be provided with appropriate safety instructions. Unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to or otherwise mitigate the emergency, this notification will be sent.

The Facilities Manager, President and Cabinet Members are responsible for identifying and managing all emergency situations, including: notification to the community, alerting local authorities, and overseeing evacuation and other emergency procedures.

The fire signal will also be utilized to alert all students, faculty, staff and visitors to exit the building without delay. The emergency notification system will be tested on an annual basis under the supervision of the Facilities Manager.

For Further Information

The Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education at its website (<http://surveys.ope.ed.gov/security>). The Dean of Student Academic Services may be contacted at 914-831-0416 for any requests.

Anti-Drug and Alcohol Policy

The College of Westchester has a no tolerance policy regarding the use of drugs and alcohol or being under the influence of drugs or alcohol on its property or surrounding property. The unlawful manufacture, distribution, dispensation, possession, or use of alcohol or an illegal drug by a student or employee on property at The College of Westchester is strictly prohibited. New York and Federal law prohibits the unlawful use, manufacture, possession, control, sale and dispensation of any illegal narcotic or dangerous drugs. Both

State and Federal laws carry penalties for violations, including monetary fines and/or imprisonment.

The health risks associated with the use of illegal drugs and the abuse of alcohol include physical and mental impairment, emotional and psychological deterioration, fine and gross motor degeneration and death. In addition to the health risks to the abuser of illegal drugs and alcohol are the risks to co-workers, students and the public. The College of Westchester's Counseling Center can provide referral to students or staff with problems related to alcohol and drug use. Information about substance abuse and treatment programs is available in the Counseling Office which has procedures to assure confidentiality.

Individuals whose performance is impaired as a result of the use or abuse of drugs or alcohol, who illegally use or abuse drugs or alcohol on campus, or who have been convicted of violating any criminal drug statute while on The College of Westchester property will be sanctioned. The sanctions can include required completion of an appropriate rehabilitation program, suspension, dismissal, termination of employment, and referral for prosecution by law enforcement authorities.

As a condition of enrollment and employment, each student, faculty member and staff member will abide by the terms of this policy and will notify the Executive Office no later than five days after any conviction for a criminal drug offense committed on The College of Westchester property. Failure to comply with these conditions will constitute unsatisfactory conduct and will lead to appropriate sanctions.

Students Convicted of Possession or Sale of Drugs

A federal or state drug conviction can disqualify a student for Federal Student Aid (FSA) funds. Convictions count if they were for an offense that occurred during a period of enrollment for which a student was receiving Title IV aid. In addition, a conviction that was reversed, set aside, or removed from a student's record does not count, nor does one received when he/she was a juvenile, unless tried as an adult.

The chart below illustrates the period of ineligibility for FSA funds, depending on whether the conviction was for sale or possession and whether a student had previous offenses. A conviction for sale of drugs includes convictions for conspiring to sell drugs.

	Possession of illegal drugs	Sale of illegal drugs
1st offense	1 year from date of conviction	2 years from date of conviction
2nd offense	2 years from date of conviction	Indefinite period
3+ offenses	Indefinite period	

If a student is convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

A student regains eligibility the day after the period of ineligibility ends or when he or she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him or her ineligible again. Students denied eligibility for an indefinite period can regain it only after successfully completing a rehabilitation program (as described below), or if a conviction is reversed, set aside, or removed from the student's record so that fewer than two convictions for sale or three convictions for possession remain on the record. In these cases, the nature and dates of the remaining convictions will determine when the student regains eligibility. It is the student's responsibility to certify to us that he or she has successfully completed the rehabilitation program.

Standards for a Qualified Drug Rehabilitation Program

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
- Be administered or recognized by a federal, state, or local government agency or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.

Policy Prohibiting Sexual Harassment and Sexual Violence

The U.S. Department of Education has mandated that all colleges have an obligation to respond to sexual harassment and sexual violence. Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual violence is a form of sexual harassment prohibited by Title IX. Any student who has been the victim of sexual harassment should report the incident to the Dean of Student Academic Services or the Dean of Evening/Saturday College. An adequate, reliable, and impartial investigation will be conducted. A no contact order may be required and/or interim suspensions may be possible during the period of investigation. Depending on the nature of the circumstance, there may be a Discipline Hearing. Both the accuser and the accused have an appeal process available.

Allied Health Department Dress Code and Medical Lab Policy

This policy pertains to all allied health students (Medical Office, Medical Assistant) assigned to take classes in the Medical Labs (Room 423 and 401). Students are expected to represent themselves in a professional manner so as to promote the confidence and comfort of the patients with whom they will be coming in contact. The following dress code has been adopted to aid in reaching this goal:

1. Students will wear seal blue scrubs with the CW logo embroidered in the upper left corner above the pocket. Scrubs must be kept clean at all times. Only a solid, white, black, or blue undergarment can be worn under the scrub top.
2. A lab coat (also with the CW logo) will be worn in all clinical classes when performing Asepsis, Phlebotomy, EKG, Clinical Procedures, and Blood Typing.
3. Footwear must be a white sneaker, or white or blue clogs. Toes must be closed and shoe material cannot be canvas, or cloth. Sneakers must be all white with no contrasting colors or stripes.

4. Hair must be clean and neatly groomed. Hair longer than shoulder length must be worn up or secured so as not to fall forward. Men may wear a neatly trimmed beard or mustache.
5. Jewelry should be limited, and earrings should be either studs or hoops that are no wider than 3/4".
6. Finger nails must be trimmed to an appropriate length and colored with a conservative color nail polish.
7. Headgear including scarves is only permissible for religious or medical reasons (supporting documentation is required).
8. All tattoos must be covered so as not to be visible.

Scrubs will be worn at all clinical extern sites as required by the dress code policy of The College and the requirements for externship. No food or beverage may be consumed in the lab at any time. A medical instructor must be present when students are operating any equipment in the lab.

Nondiscrimination Policy

The College of Westchester rejects and condemns all forms of harassment, wrongful discrimination and disrespect. It has developed procedures to respond to incidents of harassment whatever the basis or circumstance. The College shall comply with all state and federal laws prohibiting discrimination in employment and in its educational programs on the basis of a person's race, religion, color, national origin, age, sex, marital or parental status, veteran status, disability, or sexual orientation.

Career Services

Seeking Success in Today's Economy

The College of Westchester's Office of Career Services staff carefully guides students through the entire process of planning and preparing for their actual job search. Students are coached in the following areas: proper completion of employment applications, resumes, letters of application, securing job interviews, researching companies, conducting interviews, job interview follow-up, grooming, business attire, and business etiquette. Should a graduate seek full time transfer to another college, they will be assisted in the process.

The Office of Career Services works closely with area colleges, businesses and industries in the New York, Connecticut and New Jersey metropolitan areas to ascertain employment requirements and the availability of specific positions, as well as transferability of college credits. While the Career Services staff assists both students and graduates, this does not preclude the students' own responsibilities.

All students and graduates seeking career services assistance must be in good financial standing with The College. All graduates are entitled to lifetime assistance. The College reserves the right to withdraw placement assistance, at any time, for cause. The Career Services Department also hosts Career Fairs, Internship Fairs, Portfolio Review Day, Career Cafés, and Part-time Job Fairs.

Graduate Success Statistics

The College of Westchester's Career Services staff helps students in preparation for the transition from CW to employment or to continue their education and prides itself on the success of its graduates. The College carefully tracks and assists graduates with career selection, job placement and/or transfer to full time study upon completion of an Associate Degree. CW measures its success by determining the success rate of graduates in employment related to their field of study or successful transfer into a full-time program of study.

The College of Westchester's success record for the period from July 1, 2010 through June 30, 2011 indicates that 91.28% of graduates (ready, willing and able to work or seek full-time transfer) were employed in positions related to their studies or continued their college education full-time. This represents graduates who obtained employment or transfer on their own as well as those assisted by the Career Services staff.

Cooperative Educational Opportunity and Part-Time Employment

The Office of Career Services facilitates cooperative (Co-op) educational opportunities and works with students in pursuing part-time employment while they study. Students with advanced skills and knowledge are afforded an opportunity to work part-time with area employers.

Although academic requirements must be a student's first priority, The College attempts to arrange class schedules to provide students an opportunity to earn money on a part time basis in a professional environment enhancing their career preparation. For more details about how you may qualify, consult the Director of Career Services.

Internships

Internships play a pivotal role in enhancing the college experience and launching a career. The Office of Career Services has a full range of internships pertaining to many majors. Internships are generally unpaid. The participating employers are located throughout the tri-state area. There are strict criteria for being accepted into the Internship Program at The College of Westchester.

Students must have a GPA of at least 2.5 and must at least be in their third semester (Day student) or fifth term (Evening/Saturday student) to be considered eligible. Students must be approved by their Department Chairperson and their Academic Advisor. Students should then meet with the Assistant Director of Internship Programs and explore current opportunities. The employers ultimately decide upon which students they accept. Students that successfully complete the internships will receive credit towards their degree. The BBA Internship, a required element of CW's BBA programs, has been designed specifically to allow students to use their high-level classroom skills in real-life work situations. For Day students the BBA Internship, which is taken in the student's last semester, is a required 3-credit course that is a semester long learning experience combining in-class seminars with out-of-class projects. Evening/Saturday College students take the 3-credit BBA Internship during the last two terms.

This Internship can be paid or unpaid and can be completed either on-site or on-campus. Some Internships are structured for students to participate individually and some will allow students to contribute as members of a team.

Career Services Code of Ethics

The College of Westchester does not guarantee a job upon graduation. The College of Westchester adheres to a strict career service code of ethics as exemplified in the services provided through the Office of Career Services. The College of Westchester graduates have achieved job placement success through quality education and effective career services.

Career Services' Student Responsibility:

In order to ensure the best possible career service available, students must meet with their program-specific career counselor and submit their resumes to the Career Services Department via the CW Portal. Final copies of students' resumes must be approved by the Career Services Department for submission to employers.

Students and graduates must be in good financial standing with The College of Westchester in order to receive career services.

Graduate Activities

The CW Alumni Association

The College of Westchester is dedicated to serving many generations of alumni. All graduates of The College are welcome to membership in the ever-growing CW Alumni Association. Alumni enjoy many benefits and services as well as information to keep them updated, connected, and informed. The purpose of the CW Alumni Association is to build and sustain a lifelong relationship between The College and its alumni, through:

- Engaging students as future alumni.
- Providing opportunities for lifelong learning.
- Recognizing alumni for accomplishments and service.
- Providing social and career networking.
- Facilitating the sharing of ideas between The College and its alumni.
- Providing an avenue for feedback to the administration.

Career Services for BBA Students

The career development in our BBA program has new information and insights into employer priorities. Our services will help graduates find a balance between school, work and the required internship through new opportunities, with local and regional employers.

The Career Services department will continue to train and provide leadership in the areas of: career planning, career assessment, career and employment resources, job search strategies, experiential learning (internships), computerized career assessments (new), and internet applications (new). Additionally, the department will continue to help BBA students further develop their resumes, cover letters, job search strategies, interviews and decision-making skills. The Assistant Director of Internship Programs will assist students with locating cooperative education opportunities (Internships) and/or volunteer positions. In addition, the Career Services department is responsible for coordinating Career Week and Internship Fairs with area employers.

Academic Standards

College Regulations and Policies

The catalog, which serves as the official college publication, is subject to revision at any time. The College reserves the right to make changes as deemed necessary: add, delete or revise any course, program of study, book charges, calendar, class schedule, tuition or requirements as described within. It is expected that students carefully read the catalog to understand rules, regulations, standards and policies.

Academic Calendar

The College of Westchester offers courses in four different calendar formats: Day College, Evening College, Saturday College, and Online Division. The Day academic calendar in the back of this catalog details the schedule which is based on three semesters beginning in January, May, and September. In the Day College two semesters, and a minimum of twenty-four credits, are equal to one academic year. The Evening College, the Saturday College and Online Division academic calendars are based on scholastic terms: Fall I, Fall II, Spring I, Spring II, and Summer. Four terms, and a minimum of twenty-four academic credits, are equivalent to one academic year.

Classes in the Day College are offered in semesters consisting of fifteen weeks each. Courses are on a semester credit hour basis. Students ordinarily complete their Associate Degree in five semesters and their Baccalaureate Degree in four additional semesters. Courses meet twice a week or one day each week. A minimum of twelve academic credits each semester is required for full-time status.

Classes in the Evening College meet Monday, Tuesday, Wednesday, and Thursday evenings from 6:00 pm to 10:35 pm. Students may take classes on M/W, or T/TH, or both. Evening classes meet during two time periods: 6:00 p.m. to 8:15 p.m. and 8:20 p.m. to 10:35 p.m. Classes in the Evening College are offered five terms each year for nine weeks each term: Fall I, Fall II, Spring I, Spring II, and Summer. The Evening College is also on a semester credit hour basis. A minimum of six credits each term is required for full-time status.

Classes in the Saturday College meet on Saturdays only from 8:15 a.m. to 5:45 p.m., except for holiday weekends when classes are not scheduled. Period one classes meet from 8:15 a.m. to 12:45 p.m. Period two classes meet from 1:15 p.m. to 5:45 p.m. Classes in the Saturday College are offered five terms each year for nine weeks each term: Fall I, Fall II, Spring I, Spring II, and Summer. The Saturday College is on a semester credit hour basis and a minimum of six credits per term is required for full-time status.

All CW online courses begin on Saturday (unless otherwise stated) at 12:00 am and end Friday evening at 11:59 pm according to the Online Division calendar. Courses in the Online Division are offered five terms each year for nine weeks each term: Fall I, Fall II, Spring I, Spring II, and Summer. The Online Division is on a semester credit hour basis and a minimum of six credits per term is required for full-time status. Presently, online day courses taught in 15 week semester blocks are the domain of Day College, and are created and taught at the discretion of the Day College, and run within the Day College academic calendar.

Course Formats

Courses are offered in one of the following formats:

1. Traditional courses which consist of classroom instruction with technology elements including Moodle for web-enhanced learning;
2. Hybrid courses which combine elements of online distance learning courses and traditional courses. A hybrid course is a normal CW course that is offered partially online and partially in a traditional face-to-face format. A hybrid course has regular class meetings on campus, though they are fewer in number;
3. Online courses which do not meet in a classroom. All CW online courses are run asynchronously for the duration of the semester or term. Assignments are posted online and students participate in discussion boards online.

The learning objectives are the same in hybrid, online, and traditional face-to-face courses.

Attendance

The College of Westchester is an attendance-taking school. Faculty members take attendance in each class session that is conducted physically on campus. Students are expected to provide documentation to faculty for any extended absences from classes.

For hybrid courses, faculty members take attendance in each class session that is conducted physically on campus, and weekly determine attendance based on academically-related activities for the weeks that the student is participating in online activities. For fully online courses, faculty members determine attendance weekly based on academically-related activities. The faculty determines the attendance policy for each course including penalties for absence and tardiness.

Students should review the course syllabus and consult with their instructor regarding questions about the attendance policy for each course. Attendance is directly related to performance and excessive absence or tardiness may result in lower grades and/or administrative withdrawal from The College.

Academic attendance for ground campus, hybrid, and online courses is determined by, but not limited to, one or more of the following academically-related activities:

- Physically attending a class where this is an opportunity for direct interaction between the instructor and students.
- Submitting an academic assignment.
- Taking an exam, an interactive tutorial, or computer-assisted instruction.
- Participating in campus or online activities indicated in the course syllabus or assigned by the instructor, such as small group assignments, online discussion forums, or other collaborative activities.

Academic Programs

Certificate Programs

The College of Westchester offers Certificate programs in a variety of majors, including Intensive Accounting, Medical Assistant Specialist, Medical Office Specialist, Digital Media Technology, and Networking Specialist. The Certificate programs are designed to prepare students for a variety of employment opportunities, and the credits are transferable to the Associate Degree programs at The College. Certificate programs are either 36 credits or 48 credits. The certificate programs are registered by the New York State Department of Education.

Associate's Degree

The College of Westchester offers both the Associate in Applied Science (A.A.S.) and the Associate in Occupational Studies (A.O.S.), both of which prepare students to enter the work force upon graduation. There are generally fewer liberal arts requirements for the A.O.S. Degree. A cumulative grade point average of 2.0 or better as well as completion of all required courses is compulsory for graduation. The requirements include courses in college skills, courses pertaining to the student's major, and, for those students pursuing an A.A.S. Degree, courses in general education. The

Associate Degree requires the completion of 66 academic credits. The Associate Degree programs are registered by the New York State Department of Education.

Bachelor's Degree

The College of Westchester offers two Bachelor of Business Administration (B.B.A.) degrees: a B.B.A. in Business Administration and a B.B.A. in Accounting. Students must complete a total of 120 credits to earn the Bachelor Degree. Students who have earned an Associate Degree at The College of Westchester are eligible to apply to the B.B.A. program if they have earned 66 academic credits and have achieved a minimum of a 2.5 cumulative grade point average. Students who are accepted will typically complete 54 credits in the Bachelor Degree program in addition to the 66 credits for the Associate Degree for a total of 120 credits. A cumulative grade point average of 2.0 or better as well as completion of all required B.B.A. courses is compulsory for graduation.

Bachelor of Business Administration – Business Administration Program Competencies

(For Two Year Transfer Students)

Students accepted as two year transfers into the Business Administration, B.B.A. program must have achieved the following competencies:

- English Composition I and II (or equivalent courses)*
- Financial Accounting I
- Introduction to Business Ventures
- An introductory computer course
- Spreadsheet Applications (Excel)
- Oral Communications
- Principles of Marketing
- Principles of Finance
- Statistics

Bachelor of Business Administration – Accounting Program Competencies

(For Two Year Transfer Students)

Students accepted as two year transfers into the Accounting B.B.A. program must have achieved the following competencies:

- English Composition I and II (or equivalent courses)*
- Financial Accounting I and II
- Intermediate Accounting I
- Cost Accounting
- Federal Taxation

- Principles of Marketing (for students who take Marketing/Management elective)
- Principles of Finance
- Statistics
- Macroeconomics
- Business Law
- Spreadsheet Applications (Excel)
- Oral Communications
- An introductory computer course

If a student has not met one or more of these competencies at the time of enrollment, he/she will be expected to achieve these competencies within the first academic year of his/her program or longer with the approval of the appropriate Dean.

For students who have earned an Associate Degree from The College of Westchester, he/she must have earned an average grade of "C" or better in English Composition I and II. If a student is unable to meet this minimum average grade of "C", then his/her grade in Professional Communications and Career Development can be considered to meet the English Proficiency. In this case, a grade of "C+" or better is required to be considered proficient.

Finally, if a student has not met either of these standards, he/she can choose to submit a supervised writing sample to the B.B.A. Review Panel for consideration. This Committee will then evaluate the student's writing and determine if the student has achieved the required English proficiency.

Degree Classifications

- A.A.S.** Associate in Applied Science
- A.O.S.** Associate in Occupational Studies
- B.B.A.** Bachelor of Business Administration

General Education

The goal of general education is to provide broad, coherent knowledge for the development of students and to give them the critical skills needed to function effectively in the workplace and in society. Liberal arts courses in critical thinking, effective writing and communications, and analytical reasoning are some of the essential academic areas addressed in the general education curriculum.

Grading System

Academic achievement at The College of Westchester is based on the following system:

Grade	Value	Numerical Credit Hour	Grade Point Value Per
A	Excellent	93-100	4.00
A-		90-92	3.75
B+		87-89	3.30
B	Good	83-86	3.00
B-		80-82	2.75
C+		77-79	2.30
C	Average	73-76	2.00
C-		70-72	1.75
D	Minimum Passing Grade	65-69	1.00
F	Failure	Below 65	0.00
Fail	Failure to Pass/Fail Courses		
UF	Unauthorized Failure***		
FR	Failed Course/Retook		
P	Pass		
Pass	Pass for Pass/Fail Courses		
WD	Withdrawal, No Credit		
DP	Dropped Course, No Credit		
I	Incomplete		
INC	Incomplete for Pass/Fail Courses		
IC	Internal Transfer Credits		
TO	Test Out*		
TR	Transfer Credit Accepted		
AUD	Audit		
EX	Exempt*		
S	Satisfactory		
U	Unsatisfactory**		

*Requires additional elective
 **Students who receive a grade of "U" must repeat the course. Grade reports are distributed upon the conclusion of each session.
 ***UF (Unauthorized Failure) is assigned when, in the opinion of the instructor, completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible.

Grade Point Average – Computation Example

Course	Grade	Credits	Quality Points Earned
Introduction to Business Ventures	A (4)	3	12
Computers and Technology	B (3)	3	9
Financial Accounting I	B (3)	3	9
Business Law	C (2)	3	6
Total		12	36
36 Quality Points = 3.0 Grade Point Average 12 Credits			

The grade point average is computed by multiplying the credits for each course by the grade point value of the final grade. The total quality points for all of the courses divided by the number of credits attempted will equal the grade point average for the semester/term.

The total quality points earned for all semesters/terms divided by the total credit hours attempted for all sessions will equal the cumulative grade point average.

Credits transferred from other institutions are not included in the cumulative average.

Students may register for a course with the audit option without receiving any credit or a grade. Students who audit may choose not to participate in class assignments and requirements. Transcripts will reflect AUD for audit. The College of Westchester reserves the right to make changes in the schedule of class hours or in the courses of study.

Class Standing

Class standing is determined by the number of semester credits which a student has satisfactorily completed.

- 0 – 24 Freshman
- 25 – 60 Sophomore
- 61 – 90 Junior
- 91 + Senior

Full-Time Status

In the Day College a minimum of twelve academic credits each semester is required for full-time status. In the Evening/Saturday College and Online Division a minimum of six credits each term is required for full-time status.

Part-Time Students

Day College: (per semester)		Evening/Saturday College: (per term)	
3/4 time	9 credits	1/2 time	3 credits
1/2 time	6 credits		
<1/2 time	Less than 6 credits		

Normal Time of Program Completion

Program length includes all scheduled breaks. Students may complete programs within a shorter amount of time depending on placement into developmental courses.

*CIP=Classification of Instructional Programs

Matriculation

A person is considered matriculated when he/she has met all of the following:

1. Has submitted an admissions application for the purpose of earning a degree or certificate.
2. In order to be considered for admission on a matriculated basis, a non-matriculated student must have a minimum cumulative grade point average of 2.00 in courses completed at CW.
3. Has the potential to fulfill the required competencies of the major program.
4. Has met the admissions criteria for acceptance (see Admissions section in catalog).
5. Has completed The College's assessment process.
6. Has been accepted as a degree or certificate candidate.

Non-Matriculation

Students who do not intend to pursue a degree or certificate may enroll as ICC (Individual Credit Course) non-matriculated students. Such students:

1. Are not eligible for federal or state financial aid.
2. Are not eligible to receive career placement assistance from the Office of Career Services. An exception will be made for any non-matriculated students who have registered for courses through the Workforce Investment Act (WIA). WIA enrolled students will have access to career placement assistance for six months immediately following the successful completion of their coursework. Once this six month period has elapsed WIA students will no longer be eligible to receive any further career placement assistance.
3. Have access to The Learning Center during the time they are enrolled in coursework at The College of Westchester. However, non-matriculated students are limited to a maximum of ten (10) hours of course specific, direct tutoring from The Learning Center personnel for each course they are registered for. Unused tutoring hours from one course are not eligible to be rolled over into any other courses that a non-matriculated student may be registered for.
4. May accumulate no more than fifteen (15) credits without approval from the appropriate dean. WIA programs with more than 15 credits are the exception.
5. May apply for matriculation by following standard protocol and meeting the cumulative

GPA requirement of 2.00. Accordingly, if a non-matriculated student wants to enroll in a degree or certificate program, he/she must complete the admissions process in order to be accepted and proceed through all normal admissions steps.

Move from Matriculation to Non-Matriculation

Students who failed to make satisfactory progress toward a degree or certificate and had their matriculated status terminated may pursue courses as a non-matriculated student, with no financial aid benefit, and with approval from the academic dean. If such students achieve a cumulative GPA of 2.00, matriculation may be reinstated if all other standards of progress are met.

Academic Standing

The College of Westchester expects all students to maintain a cumulative grade point average of at least 2.0. Academic standing is computed at the end of every semester for Day students and at the end of Fall II and Spring II term for Evening/Saturday and Online students. Any student whose GPA falls below 2.0 will have academic sanctions imposed and financial aid may be affected. No student will be graduated with a cumulative GPA below 2.0. Satisfactory academic progress is measured by a qualitative standard; students must maintain a minimum GPA. Satisfactory progress to maintain eligibility for financial aid includes both a qualitative and quantitative standard. Please refer to the Student Financial Services section of the catalog for further information.

Standards of Academic Progress (SAP)

In order to be in good academic standing a student must maintain a cumulative grade point average of 2.00. If a student falls below 2.00, he/she will be placed on Academic Probation. Additionally, if a student does not meet the prescribed minimum cumulative grade point average as set forth below, the student will be Academically Suspended. There are financial aid ramifications associated with failure to meet academic standards. See section on Student Financial Services.

Day College students will be evaluated qualitatively (GPA) at the end of each fifteen week semester, and Evening/Saturday College and Online students will be evaluated qualitatively (GPA) at the end of Fall II and Spring II.

49 – 60	1.80	49 – 60	1.80			49 – 72	2.00
61 – 99	2.00	61 – 180	2.00				

Academic Probation

A student whose cumulative average falls below 2.0 is placed on Academic Probation as an academic warning that the student must raise his/her grades to a satisfactory level. Various academic sanctions may be applied including limiting the credits the student is registered for in the subsequent term, repeating courses that he/she failed, required meetings with academic advisors, and required tutoring.

If a student's cumulative grade point average falls below the minimum GPA required, the student may be Academically Suspended without first being placed on Academic Probation. If the student is placed on a second Academic Probation, it is considered final probation with associated financial aid ramifications. If the student fails to meet academic standards for a third time, the student will be Academically Suspended with financial aid sanctions. (See section on Student Financial Services).

Academic Suspension

Academic Suspension is a separation from The College imposed when a student has failed to meet the minimum cumulative grade point average required for satisfactory academic standing. Suspended students may be considered for reinstatement after one full year and will be placed on Academic Probation upon their return. In the Day College, one year is three semesters. In the Evening/Saturday College and Online Division, one year is five terms. The student must also consult with the Office of Financial Services to determine his/her eligibility for financial aid.

If a student wishes to be reinstated before a full year, he/she may appeal for an academic waiver to the Waiver Committee providing documentation of extenuating circumstances, e.g. circumstances outside of the student's control such as death in the family, serious illness or injury or other circumstances (see section on Appeal for Academic Waiver). If a student is granted an Academic Waiver, the student may return on Academic Probation but must consult with Student Financial Services regarding financial aid eligibility.

Academic Dismissal

Academic Dismissal is a permanent separation from The College imposed when a student has been Academically Suspended once and has been reinstated, but fails to meet the required minimum cumulative grade point

average again. It is also imposed if a student will not be able to meet academic standards within the required length to complete studies which is no more than one and one-half the normal time frame in credit hours attempted; 99 credits for the Associate Degree and 180 credits for the Bachelor Degree. There is no appeal available for a student who has been Academically Dismissed. A student may also be dismissed for conduct.

Administrative Withdrawal (Stopped Attending)

If a student has not attended classes or conducted an academically-related activity online for a 14 day period and the student has had no contact with The College regarding reasons for non-attendance, the student will be administratively withdrawn. The withdrawal date is determined from The College's attendance records and the last date of attendance will determine the calculation for the return of Title IV funds, whether the student withdraws officially or unofficially.

Appeal for Academic Waiver

Students who have been Academically Suspended from The College for failing to make satisfactory academic progress may appeal for an academic waiver. The student should write a letter of appeal to the Waiver Committee. The following criteria must be met in order to qualify for an academic waiver of academic standards:

- The student must show, with adequate written documentation, that there were mitigating circumstances (i.e. health problems, death in the family, etc.) that contributed to his or her failing to make academic progress.
- The student must also show, with adequate documentation, that these circumstances will no longer interfere with his or her pursuit of academic progress. In the event that the extraordinary circumstances do not involve documentation from a doctor, hospital, police department, etc., notarized letters from objective third parties will be required. Employment, childcare or transportation issues are not considered to be appropriate basis for appeal.
- The student can be granted only one academic waiver during his/her attendance at The College of Westchester.
- Academic waivers can be granted only if the student has the ability to be in good academic standing after the subsequent semester/term.

- The granting of an academic waiver is not an automatic process. It will be up to the Waiver Committee to properly review the documentation submitted in order to make a decision.
- Once a decision has been made, the student will be informed in writing. A copy of the decision will be put in the student's academic file and the student's financial aid file.
- Should you have any questions regarding this procedure, please contact the Dean of Student Academic Services, whose office is located in the Academic Center.

Students should refer to the section on Finances and Financial Assistance for Satisfactory Progress for Financial Aid Eligibility and the Financial Aid appeal process which is separate from the academic appeal process.

Student Transcripts/Degrees

It is The College policy to provide a complimentary unofficial transcript at graduation. Requests for official transcripts will be processed upon payment of a \$10.00 fee for each. Three working days should be allowed for processing. To receive a transcript, a student must fulfill all financial obligations to The College. All such requests must be in writing with a student's written authorization or signed waiver. Students may also order a transcript on the College website at <http://www.cw.edu>. Click on the third tab at the top titled "Resources." Students may also fax a request to 914-428-0081 with current name, address, and phone number, and credit card information and the address to mail the transcript. If a student requests a duplicate copy of their degree, the cost is \$30.00.

Graduate Exit Interview

All potential graduates are required to meet with Student Financial Services, Career Services, and Academic Affairs in order to be cleared to graduate and to receive his/her diploma.

President's List and Dean's List

Students who have completed a minimum of twelve (12) academic credits at the time of evaluation will be eligible for the Dean's List or President's List. Students who have a grade point average of 4.0 (A) will be eligible for the President's List. Students who have a

grade point average of 3.0 (B) or better, with no grade lower than 2.0 (C) will be eligible for the Dean's List.

Full-time Day College students will be evaluated at the end of each semester. Full-time Evening/Saturday College and Online Division students will be evaluated twice a year, at the end of the Fall II term and at the end of the Spring II term. Part-time students (Day, Evening, Saturday and Online) will be evaluated once a year in August for the period from September to August. If a student does not meet the minimum number of twelve credits at the time of review, the credits do not carry over into the next review period. President's List and Dean's List certificates will be distributed to Day College students at Club Day, and certificates will be distributed to Evening/Saturday College students at a special student meeting or mailed to Online Division students.

School Spirit Award

Day College Associate Degree Award

The School Spirit Award is designed to recognize the contributions of Day College students who demonstrate extraordinary enthusiasm and participation in student life at CW. Criteria for the award include outstanding contributions to a club or other student activity.

Outstanding Determination Award

Day College Associate Degree Award

Students who exemplify the drive, desire and determination to succeed deserve proper recognition. Selection of individuals for the Outstanding Determination List will be made by the faculty of The College of Westchester.

Perfect Attendance Award

Day College Associate Degree Award

Each semester Day College students are recognized for having achieved perfect attendance in all their classes. Students receive a Perfect Attendance certificate for their accomplishments.

Student of the Semester

Each semester a student is selected by the faculty to receive the Student of the Semester award. This award is presented to a student with a minimum 3.8 cumulative average who has demonstrated excellent academic progress and overall academic achievement.

Graduation

The Registrar reviews the academic records of all potential graduates to ensure they have successfully completed the degree requirements for their academic program. A minimum cumulative grade point average of 2.00 is required for graduation. All potential students must complete an Exit Interview Form obtaining signatures from the Office of Student Financial Services, Career Services, and the Academic Center. The annual graduation ceremony is held at the Westchester County Center the last Thursday of the month of May. Graduates receive their academic regalia on the evening of the graduation ceremony.

Graduation Honors

Honors recognition is earned by degree candidates whose grade point average for all completed study is 3.5 or higher. Students who graduate receive the following designated honors:

<i>summa cum laude:</i>	3.90 – 4.00
<i>magna cum laude:</i>	3.70 – 3.89
<i>cum laude:</i>	3.50 – 3.69

Honors graduates are presented with honor cords which they wear at commencement. Students with *cum laude* recognition wear a white cord; students with *magna cum laude* recognition wear a silver cord; and students with *summa cum laude* recognition wear a gold cord.

Students who successfully complete all requirements of the Honors Program wear honor stoles over their gowns for the commencement ceremony. Associate Degree students in the Phi Theta Kappa Honor Society wear Phi Theta Kappa stoles over their gowns. B.B.A. students in the Sigma Beta Delta Honor Society wear Sigma Beta Delta stoles over their gowns.

Graduation Awards

The Dr. Milton E. Cagan Memorial Award

Every academic year selected Associate Degree and Bachelor of Business Administration graduates receive the Dr. Milton E. Cagan Award in memory of the former President of The College of Westchester. This is an academic excellence award and the

recipients are selected according to the following criteria: academic achievement, overall service to The College, its student body and society in general, and attitudes and characteristics exemplifying the desire to succeed in college, at work and in social life.

Departmental Awards

Each academic department offers a commencement award to one Associate Degree Day student and one Evening/Saturday student in its department who has demonstrated the qualities of academic excellence and student leadership.

The Lynne Vahey Memorial Office Technology Award

The Lynne Vahey Memorial Award was established in 2004. This award is named in memory of Mrs. Lynne Vahey who was an Assistant Dean and respected Faculty member of The College of Westchester in the Office Technology Department. The award recognizes an outstanding Business Office Systems Management graduate. The student selected for this award must have the characteristics exemplified by excellence in computer applications (Microsoft Office), overall commitment to The College and to other students, and student leadership and/or community service.

The Excellence in Digital Media Award

The Excellence in Digital Media Award was established in 2004. This award recognizes students who have demonstrated outstanding creativity, initiative, and commitment, while excelling beyond course and curriculum requirements. The recipients of this award also exhibit a genuine commitment to The College, as well as to other students and the community.

The Computer Network Administration Award

This award recognizes outstanding Computer Network Administration graduates. The recipients are selected according to the following criteria: academic achievement and exceptional work ethic, overall service to The College, accomplishment of information technology certifications, attainment of relevant information about current industry issues, learning opportunities, best practices and standards and insight that focuses on staying engaged and ahead in the IT industry.

The Computer Information Systems Award

The Computer Information Systems Award was established in 2004. The award recognizes outstanding graduates who have demonstrated the following: academic excellence in all computer information system courses, overall commitment to The College and to other students, student leadership, and involvement in the computer club and/or community service.

The John F. Sterling Award in Business Administration

The John F. Sterling Award was established in 1986. This award recognizes outstanding Day, Evening/Saturday, and Online Associate Degree Business Administration-Management/Marketing graduates and Bachelor of Business Administration graduates in honor of Mr. Sterling. John F. Sterling is the former regional Vice President of South-Western Publishing Company and a long time friend of The College of Westchester. Throughout the years, Mr. Sterling has made valuable contributions to The College. The College respects him as an individual with qualities that set him apart from the crowd. The students selected for this award must have the characteristics exemplified by Mr. Sterling: academic excellence in marketing, effective communication skills and an orientation toward sales.

The Marc Polcek Memorial Accounting Award

The Marc Polcek Memorial Accounting Award was established in 1999. This award recognizes outstanding Day and Evening/Saturday Associate Degree and Bachelor of Business Administration in Accounting graduates. The award is named in honor of Mr. Marc Polcek, a respected Accounting faculty member and Chairperson who taught at The College of Westchester from 1976 to 1999. The student selected for this award must have the characteristics exemplified by Mr. Polcek: academic excellence in accounting, overall commitment to The College and to other students, and student leadership and/or community service.

The Allied Health Award

The Allied Health Award recognizes an outstanding graduate in the Medical Office Systems Management or the Medical Assistant Management program. The student selected for this award, in addition to

demonstrating academic excellence, must also demonstrate that he/she has positively impacted the lives of other students or people within their community.

Transfer Credit Policy

Students who wish to transfer in credits to The College from another institution must submit an official transcript to the Registrar for official evaluation. Courses completed at accredited institutions of higher education recognized by Council for Higher Education Accreditation (CHEA) and recorded on official transcripts may be awarded credit under the following conditions:

1. A maximum number of transfer credits accepted is equal to sixty-three percent (63%) of the student's academic program at The College of Westchester; a maximum of forty-two (42) credits toward the Associate Degree and a maximum of seventy-five (75) credits toward the Bachelor of Business Administration Degree.
2. A grade of C or above is required for each course accepted in transfer.
3. Courses that are equivalent in credit/contact hours may be accepted in transfer.
4. Courses that are equivalent in content to required courses in the student's academic program may be accepted.
5. A combination of courses and credits can be considered equivalent to one course at The College of Westchester.
6. Computer courses that have been completed within the last three years are acceptable for transfer. Any computer course that was completed more than three years prior to transfer requires a review of the course description and/or course syllabus.
7. If a student has successfully transferred in English Composition and/or a College Mathematics course and the official transcript has been received by the Registrar, the student will not be required to take Basics of Communication and/or Basics of Mathematics.
8. Foreign transcripts must be in English. Foreign students who do not pass the course placement test must successfully pass Basics of Communication and Basics of Mathematics before being eligible to receive transfer credit for upper level English and Mathematics courses.

9. The College of Westchester will limit academic residency to twenty-five percent or less of the degree credit requirement for all degrees for active-duty servicemembers and their adult family members (spouses and college-age children). In addition, there are no “final year” or “final semester” residency requirements for active-duty servicemembers and their family members. Academic residency can be completed at any time while active-duty servicemembers and their family members are enrolled. Reservist and National Guardsmen on active-duty are covered in the same manner.

The evaluation of transcripts for the purpose of determining transferable credit is done on an individual course basis by the Registrar. All courses accepted in transfer will receive a grade of “TR” and will not count towards a student’s grade point average.

Official transcripts should be received prior to the session in which the student plans to start in order to allow sufficient time for evaluation. If the official transcript is required for a pre-requisite, the student will not be allowed to take a higher level course without the official transcript. Official transcripts received after the third term or second semester will not be accepted. Exceptions may be granted by the Dean of Student Academic Services.

A student may bring a grade report or unofficial record for a preliminary evaluation while waiting for the official record to arrive at CW. The student should request that an official transcript be mailed to: Transfer Credits, Office of Admissions, The College of Westchester, 325 Central Avenue, Box 710, White Plains, New York 10602.

Transfer Credit Policy for the Bachelor of Business Administration (B.B.A.)

1. **Freshman Acceptance:** Prospective students may apply to the BBA Degree program as a freshman with no college transfer credits. Applicants must meet all the admissions standards and requirements published in The College catalog.
2. **Two-Year Transfer:** Students with an earned Associate Degree from The College of Westchester** or other accredited higher education institution may be accepted into the B.B.A. Degree program. These applicants must meet all admissions

requirements published in The College catalog and have a minimum grade point average of 2.5* from their prior college(s). Other competencies may be required. (See BBA Competency Requirements).

3. **Transfer Acceptance:** Students who have attended other colleges but who do not possess an earned degree or who have less than a 2.5* grade point average may be considered for acceptance based on a course-by-course evaluation of their transfer credits for courses with a grade of C or higher. (See Transfer Credit Policy).

**The cumulative grade point average will be calculated as an average of all the grade point averages earned from other colleges.*

***Graduates of the Medical Assistant Management (MAM) and the Medical Office Systems Management (MOSM) programs at The College of Westchester might not meet complete transferability requirements into this baccalaureate program.*

Transfer Agreements

Credits from The College of Westchester readily transfer into higher educational programs depending on the major. The College currently maintains a transfer agreement with Concordia College’s Evening Business Administration program for graduates with an A.A.S. in Business Administration who will be granted junior status with up to 75 credits accepted in transfer. It also maintains a transfer articulation agreement with Dominican College for CW graduates with an A.A.S. or A.O.S. Degree who will be granted junior status with up to 70 credits accepted in transfer as applicable to specified programs. CW also has a transfer articulation agreement with Mercy College’s B.F.A. program for graduates with an A.A.S. Degree in Digital Media who are required to submit a portfolio. Mercy College will accept all CW courses cooperatively agreed upon. CW also maintains an articulation agreement with Monroe College’s King Graduate School. CW graduates with a 3.5 or better cumulative GPA from the Bachelor of Business Administration program will have the option to complete the M.B.A. program at Monroe College in three semesters of 12 credits each semester. Students should consult with the Dean of Student Academic Services with questions regarding these transfer agreements with other schools.

Add/Drop and Course Withdrawals

A student wishing to change courses may do so only within the designated days of the add/drop period and receive a grade of “DP” (dropped, no credit).

In the Day College, the first eight calendar days of the semester, starting with the first day of class, are designated as Add/Drop. If the last day of the add/drop period falls on a holiday, the add/drop period will be extended to the next day. A student may not enter a class after the end of the Add/Drop period. The next 20 calendar days following the Add/Drop period are designated as the Withdrawal period during which time a Day student may request to withdraw with a grade of “WD” (withdrawal, no credit). After this period, a withdrawal will result in an “F” grade for the course.

In the Evening College, the first nine (9) calendar days of the term, starting with the first day of class, are designated as Add/Drop to accommodate the Monday/Wednesday and Tuesday/Thursday format. If the last day of the add/drop period falls on a holiday, the add/drop period will be extended to the next day. A student may not enter a class after the end of the Add/Drop period. The next eight (8) calendar days following the Add/Drop period are designated as the Withdrawal period during which time an Evening student may request to withdraw with a grade of “WD” (withdrawal, no credit). After this period, a withdrawal will result in an “F” grade for the course.

In the Saturday College, the first eight (8) calendar days of the term, starting with the first day of class, are designated as Add/Drop. If the last day of the add/drop period falls on a holiday, the add/drop period will be extended to the next day. A student may not enter a class after the end of the Add/Drop period. The next eight (8) calendar days following the Add/Drop period are designated as the Withdrawal period during which time a student may request to withdraw with a grade of “WD” (withdrawal, no credit). After this period, a withdrawal will result in an “F” grade for the course.

In the Online Division, the first eight (8) calendar days of the term, starting with the first day of class, are designated as Drop only. If the last day of the add/

drop period falls on a holiday, the add/drop period will be extended to the next day. A student may not enter a class after the course has started. The next eight (8) calendar days following the Drop period are designated as the Withdrawal period during which time a student may request to withdraw with a grade of “WD” (withdrawal, no credit). After this period, a withdrawal will result in an “F” grade for the course. Please refer to the catalog or its addendum for refund and withdrawal policies that may affect financial responsibility.

Repeat Policy

Upon completion of a repeated course, the grade for the repeated course will replace the “F” grade in the student’s GPA calculation. The original “F” grade will be replaced with an “FR” retaken grade or an asterisk and the “F” will no longer be computed in the student’s grade point average. If the course was failed more than once, only one “F” grade is removed from the grade point average calculation. However, all grades of “F”, whether repeated or not, will be included when determining the student’s minimum successful course completion percentage. Having to repeat failed classes may alter a student’s date of program completion and may affect a student’s pursuit of progress.

A student who fails a course may repeat the course once without requiring prior approval. If the student does not successfully pass the repeated course, the student must obtain permission to repeat the course a second time by meeting with an advising professional in the Academic Center and agreeing in writing to mandatory conditions. Students may not repeat a course more than twice. A student may not repeat a course in which he/she has received a passing grade. Students should consult with the Office of Student Financial Services regarding the use of financial aid for repeated courses.

The Dean of Student Academic Services or the Dean of Evening/Saturday College has the authority to grant exceptions in situations where students have documented mitigating circumstances. If either dean grants an exception, it will be noted in the student’s academic record.

Repeat Policy for Allied Health

The student will be allowed to repeat any required medical course (MED, MSC, PHT) only once. If the student fails the course for a second time, the student will be dismissed from the Allied Health program and enrollment into an alternative academic program will be recommended.

Incomplete Grades

If for serious reasons, students are unable to complete one or more requirements of a course, they may speak with their individual faculty member to request an "Incomplete" grade. All outstanding work must be completed by the last day of the Add/Drop period or the Drop period for the Online Division in the subsequent session or the "I" may turn into an "F." A grade of "INC" will be submitted for students who are unable to complete one or more requirements for courses designated as Pass/Fail. For purposes of determining a student's academic progress, incomplete grades are treated as "F" grades when calculating the student's grade point average and minimum successful course completion percentage.

Grade Changes

After one full semester in the Day, or two Terms in the Evening or Saturday College or the Online Division, the assigned grade is considered the final grade and no change of grade will be approved. Faculty must submit a Change of Grade form which is approved by the Dean. Special extenuating circumstances may be appealed to the Academic Standards and Student Life Committee.

Academic Appeal of Assigned Grade

Academic decisions rest solely within the discretion of the College. Students who believe that an error has been made in an academic determination, including grading decisions, should discuss with the instructor or appropriate administrator the basis upon which the academic decision was made. If, after this review of the student's performance, the student disagrees with the determination, the student should make a written appeal within ten days of the determination to the department chairperson stating the basis upon which the determination is questioned and requesting a departmental review. If, following the review by the department chairperson, the student is not satisfied with the departmental decision, final appeal may be

made in writing to the Academic Standards and Student Life Committee within ten days of the department chairperson's decision. The Academic Standards and Student Life Committee, which is made up of appointed faculty and administrators, is the final decision making body for student appeals. All other academic appeals, other than appeals of assigned grade, should be made in writing to the Academic Standards and Student Life Committee. The decision of the Academic Standards and Student Life Committee will be final.

Academic Honor Code

At The College of Westchester we believe honesty and integrity are fundamental in a community dedicated to learning, personal development, and a search for understanding. Students are expected to maintain high standards with regard to honesty in the submission of all written work and exams. The use of an outside source in any paper, report or submission for academic credit without the appropriate acknowledgement is plagiarism. It is unethical to present as one's own work, the ideas, words or representations of another without the proper indication of the source.

A student who falsifies or copies an assignment, term paper or examination answers will be subject to receiving an "F" for the assignment or subject to failing in the course involved and the student may be dismissed from The College. Students are not permitted to use any technological devices such as cell phone, iPads, Blackberries or other devices while taking examinations. In addition, students are expected to abide by The College's policy regarding acceptable use practices for the internet and for Information Technology Systems.

Copyright Infringement

"As a general matter, copyright infringement occurs when a copyrighted work is reproduced, distributed, performed, publicly displayed, or made into a derivative work without the permission of the copyright owner." (<http://www.copyright.gov/help/faq/faq-definitions.html>) Copyright infringement includes but is not limited to plagiarism, downloading and reproducing CD's or DVD's for commercial distribution, removing notice of copyright or distribution of any article with copyright notice removed. There are federal laws that protect copyrighted materials from unauthorized use or distribution. Federal penalties associated with

copyright infringements may be either civil or criminal. Under a civil lawsuit, the copyright owner may file (1) to recover actual damages and additional profits, costs and attorney fees or (2) statutory damages for all infringements, which can be as high as \$150,000. Under the “No Electronic Theft (NET) Act”, criminal penalties for unauthorized software duplication can result in being fined up to \$250,000 or up to five years in prison even when there is no monetary gain. Individuals who are found to be guilty of “peer-to-peer file sharing” may be subject to prosecution as a criminal.

Sharing copyrighted materials without a license (i.e., P2P file sharing which is often automatically shared) is against the law and also prohibited under this policy and subject to discipline. Copyright abuse can subject both the user and The College to legal sanctions. Federal law requires The College to take action when it is notified that someone on its network is distributing copyrighted materials. The College will not protect any individual users, faculty, staff or students who distribute copyrighted material without license. Additionally, repeat infringements of copyright by a user can result in termination of the user’s access to College systems and networks.

Authorized representatives of The College may monitor the use of the electronic communication systems to ensure that use is consistent with educational needs; they may also override all passwords or security codes when deemed necessary.

- The College may from time to time, as it deems necessary in the ordinary course of business, monitor students’ use of the electronic communication systems.
- No users of the College’s electronic communications systems shall use such systems to violate or infringe upon the copyright of any third party.
- The equipment, services, and technology provided to access the Internet or other electronic communication devices remain at all times the property of The College. The unauthorized use, installation, copying, or distribution of copyrighted, trademarked, or patented material on the Internet is expressly prohibited.

All electronic communications are part of the College’s records and, as such, may be disclosed without the user’s permission. Therefore, students should not assume that any communication is “private,” even if the

student designates the message as such. Students are responsible for safeguarding their log-on and other passwords or security codes. They may not share these codes with any third party or with another student.

The College of Westchester makes no warranties of any kind, whether express or implied, for the information systems and communications services it is providing, and will not be responsible for any damages users suffer including loss of data.

All parties who use the College’s electronic communication systems are deemed to have accepted this policy and are required to comply with it. Any student who violates this policy or uses the computer, other electronic, or telephone systems for improper purposes shall be subject to discipline, up to and including termination. Students are responsible for reporting any violations of this policy to the Director of Administration.

Social Media Policy for Students

The College of Westchester maintains a number of CW social media websites located on Facebook, Twitter, and LinkedIn, to name a few. In addition, CW online courses, including hybrid courses, require faculty and student participation in discussion boards. In recognition of these activities, below are guidelines that have been developed for students:

General Guidelines:

- Respect the rights of CW staff, faculty and students and others to privacy including not disclosing personal information such as names, addresses, phone numbers or any other information that may identify any individual.
- CW’s logo, banner and related images are property of The College and any unauthorized use of CW’s logo, banner or related images is strictly prohibited.
- Whether you are posting to your social media website or participating in someone else’s, make it clear that you are expressing your own views and opinions, and that you do not speak on behalf of CW.
- Cite to the original source or reference for ideas, quotes or photos that are not your own. Include links to original sources or references.
- Adhere to the Computer Usage Policy and Code of Conduct as noted in the CW catalog and student handbook.

- Faculty will monitor the discussion board associated with the course you are taking using the same guidelines as noted here within. Your instructor reserves the right to include additional guidelines and will notify you of those additional guidelines. If you should have any concerns or problems, please address them with your faculty member.
- CW reserves the right to delete any post that is deemed inappropriate for any discussion forum, blogging website or any other social media websites that is under the jurisdiction of the College without prior notification to the student, faculty or staff.
- Uploading photos and videos to CW's social media websites that display nudity, racist conduct or other vulgar behavior may be removed without prior notification.
- If a student has interest in creating a CW social media website, the student must contact CW's Director and Special Assistant to the President for Marketing and Public Relations to obtain CW's written approval for a CW social media website and assistance in creating that website, if needed.

Netiquette

- Remain professional, respectful, and courteous at all times.
- Remember that a real human being wrote each message you see online and will read what you write in response. It is easy to misinterpret what was said, so do your best to give the benefit of the doubt.
- Focus on ideas rather than the people who hold them. If you have a strong opinion on a topic, it is OK to express why you hold that opinion without attacking those who disagree. Please be gracious with differing opinions.
- When upset, wait an hour (or even a day) before responding. Messages written in anger are often regretted later.
- Proofread and use the spell check tool when you type a post. It makes the post easier to read and helps your readers understand what you are saying.

Grounds for Disciplinary Action

A violation of the Grounds for Disciplinary Action may be construed to include: (a) active violation; (b) attempt to violate; and (c) solicitation of or aiding another in the commission of a violation.

Disciplinary action may be instituted in any case in which an individual or group of students is found in violation of any of the following regulations:

1. Conduct which could be construed to be a violation of any federal, state, or local law.
2. Conduct which disrupts or interferes with the personal or group rights of other members of The College community or with any activities of The College including, but not limited to, access to facilities and performance of normal duties.
3. Conduct which violates personal, group, or College rights to be secure against unlawful intrusion or seizure including, but not limited to: (a) theft or possession of stolen property; (b) possession or use of unauthorized College keys or access devices; (c) unauthorized entry; and (d) refusal to leave or to release any property when ordered to do so by any person having jurisdiction over it.
4. Damage to property including, but not limited to vandalism.
5. Academic dishonesty, as defined in this document.
6. Fraud, including, but not limited to, forgery, misuse, and/or alteration of College records, documents, or identification.
7. Use, possession, or distribution of controlled substances (illegal drugs, as defined by state and federal law) and precursors of controlled substances or drug paraphernalia, except as expressly permitted by state and federal law and College regulations.
8. Being in any place for the purpose of unlawful use, possession, or distribution of a controlled substance.
9. Disorderly, lewd, harassing, aggressive or indecent conduct, either verbal or physical.
10. Physical assault and/or sexual assault.
11. Willful failure or refusal to testify as a witness after having been directed to appear at a College disciplinary proceeding, unless the testimony would tend to implicate said student in a violation of College regulations; or knowingly providing false testimony or evidence at a College disciplinary proceeding.
12. Conduct which endangers the safety of The College community, including, but not limited to, tampering with safety or fire-warning devices; setting a fire on College property; reckless operation of a motor vehicle.

13. Conduct in violation of the Copyright Infringement policy.
14. Use, possession, or storage of dangerous weapons, chemicals, explosive devices or materials including, but not limited to, firearms, air guns, prohibited knives (such as switch knives, swords, daggers, gravity knives, throwing stars, and knives with blades more than three inches long), ammunition, slingshots, metallic knuckles, bows and arrows, firecrackers, and bombs.
15. Failure to comply with a College official in the performance of his or her duties, including but not limited to, failure to provide valid identification or knowingly furnishing false information.
16. Failure to honor financial obligations to The College or to any element thereof.
17. Conduct which violates College or student government regulations established for any specific area or department by those having jurisdiction over it.
18. Failure to comply with the Rules of Maintenance of Public Order.

Discipline Procedures

The College of Westchester's Discipline Policy is intended to support the standards of The College with regard to the conduct of students and the academic honor code. A student possessing drugs, alcohol, or weapons on college property, or accused of any other major offense, may be immediately dismissed from The College.

Students accused of a breach of discipline will be referred to the Discipline Committee composed of three faculty members who are not involved in the issue at hand. The Dean of Student Academic Services or a designee may immediately suspend a student accused of a breach of discipline or who represents a potential danger pending the convening of the committee. Prior to the Discipline Committee hearing, the student will be notified of the date, time and place of the hearing by overnight mail and telephone. If the accused student fails to appear at the hearing, the committee will proceed as scheduled and make a decision based upon the facts presented.

The accused student will be notified by overnight mail and telephone of the committee's decision 24 to 48 hours after the hearing. If the accused student does not fulfill the penalty imposed by the committee,

the student will be suspended or dismissed by the Dean of Student Academic Services. The accused student may appeal the Committee's decision to the Vice President of Academic and Student Affairs. The appeal must be submitted, in writing, within three days of the committee's decision and must include a rationale for seeking the appeal. The punishment may be reduced but will not be made more severe.

The College must, upon written request, disclose to the alleged victim of a crime of violence, or non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution must provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Suspension Based on Conduct

The College of Westchester reserves the right to place a student on an emergency suspension when the continued presence of such a student could constitute a danger to the safety of persons or property on the premises of The College. In the event of such a suspension, the student, upon written request, shall have the right to a hearing before the Discipline Committee within five business days after said request.

Grievance Procedures

A student who believes that an error or misjudgment has been made regarding a college policy should first discuss the matter with his/her academic advisor. If, after a review of the matter, the student still believes that the issue has not been resolved, a formal hearing on the matter may be requested. The request for this formal review must be made to the Dean of Student Academic Services, in writing, citing the basis for grievance, within one month of the incident in question. If the request is approved, the Vice President of Academic and Student Affairs will meet with the student and any affected parties to arrive at a final determination. A decision will be made within two weeks of the committee's formation.

If the student still believes that he/she has been aggrieved by The College, the student may file a complaint with the New York State Education Department, Office of College and University Evaluation, Education building, 5 North Mezzanine, 89 Washington Avenue, Albany, NY 12234.

If a student has a discrimination or sexual harassment complaint, the student may file a complaint with the Office of Civil Rights-New York Office, U.S. Department of Education, 32 Old Slip, 26th Floor, New York, New York 10005-2500.

A complaint of consumer fraud may be filed with the Office of the New York State Attorney General, Justice Building, Empire State Plaza, Albany, NY 12223.

A complaint about State Student Financial Aid matters may be made with the Higher Education Services Corporation (HESC), Customer Communications Center at 1-888-NYS-HESC. Students who file a grievance are hereby assured that no adverse action will be taken against them for filing a complaint.

Returning Students

If a student withdraws from The College for any reason and then decides to return after a period of time, the administration must evaluate his/her academic and financial eligibility to resume academic studies. Students who return to The College will be required to follow whatever new or additional program requirements are in place at the time of their return.

Short-term withdrawals should contact the Academic Center to schedule a Restart appointment, while students who have been out for a longer period of time may be required to follow the Re-enrollment process through the Admissions Office.

Non-Credit Developmental Courses

Based on a student's placement assessment, he/she may be required to successfully complete Basics of Math and/or Basics of Communications. Basics of Mathematics and Basics of Communications are non-credit developmental courses. A student may earn a "Satisfactory" or "Unsatisfactory" grade which will not impact on his/her cumulative grade point average. Although these courses carry institutional credit units they are not counted toward graduation credit requirements. Enrollment in these courses may increase the number of sessions necessary to complete degree requirements. If a student receives an "Unsatisfactory" grade, he/she must repeat the course.

Leave of Absence

It is expected that students will fulfill the requirements for the degree or certificate by registering for successive sessions. However, if emergency medical, family, military active duty, or other extenuating circumstances require students to interrupt their studies for a short period of time, a leave of absence may be granted at the discretion of the Dean of Student Academic Services or Dean of Evening/Saturday College, not to exceed 180 days in a twelve month period. Each Leave of Absence will be evaluated on a case by case basis. Documentation supporting the request for a Leave of Absence is required.

The Leave of Absence application form may be obtained from the Academic Center. Required documents must be submitted by determined deadline for the Leave of Absence to be processed. The student must meet with an advising professional to discuss the request for a Leave of Absence. Students who are approved for a Leave of Absence will be considered enrolled at The College until the end of the approved Leave of Absence date. Taking a Leave of Absence will alter a student's date of program completion. Students are responsible for meeting all deadlines for tuition payments and student financial assistance applications. If a student does not return to The College at the end of the Leave of Absence, the student will be officially withdrawn with the student's last date of attendance.

Involuntary Leaves of Absence

The Director of the Counseling Center and/or the Dean of Student Academic Services may determine that a Leave of Absence may be granted based on medical, psychological, or safety factors if it would be in the best interests of the student or The College. This action may be taken if, in the opinion of either the Director or Dean, a student exhibits behavior which creates, continues, or presents a risk of harm to the physical or mental health of the student concerned or others. This leave will be processed through the office of the Dean of Student Academic Services. It is subject only to a written appeal to the Vice President of Academic and Student Affairs within five business days after written notification. Any appeal must include adequate documentation that these circumstances will no longer interfere with the student's pursuit of academic progress. The Director of the Counseling Center and/or the Dean of Student

Academic Services must consent to the readmission of any student who is granted or placed on a medical or psychological leave of absence, in addition to the student complying with any other conditions for readmission that may have been imposed. Students will be required to submit documentation from a psychologist or mental health practitioner supporting the student's request to return to The College.

Withdrawal from The College

If a student finds it necessary to withdraw from The College, he/she must contact an advising professional to discuss the withdrawal process. A student should also contact a member of the Student Financial Services Department to discuss any financial obligations to the College and to complete the Student Loan exit interview if applicable.

If a student in the Day College withdraws from The College within the twenty calendar days following the eight calendar days of the Add/Drop period (total of 28 calendar days), a grade of WD (withdrawal no credit) will be given. After the end of the Withdrawal period, withdrawal from The College will result in "F" grades for the courses.

If a student in the Evening College withdraws from The College within the eight (8) calendar days following the nine (9) days of the Add/Drop period (a total of 17 calendar days), a grade of WD (withdrawal no credit) will be given. After the end of the Withdrawal period, withdrawal from The College will result in "F" grades for the courses.

If a student in the Saturday College withdraws from The College within the eight (8) calendar days following the eight (8) calendar days of the Add/Drop period (total of 16 calendar days), a grade of WD (withdrawal no credit) will be given. After the end of the Withdrawal period, withdrawal from The College will result in "F" grades for the courses.

In the Online Division if a student withdraws within the eight (8) calendar days following the eight (8) calendar days of the Drop period (total of 16 calendar days), a grade of WD (withdrawal no credit) will be given. After the Withdrawal period, withdrawal from The College will result in "F" grades for the courses.

Please refer to the catalog or its addendum for refund and withdrawal policies that may affect student financial responsibility.

Military Leave

Active-duty and reserve military students who are deployed overseas and provides appropriate documentation can return without academic or financial penalty. Active-duty students who are deployed and reserve military students who are involuntarily activated for military service will receive WD grades which carry no academic penalty. In addition, if a student is deployed we will issue an administrative credit to cover the balance for the term. Contact directly cwveterans@cw.edu for assistance.

Military dependents (who are active students) who must leave college because their families are moving due to redeployment relocation and provide appropriate documentation may be treated in the same manner as military students and can receive WD grades which carry no academic penalty. In addition, we will issue an administrative credit to cover the balance for the term. Contact directly cwveterans@cw.edu for assistance.

Retention Rate

The information provided below is in accordance with the federal Student Right-to-Know Act. Graduation rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Education Data System-Graduation Rate Survey).

Of the first time full-time freshman who enrolled in The College in a certificate or degree program in Fall 2005 and the summer immediately preceding, 45% have graduated and 16% have transferred out. Graduation rates are calculated based on 150% of the normal program length.

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day The College receives a request for access. A student should submit to the Registrar or the Dean a written request that identifies the records the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask The College to amend a record should write The College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If The College decides not to amend the record as requested, the college will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before The College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by The College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom The College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. (A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for The College.)
4. An educational agency or institution may redisclose personally identifiable information from an education record only on the condition that the party to whom the information is disclosed will not disclose the information to any other party without the prior consent of the parent or eligible student. Notice to the parents or students is required before redisclosing personally identifiable information on behalf of the educational agency in response to judicial order or subpoena.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by The College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W. Washington, DC 20202-5901.

The College of Westchester will release the following directory information upon request: name; local address and telephone number; e-mail address; photographs; student identification number; name and address of emergency contact; dates of attendance; country of citizenship; school, college or division of enrollment; field of study; credit hours earned; degrees earned; honors received; and participation in organizations and activities chartered or otherwise established by The College. A student who does not wish such directory information released must file a written notice with the Registrar at the beginning of each session of enrollment.

The College cannot disclose personally identifiable information from a student's education records to parents unless the student has signed a written consent form which is available from the office of the Dean of Student Academic Services.

Copies of The College's full policy statement on the release of student information, and procedures for exercising these rights are available from the office of the Dean of Student Academic Services.

Nondiscrimination Policy/Affirmative Action and Title IX/Equal Opportunity/Section 504

The College of Westchester is an equal opportunity employer and conforms to the regulations and policies of Affirmative Action, Title IX and Section 504 of the Rehabilitation Act of 1973. The College of Westchester's nondiscrimination policy prohibits discrimination in all areas of its operation. The College of Westchester does not unlawfully discriminate against any person on the basis of race, color, religion, sex, national origin, age, handicap, veteran status or sexual orientation. This policy covers all programs, services, policies and procedures of The College of Westchester, including admission to education programs and employment. Inquiries with respect to these regulations may be referred to the Vice President of Academic and Student Affairs.

College-Wide Core Competencies

Core competencies are particular strengths relative to all students at The College of Westchester. These core competencies provide the fundamental basis of learning. They are the integration of knowledge, skills, and attitudes that require many elements of learning which are acquired during a student's course of study at The College of Westchester. Core competencies are the results of student learning experiences across courses, programs, and degrees.

Professional Competency and Ethical Awareness

Student Learning Outcomes: Students will conduct themselves in a professional and respectful manner, demonstrate awareness of personal responsibility and ethical conduct in their civic, social, academic and professional lives and meet the professional standards and competencies specific to their discipline by demonstrating the knowledge, skills, attributes and work ethic required for successful employment within the profession. This outcome will be evidenced through:

- Knowledge of the technical, social and professional skills essential in one's chosen profession.
- A healthy work ethic conducive to success in business.
- Good judgment in personal appearance, wardrobe selection appropriate to the chosen professional sector and a respect for the dignity and worth of individuals with whom they professionally interact.

Critical and Competent Use of Technology

Student Learning Outcomes: Students will demonstrate proficiency in the competent and ethical use of a variety of standard computer technologies and software applications specific to their field of study. This outcome will be evidenced through:

- Effective use of contemporary software applications in the business or professional setting.
- The ability to effectively communicate with colleagues and clients, visually and textually, using current software applications.
- The ability to use technology in a manner consistent with ethical and legal standards.

Communication Skills

Student Learning Outcomes: Students will express themselves clearly and concisely to others through the

effective use of interpersonal, oral, written and visual communication as evidenced by logical, well-organized and well-documented papers, oral and technology-assisted presentations. This outcome will be evidenced through:

- A facility in the use of language in spoken and written forms that is correct, clear and expressive.
- The use of well-chosen vocabulary that enriches communication.
- A command of the language of a chosen profession.

Problem Solving

Student Learning Outcomes: Students will demonstrate the ability to solve problems by selecting and applying appropriate information resources, logical thought processes and problem-solving methodologies. This outcome will be evidenced through:

- The ability to initiate, adapt, and/or create steps in working toward solutions in groups or alone.
- The employment of sound decision making strategies.
- The ability to evaluate the effectiveness of solutions.

Critical Thinking and Information Literacy

Student Learning Outcomes: Students will effectively identify, retrieve, analyze, evaluate, interpret, synthesize and apply information and ideas from diverse sources and disciplines. This outcome will be evidenced through:

- A process of inquiry and logical deduction.
- The ability to determine whether certain conclusions or consequences are supported by the information provided.
- The ability to identify and evaluate sources of information for accuracy, relevance and credibility from both print and electronic sources.

Teamwork & Leadership

Student Learning Outcomes: Students will demonstrate the ability to work cooperatively and productively with others in both peer and leadership roles. This outcome will be evidenced through:

- The ability to work effectively with others in a constructive manner and to respect the ideas and opinions of others.
- A respect for diversity and the strength that diversity brings to decision making.
- Leadership qualities by being a motivational force within team settings.

School of Business

The School of Business offers associate and bachelor level programs through the Departments of Accounting and Business Administration. Each department has a well-defined curriculum, which is designed to equip graduates with academic skills and job-specific knowledge and experience. Students are strongly encouraged to pursue internships at the associate level; bachelor students complete internships as required by your course of study. A variety of business and general education courses are offered to students so that they become well-rounded graduates.

Each department attracts faculty who are not only successful practitioners but also talented professors. Learning through experience is the cornerstone of each academic program: Students are presented with real life problems to address using newly developed, course-related skills. Student learning is also shaped by the inclusion of local professionals in each program as guest lecturers, panelists, internship supervisors or mock clients. The School of Business offers students a chance to compete as either a business generalist or specialist by providing a relevant, career-specific course of study designed to position each student for career success.

Accounting

Bachelor of Business Administration, Accounting (B.B.A.) – HEGIS Code 0502

The accounting curriculum places a strong emphasis on accounting concepts, ethics and practical business knowledge. The Bachelor of Business Administration degree in Accounting (B.B.A.) provides students with a solid business foundation through an advanced curriculum in accounting and complementary courses in finance, technology, marketing and business law. In addition, critical business skills such as strategic planning, team building, problem solving and decision making are developed. Experiencing this career-specific curriculum helps students prepare for a wide variety of accounting and financial related career tracks in business, government and nonprofit organizations.

Accounting Outcomes

Graduates of the B.B.A. in Accounting degree should be able to:

- Apply and discuss Generally Accepted Accounting Principles (GAAP)
- Prepare and analyze financial statements
- Compare and contrast individual and corporate taxation concepts
- Practice fundamental cost accounting principles
- Create financial reports based upon cost projections
- Effectively utilize accounting information systems
- Evaluate internal control systems for accounting
- Identify legal and professional issues in accounting
- Develop proficient use of accounting and business software applications
- Apply general business principles
- Demonstrate mastery of financial management concepts
- Develop analytical skills and teamwork
- Enhance critical thinking, problem solving and leadership skills
- Strengthen oral and written communication and research skills
- Model ethical and professional behavior

ACC470A Preparation Workshop for BBA Internship	
ACC470B BBA Internship	

Accounting Program Disclosure Information

CIP Code: 52.0301 **Credential Level: 03**
Bachelor Degree (B.B.A.) **OPEID Code: 005208**

This program is intended to lead to jobs in the following occupations: *Accountants* (13-2011.01), *Credit Analysts* (13-2041.00), *Tax Examiners, Collectors, and Revenue Agents* (13-2081.00)

Profiles for these occupations can be found at the U.S. Department of Labor's O*NET website by clicking the links provided or by visiting <http://www.onetonline.org> and entering the Standard Occupational Classification (SOC) codes provided.

The normal time required for Day College students to complete this program is 36 months. The normal time required for Evening / Saturday College students to complete this program is 49 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations. Since the first graduating cohort from this program is not expected until 2013, on-time graduation data is not yet available.

Tuition for this program is \$710 per credit with 120 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$95,600. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$4,950 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

Since the first graduating cohort from this program is not expected until 2013, median debt level data at graduation is not yet available. For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Accounting

(Two-Year Transfer)

Bachelor of Business Administration Degree, Accounting (B.B.A.) – HEGIS Code 0502

Accounting

Associate Degree Program (A.A.S.) – HEGIS Code 5002

The Accounting program provides students with an accounting curriculum which places a strong focus on computer applications and problem solving in a group environment. Upon graduation, students should be prepared for a variety of career possibilities in which a thorough understanding of applications of the principles of accounting is essential. Graduates continuing their education may transfer credits to baccalaureate studies.

Program Learning Outcomes

Graduates of the Associate Accounting degree program should be able to:

- Apply Generally Accepted Accounting Principles (GAAP)
- Prepare financial statements
- Compare and contrast individual taxation concepts
- Practice fundamental cost accounting principles
- Develop proficient use of accounting and business software applications
- Apply general business principles
- Develop analytical skills and teamwork
- Distinguish ethical from unethical behavior
- Improve oral, written communication, and critical thinking skills

Business Administration

Bachelor in Business Administration Degree Program (B.B.A.) – HEGIS Code 0506

The Bachelor of Business Administration (B.B.A.) Degree in Business Administration offers students a strong and broad business program by integrating courses in management, marketing, finance, technology, and project management. Students will learn applied business skills such as problem solving, decision making, team building and strategic planning. In addition, the B.B.A. program includes a unique Project Management focus that provides specialized skills often desired by employers. B.B.A. students will also focus and develop their newly acquired skills and knowledge during a required Internship or similar project requirement. All baccalaureate students will experience a global, job specific curriculum that will prepare them for a wide variety of business career tracks – in addition to graduate school.

Program Learning Outcomes

Graduates of the B.B.A. Degree in the Business Administration program should be able to:

- Explain how businesses are organized and operate
- Develop public speaking and writing skills
- Practice the decision making process
- Analyze and interpret business-related current events and case studies
- Evaluate various marketing and sales techniques
- Develop skills used to manage people and processes
- Create a comprehensive business plan
- Strengthen research, planning and analytical skills
- Enhance critical thinking skills
- Interpret the impact of business decisions
- Demonstrate fundamental management, leadership and decision making skills
- Effectively apply Project Management tools and techniques

School of Allied Health

The School of Allied Health at The College of Westchester serves as a leader in the education of innovative and responsible allied health professionals. These include graduates of our Medical Assistant Management and Medical Office Systems Management programs. The school, in response to the needs of the community and society, promotes excellence in healthcare services. Strong linkages with clinical educators and advisory council members of the healthcare community are essential to the success of our programs.

Estelle Coffino, M.P.A., B.S., RRT, CPFT, CCMA

Program Director/Chairperson Allied Health

Medical Assistant Management

Associate Degree Program (A.A.S.) – HEGIS Code 5214

The Associate in Applied Science Degree program in Medical Assistant Management will provide students with the specific skills needed to seek careers as professionals in a medical or health services setting. Graduates of the program will have acquired the requisite skills to become employed in organizations ranging from hospitals to ambulatory care facilities. Because the program combines both administrative and clinical skills, the types of positions for which these graduates can qualify include medical administrative assistant and clinical medical assistant. Job duties may include but not limited to performing EKG, phlebotomy, medical administration, medical billing and medical coding.

Program Learning Outcomes

Graduates of the Associate's Medical Assistant Management program should be able to:

- Demonstrate competency in the performance of administrative and clinical skills
- Employ critical thinking to identify, analyze, and problem solve issues related to a medical practice
- Document skills used for administering patient care utilizing medical asepsis, standard precautions, and safety procedures as required by OSHA
- Apply knowledge and skills of various clinical procedures such as vital signs, laboratory testing, and other diagnostic and medical procedures
- Interpret and apply use of medical terminology and legal and ethical standards of practice
- Recognize emergency situations and respond appropriately using emergency care techniques
- Effectively communicate with patients, families, and other health professionals in a medical environment including preventative and treatment regimes as prescribed by the physician
- Apply acquired knowledge in administrative, medical science, and clinical coursework to perform as a medical assistant

The normal time required for Day College students to complete this program is 20 months. In 2010-11, 55.6% of Day College graduates of this program completed within 20 months and 77.8% completed in 23 months. The normal time required for Evening / Saturday College students to complete this program is 28 months. In 2010-11, 47.4% of Evening / Saturday graduates of this program completed within 28 months and 89.5% completed in 32 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations.

Tuition for this program is \$710 per credit with 66 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$51,935. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$2,450 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

For Day College students who graduated from this program in 2010-11, their median debt level at graduation was \$15,178 for Federal Title IV loans, zero in private loans and zero in institutional financing plan. For Evening/Saturday students who graduated from this program in 2010-11, their median debt level at graduation was \$24,053 for Federal Title IV loans, zero in private loans and zero in institutional financing plans.

For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Medical Office Systems Management

Associate Degree Program (A.O.S.) – HEGIS Code 5005

The Medical Office Systems Management program prepares students for various medical office professional level employment opportunities. Graduates of this program are qualified to seek employment in medical office administration, medical administrative assistant, or medical office management positions in which administrative skills and knowledge of medical billing and medical coding procedures are most important.

Program Learning Outcomes

Graduates of the Associate’s Medical Office Systems Management program should be able to:

- Apply diagnostic and procedural coding using resources such as CPT, ICD-9CM, and HCPCS
- Demonstrate the ability to analyze all medical reports to properly identify all procedures and diagnoses
- Successfully process medical insurance claims both manually and electronically
- Apply knowledge of the medical insurance industry by accurately recording co-payments, deductibles, and coinsurance
- Demonstrate knowledge and adherence to HIPAA regulations
- Perform administrative functions germane to the daily operations of a medical office

Medical Office Specialist

Certificate Program – HEGIS Code 5005

The Medical Office Specialist Certificate is designed to provide students with the administrative skills they will need to pursue non-clinical careers in the Healthcare Industry. A strong focus of the program is placed on administrative practice management applications as well as on medical billing and coding. Upon graduation, students can be qualified to seek entry level employment as a medical administrative assistant in a variety of healthcare settings, including but not limited to medical practices, hospitals and healthcare consulting companies. Credits are transferable to the associate degree program, Medical Office Systems Management.

School of Digital Media

The mission of the School of Digital Media is to prepare students to become employable as creative and adaptable media specialists. The School of Digital Media offers an Associate Degree with concentrations in game design, web design & development, graphic design, and digital video & animation. Successful completion of the graduation requirements prepares the student for numerous job opportunities and rewarding careers.

Marc Hess, M.S., B.A.

Assistant Professor

Chairperson, Digital Media

(Certifications: Autodesk 3ds Max 2012 Certified Associate, Macromedia Flash 5 Developer, Flash MX Designer, Dreamweaver MX Developer, CIW Foundations, CIW Site Designer)

Digital Media

Associate Degree Program (A.A.S.) – HEGIS Code 5199

The Digital Media program is designed to provide students with the skills to work as designers and developers in a diverse and evolving industry that includes graphic design, web design, animation, video and visual effects, and game design. The program utilizes the most current digital media technologies which enable students to create and enhance personal portfolios at the culmination of the degree, which will emphasize their strengths, skills, and potential.

Program Learning Outcomes

Graduates of the Associate’s Digital Media program should be able to:

- Demonstrate effective use of industry terminology and practices
- Employ a competent and critical use of industry tools and practices to implement well-designed and creative professional projects from idea through completion
- Possess and employ a well-defined foundation of traditional and contemporary design theories and practices
- Exhibit a professional work ethic and the practices essential to perform in the creative industries
- Effectively analyze, interpret and translate client desires and communications into professional dynamic solutions

School of Information Technology

The School of Information Technology offers degrees that prepare graduates for a dynamic career in the diverse field of Information Technology (IT) as well as satisfy the industry's demand for IT certified professionals in the following areas: network technologies, administration, and service and support of systems and users.

Through practical application of classroom theory in lab environments, students majoring in the Computer Network Administration degree or Computer Networking Specialist certificate programs learn the technical skills and gain the theoretical knowledge necessary to understand current computer and network technologies and interpret emerging technologies while developing problem solving, critical thinking, communication and teamwork skills.

Computer Network Administration

Associate Degree Program (A.A.S.) – Hegis Code 5199

The Computer Network Administration program provides students with a leading edge career education to succeed in today’s technical world. Students study administration, design, support and maintenance of local area and wide area networks through lecture and using Microsoft Windows operating systems and Cisco IOS. The program includes additional non-technical courses to enhance the student’s career opportunities. Graduates of this program are qualified to seek positions in the computer networking field.

Program Learning Outcomes

Graduates of the Computer Network Administration program should be able to:

- Demonstrate hardware and software competencies through planning and building personal computers.
- Install, configure, manage, and monitor networked environments.
- Administer and maintain networks using routers and switches.
- Analyze and evaluate user, application, host, and network requirements.
- Establish logical design goals by creating Local and Wide Area Network (LAN/WAN) design schemes.
- Create a physical design plan by applying LAN/WAN schemes to physical devices such as computers and network devices.
- Adhere to ethical and professional standards in the workplace.
- Apply critical thinking and problem-solving skills to novel situations in network administration for various business environments.

Curricula Special Notes:

- Refer to Course descriptions for prerequisites. Prerequisites are the recommended sequencing order for courses, but these sequences are sometimes waived with permission of the chairperson or the dean.
- In most cases 100 level courses are taught in the First Academic Year while 200, 300 and 400 level courses are taught during the Second Academic Year. Refer to Course descriptions and prerequisites for course sequencing.
- General Education courses required for a student's program are noted with a course code beginning with GEN. All other required courses in each program are considered part of the student's major area of concentration.
- Not all programs, or courses are offered in all divisions. Some electives are offered only on sufficient demand. See course descriptions for details. For more detailed offerings, contact an admissions counselor.

Course Descriptions

In addition to the required number of credits for each program, please refer to page 24 for other graduation requirements. Please refer to page 12 for information regarding proficiency testing for advanced standing. All courses are offered with regular frequency in the academic year unless noted otherwise:

- Note 1 Offered at least twice per academic year.
- Note 2 Offered at least once per academic year.
- Note 3 Offered only on sufficient demand.

Note - Some networking and computer courses are designed to help students prepare for Microsoft and other Certification Exams. Completion or passing of these courses is no assurance that students will pass the Certification Exams.

Academic Enrichment

ACE106 Basics of Mathematics 3 Institutional Credits

This course teaches math for everyday use. It is a process-oriented course that helps students with math concepts and calculations. Sample topics include decimals, percentages, and fractions. This course must be successfully completed before progressing to the next level of mathematics. This course is graded as "Satisfactory" or "Unsatisfactory." If a student receives an "Unsatisfactory" grade, he/she must repeat the course.

ACE108 Basics of Communications 3 Institutional Credits

This course develops basic writing proficiency in standard written English by focusing on composing skills. Focus is placed on sentence structure, word usage, reading comprehension, listening and writing. By placement only. This course must be taken in the first term. Course graded on a "Satisfactory" or "Unsatisfactory" basis. This course must be successfully passed before progressing to English Composition I. If a student receives an "Unsatisfactory" grade, he/she must repeat the course.

ACE110 Transformative Learning 3 Credit Hours

This course will introduce students to the value of change, personal growth and transformation. Students will engage in activities designed to stimulate reflective thinking, create a positive personal outlook and foster "behaviors of success."

Accounting

ACC107 Financial Accounting I 3 Credit Hours

Students taking Financial Accounting I will be involved in accounting theory and its applications. In addition, there will be an in-depth study of the nature of assets and liabilities such as: cash, receivables, short-term investments, inventories, plant & equipment, intangibles and the preparation of financial statements. During the semester, emphasis will be placed on journal entries, posting, preparation of month-end financial statements as well as closing and adjusting entries.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

ACC108 Financial Accounting II 3 Credit Hours

Students continuing on to Financial Accounting II will be focusing more on the topics in Corporate accounting such as: contributed capital, stock rights, convertible securities, retained earnings and earnings per share. The course will also focus on procedures for a merchandising business which includes: accounts receivables, notes and interest, types of inventory systems and inventory valuation, accounting for long-term assets and related depreciation methods. In addition, the course covers bond discounts and premiums, statement of cash flows, analysis of financial statements including comparative analysis and liquidity, profitability and leverage measurement.

Prerequisite: ACC107 or permission to waive

ACC129 Corporate and Partnership Taxation 3 Credit Hours

This course is an introductory course in which basic Federal income taxation principles and concepts pertaining to partnerships and corporations are applied. The Internal Revenue Code, methods and forms required to complete tax returns will also be introduced. The course will be taught in conjunction with simulated case projects, both manual and computerized.

Prerequisite: ACC107 or permission to waive (See Note 3)

ACC131 Computerized Accounting I 3 Credit Hours

This course will enable students to apply their knowledge of accounting utilizing computer software. Students will use Peachtree, QuickBooks and other software to perform general ledger, accounts receivable, accounts payable, inventory, job costs and payroll functions. In addition, students will complete an accounting practice set using the computer software for the purpose of an "on the job" simulation.

Prerequisite: ACC108 or permission to waive

ACC202 Computerized Accounting II 3 Credit Hours

This course is a continuation of Computerized Accounting I into advanced phases with an emphasis on the use of various other types of computerized programs. The focus of this course is to expose the student to the different computer applications used in accounting. It

also provides hands-on experience, culminating with the completion of a specifically designed practice set on the computer. This course integrates all aspects of manual accounting with the computer.

Prerequisite: ACC131 or permission to waive (See Note 3)

ACC206 Federal Income Taxation 3 Credit Hours

This course briefly reviews the history of taxation, tax legislation and research and covers the Internal Revenue Code and Regulations. Methods and forms required to complete tax returns are carefully examined and completed.

Prerequisite: ACC107 or permission to waive

ACC211 Intermediate Accounting I 3 Credit Hours

This course presents an introduction to the basic concepts and principles of financial accounting and an in-depth analysis of the basic elements in accounting. Included are cash and investments, receivables, inventory and related financial statements, general valuation procedures, inventory estimating procedures and an overview of the accounting processes through problem solving.

Prerequisite: ACC108 or permission to waive

ACC220 Practical Applications in Accounting 3 Credit Hours

This course will be taught with a hands-on approach. Students will learn to apply the concepts learned in Financial Accounting I through exercises based on typical applications and forms used in business and industry. Students will acquire, through simulated practice sets, the skills that will be needed in a real world work environment. Topics emphasized will be payroll applications, inventory, depreciation valuations, adjusting and closing entries.

Prerequisite: ACC108 or permission to waive

ACC221 Cost Accounting 3 Credit Hours

This course is a study of the principles of cost accounting by elements: material, labor and overhead. Applications to modern manufacturing plants and other types of business enterprises are presented.

Prerequisite: ACC108 or permission to waive

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

ACC229 Fraud and Forensics 3 Credit Hours

This course examines the nature and many types of fraudulent business and accounting activities prevalent in today's technologically advanced world. The course uses real life cases and business examples to teach students how to identify, detect, investigate and prevent fraud. (See Note 3)

ACC230 Not for Profit Accounting 3 Credit Hours

This course examines the basics of not-for-profit accounting which includes: basic financial statements of a not for profit organization; contributions; investments and financial instruments; joint costs and indirect cost allocation. The course will also examine the financial health of not for profit organizations and current developments. *Prerequisite: ACC107 or permission to waive (See Note 3)*

ACC301 Internship: Accounting 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation. *Prerequisites: GPA 2.5 or higher, Prior approval by the Department Chairperson is required before registration.*

ACC311 Intermediate Accounting II 3 Credit Hours

This course is an advanced course which presents a detailed analysis with respect to fixed assets, liabilities and retained earnings. Also covered are retirement of fixed assets and related depreciation, valuation of capital stock, and accounting for bonds and investments. This course integrates and provides an emphasis on current financial topics and their application. *Prerequisite: ACC211 or permission to waive (See Note 2)*

ACC320 Accounting For Managers 3 Credit Hours

This course provides exposure to topics which include standard cost systems, budgeting, cost volume profit relationships and breakeven analysis. Spreadsheet and quantitative methods are utilized in class to analyze

simulated real life business situations applied to modern manufacturing plants and other types of business enterprises.

Prerequisite: ACC107 or permission to waive

ACC325 Advanced Accounting 3 Credit Hours

This course covers accounting and reporting for business combinations, mergers, consolidated financial statements, foreign currency transactions, equity method of reporting investments, intercompany transactions and translation of financial statements. Fund and selected governmental accounting topics will also be covered.

Prerequisite: ACC211 or permission to waive (See Note 3)

ACC330 Financial Statement Analysis 3 Credit Hours

This course advances the student's ability to effectively analyze a set of financial statements. The student will learn how to integrate key elements, such as economic characteristics and current conditions of a firm's businesses, in order to evaluate the profitability and risk of a company.

Prerequisite: ACC211 or permission to waive

ACC335 Advanced Federal Income Taxation 3 Credit Hours

Federal income taxation principles and concepts pertaining to partnerships, corporations, trusts and estates are introduced, examined and applied. Also discussed are transactions related to distributions, dividends, redemptions, liquidations, and reorganizations. Internal Revenue Code, rulings, regulations and research techniques are reviewed and applied. Advanced applications pertaining to individuals regarding tax planning and preparation are also examined. Students will complete simulated case projects.

Prerequisite: ACC206 or permission to waive

ACC345 Advanced Cost Accounting 3 Credit Hours

This course will help students gain a grasp of cost accounting systems that enable management to plan and tract production costs in the manufacturing process. Included in the review of costs will be materials, labor and factory overhead. Cost accounting systems will include process costing, standard costing and cost analysis.

Prerequisite: ACC221

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

ACC347 Accounting Information Systems 3 Credit Hours

The course provides a comprehensive presentation of the fundamentals of data organization, classification, control, and reporting. Various accounting systems will be analyzed with an emphasis on database management and systems analysis, creation, and control.

Prerequisite: ACC311

ACC350 Accounting Ethics and Professional Responsibility 3 Credit Hours

This course examines the background and nature of the "new" era of corporate and professional accountability and governance. Readings and cases examine the behavior and interaction of directors, executives and accountants. Important legislation which has impacted the practice of accounting and the current business environment will be discussed and critiqued in order to expose students to moral and ethical decision making. The "new" code of conduct (as provided by the PCAOB, SEC, AICPA, SOX and ethical decision models) should have appropriate values and ethical reasoning integrated throughout the course material.

Prerequisites: ACC211 and Junior Status

ACC405 Accounting Theory and Problems 3 Credit Hours

This is an advanced course with an in-depth study of accounting theory and the practice of accounting. Underlying concepts found in Generally Accepted Accounting Principles, Financial Accounting Standards Board pronouncements and International Reporting Financial Standards are reviewed, discussed and evaluated. Other topics relevant to the practice of accounting are also discussed.

Prerequisite: ACC311 or permission to waive (See Note 3)

ACC415 Auditing 3 Credit Hours

Standards, procedures and techniques used by certified public accountants in the examination of financial statements will be introduced, reviewed and applied. The nature and use of internal control procedures and methods of gathering audit evidence will be emphasized. The auditor's report will be reviewed and discussed with a focus on form and content. Ethical and legal consider-

ations will also be emphasized. Students will complete a comprehensive case study.

Prerequisite: ACC311 or permission to waive

ACC470 BBA Accounting Internship 3 Credit Hours

THIS COURSE IS FOR DAY STUDENTS ONLY

The Internship is a capstone course involving the culmination project in the Accounting BBA program. It will provide students an opportunity to demonstrate they have achieved the goals for learning established within the program. The Internship course integrates course-work, knowledge, skills, and practical learning to enable the student to demonstrate a broad mastery of learning across the curriculum for future employability and further career advancement.

Prerequisites: Completion of 42 of the 54 credits required in the BBA program and a minimum GPA of 2.0. The Internship course must be taken in the final semester of a student's BBA program.

ACC470A Preparation Workshop for BBA Accounting Internship Non Credit

THIS COURSE IS FOR EVENING/SATURDAY AND ONLINE STUDENTS ONLY

This course is a non-credit workshop which occurs in the term prior to the BBA Accounting Internship assignment. The purpose of this workshop is to complete the internship site selection process, which may entail a formal interview with the prospective site supervisor. Students must complete this workshop in order to enroll in the ACC470B – BBA Accounting Internship.

Prerequisites: Junior status and enrollment in penultimate term of B.B.A. Accounting program.

ACC470B BBA Accounting Internship 3 CREDITS

THIS COURSE IS FOR EVENING/SATURDAY AND ONLINE STUDENTS ONLY

This course is a continuation of ACC470A. The Internship is the capstone course for the BBA in Accounting. Students will be placed in a workplace setting where they will have the opportunity to apply their skills and knowledge to typical tasks they may encounter in actual employment. They will be expected to report to their

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

worksites as if they were employees and will be subject to supervision, coaching, performance feedback, and responsibility for assignments appropriate to their preparation and employee level. Work schedules will be combined with class meetings. These meetings will be jointly conducted by professors from Career Development Services and the General Education department. The purpose of these classes is to reflect upon Internship experiences and assignments, review and discuss journal entries, organize thoughts, ideas and materials for the internship paper, receive and offer support to fellow internship students, gain greater self-awareness of one's preparation and readiness for work using their skill set.

Prerequisites: ACC470A and completion of 42 of the 54 credits required in the BBA program and a GPA of at least 2.0.

Business Administration

BUS103 Introduction to Business Ventures 3 Credit Hours

This course allows students to explore a variety of industries of interest to them. The structure of the organizations, competitive activity, consumer attitudes as well as the job functions needed to make each successful will be examined. Students will engage in group discussions regarding the importance of the industry to the consumer and the economy. Students will complete this introductory course with a broad knowledge that can be streamlined to a specific industry in courses that follow.

BUS112 Principles of Marketing 3 Credit Hours

This course surveys the general nature of marketing concepts, process, organization and buyer behavior. It also examines the basic decision areas of product, distribution, promotion, pricing and society's interaction with the dynamics of marketing.

BUS123 Human Resources Management 3 Credit Hours

Provides the foundation for the contemporary theory and practices relating to the management of people through a behavioral approach. Major attention is devoted to the process of personnel procurement, development and maintenance of human resources. This includes sound

practices in selection, training, motivation and compensation of employees.

Prerequisite: BUS103 or MED111 or permission to waive (See Note 1)

BUS150 Business Law 3 Credit Hours

Courts, court procedures, torts and crimes introduce the basic study of law as a foundation for the more extensive study of contracts, their nature, requirements and regulations under the Uniform Commercial Code. Sales contracts are covered with thorough attention to transfer of title and risk of loss.

BUS151 E-Commerce Retailing 3 Credit Hours

This course will introduce students to the world of Electronic Commerce. A twofold approach will be used to cover the topic. First, from the business perspective, topics will include the development of on-line catalogs, consumer demographics, funds transfer and security, non-sale commerce, targeted marketing, customers' lists, banner advertising and linking to search engines. The second perspective will be E-Commerce from the consumer's point of view, covering such topics as gathering product information for making on-line purchases, evaluating an on-line seller and using search engines.

Prerequisite: BUS112 or permission to waive (See Note 2)

BUS203 Principles of Management 3 Credit Hours

A thorough study of the most modern management methods. Analyzes the areas of organizing, planning, staffing, directing and controlling the organization. Examines the relationship of individuals in line and staff positions and the nature and interaction of the activities.

Prerequisite: BUS103 or MED111 or permission to waive

BUS214 Principles of Finance 3 Credit Hours

This course examines the fundamental financial problems of business. The student becomes acquainted with financial organization and operation. Current and long-term requirements for capital and analysis of capital structure including planning and control, budgeting and forecasting are examined.

Prerequisite: ACC107 or permission to waive

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

BUS216 Money and Banking 3 Credit Hours

This course examines the historical aspects of the banking system and the important role of the Federal Reserve System. Through a study of the internal operations and regulations of banking institutions, the student will gain knowledge of the effects of banking on the economy. Topics to be discussed are the functions of savings banks, commercial banks, investment companies, credit agencies and foreign currency. *(See Note 3)*

BUS220 Advertising 3 Credit Hours

An introductory study of advertising as a vital element in successful marketing programs. Examines planning, executing and evaluating results of advertising programs within the framework of advertising campaign strategy. Prerequisite: BUS112 or permission to waive *(See Note 3)*

BUS230 Principles of Selling 3 Credit Hours

A practical approach to learning the basic phases of the sales process necessary to become a successful salesperson and employee: approach, demonstration, sales resistance, closing, selling through suggestion, product knowledge and analysis. The course relates the importance of communication to successful living and employment through development of poise, demeanor, style of dress, sales ethics, influencing people, behavior patterns, buying and motives.

Prerequisite: BUS103 or permission to waive

BUS245 Investments and Personal Finance 3 Credit Hours

This course presents a survey of the basic principles of investment including the relevant aspects of personal and business finance. Stocks and bonds, mutual funds, taxes, security bonds, security markets and real estate investing are examined. *(See Note 2)*

BUS253 Entertainment, Music & Sports Marketing 3 Credit Hours

The elements of product, price, promotion and place are applied to the EMS offerings. Students will examine teams, groups and individuals to understand what sells and what doesn't. This course will require students to develop a marketing plan for a field of their choice, focusing on product mix, new product development and

concepts as well as consumer attitudes. Students will explore bringing products and services to market and where possible actually do so. *(See Note 2)*

BUS255 Entertainment, Music & Sports Management 3 Credit Hours

Management and issues related to this industry are examined. Emphasis is placed on the application of management principles. Realistic examples and case studies are utilized to examine various aspects of management. Students will work to examine decisions that were made in real examples and develop decisions in hypothetical ones. *(See Note 2)*

BUS261 Front Office Operations & Reservations Systems 3 Credit Hours

Students will study various activities that are the responsibility of the front office. Focus will be on guestroom availability, reservation processing, guest registration, night audit, check-out procedures and the importance of technology and the Internet for optimum operation of the business. The impact this office has in conjunction with all other departments in the organization that are needed to operate a successful establishment are reviewed. *(See Note 2)*

BUS263 Hotel/Resort Strategic Marketing 3 Credit Hours

The elements of product, price, promotion and place are applied to the Hotel/Resort offerings. Students will examine a variety of popular hotels and resorts to understand who they appeal to and why. This course will require students to develop a marketing plan focusing on product mix, new product development and concepts as well as consumer likes and dislikes. The importance of diversity, pricing and consumer needs is examined. *(See Note 2)*

BUS271 Visual Merchandising & Retailing 3 Credit Hours

The importance of store image, color and composition, types of displays and fixtures to the consumer. Displays, graphics, lighting and the logic behind floor plans are critical components to a course which allows students to learn and apply their creativity to a store design of their own. *(See Note 2)*

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

BUS273 Merchandise Planning, Control & Buying 3 Credit Hours

The principles that govern the movement of merchandise, what sells and what doesn't are covered in this course. Students will study successful and not so successful products as determined by consumer response, in conjunction with why they were so. Buying decisions, strategies, costs, product margins and profit/loss statements are examined. Evaluation of business opportunities and risk management in conjunction with industry best practices are studied across a variety of well known stores. (See Note 2)

BUS275 Event Planning & Promotion 3 Credit Hours

Methods and techniques utilized in planning, organizing, promoting and delivering major events are explored. Students will first examine various aspects of the Business Venture of their choice covering issues ranging from setting objectives and goals, to communication and ultimately management and delivery of the plan. They will complete a term project which will be designed to develop an event either for the college or an external function taking full responsibility for its overall development, communications, forecasting sales, setting up operations, selling tickets and delivering their event to the consumer. Customer service satisfaction and issues will be addressed. (See Note 2)

BUS277 Business Etiquette/ Customer Service 3 Credit Hours

The way you handle yourself in a business and social environment can reveal a lot about you, and your position within an organization. From meetings with the boss to meetings with clients and customers, knowing the right things to do and say can make a tremendous difference in helping you reach your goals. Students will understand: Why etiquette is important, proper manners for meeting and greeting others, basic office equipment etiquette, professional presence (what to wear and not to wear), the basics of how to act in both business and social situations, dealing with customers so that objectives are achieved, careers expand and sales grow. (See Note 2)

BUS280 Business Applications and Leadership 3 Credit Hours

This course requires students to start and manage a small business. Topics will include: why people start small businesses, rewards it brings, structure and necessity of a business plan including financing a small business venture. Also covered are development of an organization chart and ways of effectively hiring and managing employees in a small business context. Lecture, independent research, e-mail, online discussion and conference room meetings will be used to provide the student with a well-rounded vision of the small business environment. *Prerequisites: BUS203, BUS112, BUS230, and BUS214 or permission to waive*

BUS301 Internship: Business Administration 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation. *Prerequisite: Prior approval by the Department Chairperson is required before registration.*

BUS305 Marketing Management 3 Credit Hours

This course will introduce the student to the concepts and skills needed in planning, organizing, operating and controlling a business firm's total marketing program. Emphasis is placed on considerations necessary for sound marketing management decisions in product development, pricing, demand creation and channel activities of the firm. A global perspective will be introduced to provide an understanding of the effects and opportunities of an interconnected, international marketplace. Experiential exercises and case studies are employed to provide students with the opportunity to develop skills in the evaluation, diagnosis and formulation of marketing strategies and tactics. *Prerequisites: Junior level status and BUS112*

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

BUS310 Direct Marketing 3 Credit Hours

This course will explore the shift in traditional forms of advertising to the benefits of the growing field of direct marketing. The student will examine the use of direct mail, catalogs, infomercials, telemarketing, and the internet to inform and persuade consumers who are becoming increasingly more difficult to reach. Trends, research methods and analysis, message creation, print and broadcast media and delivery mechanics are studied and incorporated in course projects and case studies.

Prerequisites: BUS112, and Junior Level Status or Permission of the Department Chairperson (See Note 3)

BUS320 Operations Management 3 Credit Hours

This course will familiarize the student with the problems encountered by the operating management of a business enterprise and the methods used to analyze and solve these problems. Topics include forecasting, productivity, quality management, inventory management, capacity planning, scheduling, production planning, and project management, and the introduction of basic problem solving and project management tools.

Note: This course must be taken during 2nd Semester
Prerequisites: Junior level status and BUS103, GEN305 and OFT115 or DMD101 or NET111

BUS325 Management Applications & Theory 3 Credit Hours

This course explores the rich field of management theory and practice, as both a science and an art. The course also addresses the role of managers in the current world of rapid business change, increased competitive forces, and increased expectations for the successful performance of employees and organizations. The focus is on some of the ways and means of achieving desired business goals. The student will leave this course with a solid background in the nature and work of management and managers. Applications of concepts to current workplace issues will also be stressed.

Prerequisites: Junior level status and BUS203

BUS335 Investment Analysis and Portfolio Management 3 Credit Hours

The primary goal of this course is to provide students with a thorough understanding of how to manage their money. Students will learn what investing is, how and

where to invest, and why investing is important in the short and long term. In addition to investment research and analysis, students will also learn about directives and equity portfolio management. Contemporary investment issues will be addressed.

Prerequisites: BUS214 and Junior Level Status or Permission of the Department Chairperson (See Note 3)

BUS338 Intermediate Finance 3 Credit Hours

This course examines the fundamentals of treasury management. The student becomes acquainted with cash flow management, and short-term investment.

Prerequisites: Junior Level Status with Principles of Finance (BUS 214), Financial Accounting I (ACC107) and familiarity with Library databases

BUS340 Advanced Finance 3 Credit Hours

This course examines the fundamentals of investment analysis and portfolio management. The student becomes acquainted with investment concepts, global capital markets, the functioning of securities markets, security market indicators, information sources for securities, and portfolio management theories, as well as capital market theory, analysis and valuation of securities, and bond fundamentals and valuations. Rigorous financial report reading for both markets and corporations are included. The Capital Asset Pricing Model, international diversification, and basic derivatives such as puts, calls, limited commodity futures and financial futures will be discussed and analyzed.

Prerequisites: Junior level status with ACC107 and BUS214 (See Note 3)

BUS346 Advanced Business Law 3 Credit Hours

Bailments, checks, drafts, holders in due course, transfers and warranties all interact to provide us with a functioning business/economic system. These terms and devices, their liabilities and protections are discussed and examined in conjunction with debtor/creditor relationships, secured transactions, bankruptcy, agency, and insurance.

Prerequisites: BUS150 and Junior level status

BUS350 Options and Futures 3 Credit Hours

This course examines derivatives and futures and tools in the environment of risk management. The student

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

becomes acquainted with investment concepts, global capital markets, the functioning of commodity, currency and interest rate markets, market indicators, and information sources. In addition, time will be spent learning analysis and valuation of these devices. Rigorous statistical analysis and integration of financial reporting and risk management techniques will be explored. Materials covered will include: option pricing models (binomial and Black-Scholes-Merton), basic and advanced option strategies, forwards, futures, swaps and advanced topics in strategy.

Prerequisites: Junior level status with BUS340, GEN305 and GEN364 or Permission of the Department Chairperson (See Note 3)

BUS370 Project Management Essentials 3 Credit Hours

The emphasis of this course is on the core competencies of Project Management as defined by PMI (Project Management Institute) and set forth in the Guide to the Project Management Body of Knowledge (PMBOK). Upon introducing the foundational elements of project management, students will gain experience by applying these elements to projects and employing them during the course of a logical project life cycle.

Note: Recommended that this course be taken during 3rd Semester simultaneously with BUS440

Prerequisites: Junior level status and BUS320

BUS405 The Service Industry: The Changing World of Business 3 Credit Hours

The most significant gains in business management in the 21st century have been in the service industry. Banking, business services, consulting, education, franchising, government, healthcare/hospitals, insurance, leisure industry/hotels, news media, personal services, real estate, restaurants, retail, social services, tourism, and waste disposal are just a few examples of "service industries." This seminar course explores the characteristics of a service economy, its origins, and its impact on economic development nationally and globally. Dominant service sector businesses and their strategies for success are examined along with relevant service-delivery theories and approaches.

Prerequisite: Junior Level Status

BUS410 Seminar: Critical Issues in Business 3 Credit Hours

This seminar course covers the strategic analysis of major newsworthy events affecting the national and global business environment. The goal of this course is to enable students to develop an awareness of how valuable being "in the know" about current events is integral to business performance and employee productivity. Student participation includes the selection, strategic analysis, and discussion of a current major topic. Relevant and reputable business periodicals and journals will be examined. Students will conduct research and engage in discussion about important current issues that affect business.

Note: Recommended to take during 4th Semester, but not before 3rd Semester

Prerequisite: Junior Level Status

BUS440 Applied Project Management Concepts 3 Credit Hours

This course will reinforce the concepts learned in Introduction to Project Management and apply those lessons by using a project case study and Microsoft Project 2007. Students will learn how to create and maintain a project schedule and apply the principles of project management throughout the course in sample projects from the text and in a case study that each student will use to create his/her own project schedule using Microsoft Project.

Note: Recommended to take during 3rd Semester simultaneously with BUS370

Prerequisites: Junior level status and BUS370

BUS470 BBA Internship 3 Credit Hours

THIS COURSE IS FOR DAY COLLEGE STUDENTS ONLY

The Internship is a capstone course involving the culmination project in the Business Administration BBA program. It will provide students an opportunity to demonstrate they have achieved the goals for learning established within the program. The Internship course integrates coursework, knowledge, skills, and practical learning to enable the student to demonstrate a broad mastery of learning across the curriculum for future employability and further career advancement.

Prerequisites: BUS370, BUS440 and a minimum GPA of 2.0.

The Internship course must be taken in the final semester of a student's BBA program.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

BUS470A Preparation Workshop for BBA Internship

THIS COURSE IS FOR EVENING/SATURDAY AND ONLINE STUDENTS ONLY

This course is a non-credit workshop which occurs in the term prior to the BBA Internship assignment. The purpose of this workshop is to complete the internship site selection process, which may entail a formal interview with the prospective site supervisor. Students must complete this workshop in order to enroll in the BUS470B - BBA Internship

Prerequisites: Junior status and enrollment in penultimate term of BBA program.

BUS470B BBA Internship 3 Credit Hours

THIS COURSE IS FOR EVENING/SATURDAY AND ONLINE STUDENTS ONLY

This course is a continuation of BUS470A. The Internship is the capstone course for the BBA in Business Administration Degree. Students will be placed in a workplace setting where they will have the opportunity to apply their skills and knowledge to typical tasks they may encounter in actual employment. They will be expected to report to their worksites as if they were employees and will be subject to supervision, coaching, performance feedback, and responsibility for assignments appropriate to their preparation and employee level. Work schedules will be combined with class meetings. These meetings will be jointly conducted by professors from Career Development Services and the General Education department. The purpose of these classes is to reflect upon Internship experiences and assignments, review and discuss journal entries, organize thoughts, ideas and materials for the internship paper, receive and offer support to fellow internship students, gain greater self-awareness of one's preparation and readiness for work using the project management skill set.

Prerequisites: BUS370, BUS440, and BUS470A.

Computer Information Systems

CIS165 Visual BASIC 3 Credit Hours

This course is an introduction to the Visual BASIC programming language. The student will be using Visual BASIC, an object-oriented event driven language, to learn programming concepts. Topics to be covered include: If...Then...Else, Select case, and For...Next, as well as how to create and manipulate sequential access files, random access files and arrays.

Prerequisite: NET111 or permission to waive (See Note 3)

CIS250 Advanced Visual BASIC 3 Credit Hours

This course is a more detailed study of Visual BASIC programming techniques. Topics included are: Repetition structure, For...Next loop, Control Arrays, Advanced Formatting, The Do...While and Do...Until Loops, Variable Arrays, Sorting, Menus, Passing, Parameters, Data Validation and Error Trapping.

Prerequisite: CIS165 or permission to waive (See Note 3)

CIS263 C++ 3 Credit Hours

This is an introductory course in computer programming using the C++ language. The course will emphasize the analysis of problems, the careful selection of an appropriate algorithm, and the implementation of the algorithm in C++. Topics covered will include input/output commands, control statements, looping, subroutines, string processing, and arrays.

Prerequisite: DMD101 or OFT115 or NET111 or permission to waive (See Note 3)

CIS265 JAVA 3 Credit Hours

This course will use the Sun Integrated Development Environment (IDE) to build high performance Windows and Web applications. Students will learn methods, classes and objects; input, selection and repetition; arrays and strings; applets; inheritance; and file input and output.

Prerequisite: CIS263 or permission to waive (See Note 3)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

CIS267 Web Programming & Scripting 3 Credit Hours

This course is designed to provide students with an introduction to programming web-based applications using PHP and MySQL. These applications process data submitted from Web forms and access back-end databases to dynamically generate Web pages. PHP, which stands for "PHP: Hypertext Preprocessor" is a widely-used, general-purpose scripting language that is especially suited for Web development and can be embedded into HTML. Students will learn how to design, code and implement dynamic web sites. This course will move the student from an understanding of HTML to the development of powerful web applications that can be deployed over the Internet.

Prerequisite: DMD175, DMD160, or permission to waive (See Note 3)

CIS273 Advanced C++ 3 Credit Hours

This course is a continuation of the prerequisite using the C++ programming language with standard programming principles. Emphasis is placed on advanced arrays, file management and processing techniques, data structures, and sub-programs, interactive processing, sort and merge routines, and libraries. At the conclusion of this course, students should be able to design, code, test, debug and document programming solutions.

Prerequisite: CIS263 or permission to waive (See Note 3)

CIS280 E-Commerce Market Planning 3 Credit Hours

This course is a seminar designed to provide students with an understanding of the economic impact of the Internet on commerce and product development. The Four Principles of Marketing, Product, Price, Promotion and Placement, will form the core of the course material. The course will culminate with the development of an E-Commerce strategic market plan. (See Note 3)

CIS284 E-Commerce Web-Site Development 3 Credit Hours

This course is designed as an extension of E-Commerce Market Planning. Using the strategic market plan developed in E-Commerce Market Planning, students will plan and create a web-site, which demonstrates web development principles. Students will use marketing

strategies to plan and create a web-site using an appropriate software application. They will be concerned with structuring content, communicating ideas, focus, product marketing plan, and other web strategies when creating and evaluating their web pages. (See Note 3)

CIS301 Internship Business Systems Management 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisites: Prior approval by the Department Chairperson is required before registration.

CIS310 Business Processes Analysis 3 Credit Hours

This course builds on the concepts and theories of Computer Systems Analysis and includes a blending of traditional methods and current trends in system development with an emphasis on project management. Through numerous case studies, students will learn about output and user interface design, data design, systems architecture and implementation, and systems operation, support and security.

Prerequisites: An earned Associate degree or demonstrated proficiency in writing and third semester standing and OFT115 or DMD101 or NET111

CIS343 Introduction to SQL 3 Credit Hours

This course is designed to provide students with a strong working knowledge of relational databases such as Access and Oracle. Students will learn how to create and maintain database objects, and how to store, retrieve, and manipulate data.

Prerequisites: An earned Associate Degree or demonstrated proficiency in writing and third semester standing and OFT233 (See Note 3)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

CIS420 Advanced SQL 3 Credit Hours

This course introduces the advanced features of the SQL language and how it can be used to query a database in order to answer business questions. Students will examine the following advanced features: querying with unions, advanced joins and sub queries, add, update and remove data, manipulate tables, views and various indexes, data integrity with transactions, and creation of databases.

Prerequisites: An earned Associate Degree or demonstrated proficiency in writing and third semester standing and CIS343 (See Note 3)

web pages, interface design and printed media. Students will plan, execute and layout professional level projects using a full range of digital technology.

Formerly (MMT107)

DMD113 Digital Video & Sound 3 Credit Hours

This course will cover digital video editing and basic digital sound editing. Graphic manipulation, masking, and sequencing will be covered. Special effects such as filters, transparency keys and tweening will also be covered. Students will storyboard, edit and develop project management skills through the production process.

(Formerly MMT113)

Digital Media

DMD101 Visual Storytelling 3 Credit Hours

This course is an introduction to digital media concepts and includes discussions of digital media design and development. The course will review current and emerging trends in digital media technologies, career opportunities, and resources. Students will be exposed to a variety of different media applications used in the industry, while learning the value of telling a story through studying design and storytelling in both principle and practice. Various media will be used to render stories from concept to completion, including photography, illustration, computer graphics, storyboarding, and collage.

(Formerly MMT101)

DMD121 3D Modeling & Animation I 3 Credit Hours

This course focuses on basic modeling and animation techniques. Students will build on the skills that they have acquired from the prerequisite courses by using their knowledge to create 3D artwork. Students will learn fundamentals of modeling, animation, shading and rendering by manipulating vector objects through space and using lighting effects and surface textures. Students will work individually with current 3D modeling and animation software to create technically and artistically accomplished animations to add to their portfolio.

Prerequisite: DMD105 or DMD107 or permission to waive (See Note 2) (Formerly MMT121)

DMD105 Digital Illustration 3 Credit Hours

This course combines concepts and practical skills in the field of illustration. Students will examine principles of design, contrast and color control, layer design and masks. Students will plan, execute and layout professional level projects using a full range of digital technology.

(Formerly MMT105)

DMD123 Digital FX & Motion Graphics (After Effects) 3 Credit Hours

After Effects is the desktop standard for compositing and creating 2D/3D animation and stunning special effects for film, video, multimedia and the Web. Students will create motion graphics in a timeline environment and blend together video, still imagery, audio, text, and time based effects. Some of the topics to be discussed include digital compression, output formats, color correction and manipulation, title design, key framing, masks, layers and mattes.

Prerequisite: DMD105 or DMD107 or DMD113 or permission to waive (Formerly MMT123)

DMD107 Digital Imaging 3 Credit Hours

This course combines concepts and practical skills in the field of digital imaging. Students will explore photo manipulation techniques, color layout and design for

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

DMD131 Introduction to Game Design 3 Credit Hours

This course will introduce the student to basic game theory, including game play and strategy. The historical development of the video game industry will be examined, as well as the overall processes involved in developing a video game through the study and development of analog games; including concept development, documentation and play-testing.

Prerequisite: DMD101 or permission to waive (See Note 2) (Formerly MMT131)

DMD141 Game Design & Development I 3 Credit Hours

Having successfully completed the prerequisites, students will work towards applying their paper concept to the computer in producing a stand-alone game prototype that demonstrates the principles of game design acquired in preceding courses. Working as individuals and/or in groups, students will storyboard, create and manage game assets, and script the interactive elements in preparation to complete a basic working prototype.

Prerequisites: DMD131 and DMD165 and a departmental Algebra exam. Competency or permission to waive May be taken concurrently with DMD165 (See Note 2) (Formerly MMT141)

DMD150 Publishing Design & Layout (InDesign) 3 Credit Hours

This course concentrates on graphic design process, research and concept development. Typography, layout, design quality, and construction for the commercial market will be covered. Topics include page layout, fundamentals of type, importing, creating graphics, fonts, color, styles, generating and placing text, and object linking and embedding. *(See Note 2)*

(Formerly MMT150)

DMD160 Web Page Development I (Dreamweaver) 3 Credit Hours

This course will concentrate on both Dreamweaver and the hypertext markup language, HTML. Students will learn to incorporate images and format text in a desirable, aesthetic fashion. Students will also learn design concepts such as creating form elements, building

lists and hot links, as well as building tables and frames. This course will stress the proper use of design techniques and tactics learned in prerequisite courses to formulate exciting, cohesive websites designed to be both user friendly and attractive.

Prerequisite: DMD105 or DMD107 or permission to waive (Formerly MMT160)

DMD165 2D Web Animation (Flash) 3 Credit Hours

Flash is the standard for interactive vector graphics and animation on the World Wide Web. Students will use Flash to create resizable and extremely compact, low bandwidth navigation interfaces and animations as well as other effects used in today's web design.

Prerequisite: DMD105 or DMD107 or permission to waive (Formerly MMT165)

DMD175 Foundations of Interactive Design 3 Credit Hours

This course is an introduction to the software engineering design process; which is to identify the problem, research the problem, develop possible solutions, select the best possible solution(s), code prototypes and/or models, test and evaluate, communicate the solutions, and redesign. Students will develop these basic skills through the use of a graphical programming language, allowing them to build a foundation and understanding of this process before moving on to the syntax and semantics of a particular high-end programming language in future courses. Developed at M.I.T., Scratch takes advantage of advances in computing power and interface design to make programming more engaging and accessible for those who are learning to program.

DMD205 3D Modeling & Animation II 3 Credit Hours

This course will expand on the 3-dimensional modeling and animation techniques covered in the prerequisite. Using 3ds max, one of the most widely used software applications by professionals, students will also have the opportunity to further develop their skills with modeling, materials, textures, and lighting, while gaining an introduction to particle systems.

Prerequisite: DMD121 or permission to waive (See Note 3) (Formerly MMT205)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

DMD225 Interactive Design & Development 3 Credit Hours
(Flash Scripting)

This course will bring the student further into the dynamic capabilities of Flash, and focus on special issues for designers, animators, and programmers creating various projects, including web design and production, animation, and games. Topics will explore a wide range of essential digital media elements involving sound, animation, special effects, and interactivity, which include movie clips, layers and levels, properties, variables, methods, and functions.

Prerequisite: DMD165 or permission to waive (See Note 2)
(Formerly MMT225)

DMD227 HTML 5 & JavaScript 3 Credit Hours

HTML5 is the newest major revision of the HTML web language standard, offering flexibility, ease-of-coding, and powerful new features. This course covers using HTML (Hypertext Markup Language) and JavaScript to produce powerful interactive Web content. JavaScript is an essential language for some of the features of HTML5, and students will learn the basic use of JavaScript, JQuery and the new HTML5 JavaScript APIs. This course may also touch on CSS3 (Cascading Style Sheets), which offers more sophisticated properties and elegant solutions for styling and animating elements.

Prerequisite: "DMD175 Foundations of Interactive Design", permission to waive
(Formerly CIS131 DHTML/JavaScript)

DMD230 Web Page Development II 3 Credit Hours

This course will build on the skills learned through the prerequisite while covering some of the advanced features of Dreamweaver. Topics will focus on defining behaviors, editing graphics in Fireworks, creating templates, developing libraries, defining and utilizing plug-ins and exploring the use of back-end databases.

Prerequisite: DMD160 or permission to waive (See Note 3)
(Formerly MMT230)

DMD241 Game Design & Development II 3 Credit Hours

As a continuation of the prerequisite, students will further learn development techniques and scripting concepts to enable successful completion of a stand-alone game

prototype that was designed in preceding courses.

Prerequisite: DMD141 or permission to waive (See Note 2)
(Formerly MMT241)

DMD250 Graphic Design Projects 3 Credit Hours

This course will cover the basics of graphic design. The topics covered will include image and page composition, layout, text, and color theory. Projects will include ad design, corporate identity, newsletter/paper and magazine layout. Students should have taken Photoshop, Illustrator, and InDesign before taking this class.

Prerequisites: DMD105, DMD107, and DMD150 or permission to waive (See Note 3)
(Formerly MMT250)

DMD265 Project Management & 3 Credit Hours
Portfolio Development

This course will focus on the design and development of a final digital media portfolio project. It will include coverage of project management skills, digital media design, development and delivery. Students will use their project management skills, interactive design concepts and workflow strategies to produce their final portfolio. Students will brainstorm, storyboard, outline, and collect created artwork for the development of their personal portfolio, which will demonstrate all of their acquired skills as well as quality, relevance and successful completion of their major.

Prerequisite: Approval of Department Chairperson
(Formerly MMT265)

DMD301 Internship in Advanced 3 Credit Hours
Digital Media Studies

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisite: Prior approval by the Department Chairperson is required before registration.
(Formerly MMT301)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

General Education

GEN125 English Composition I 3 Credit Hours

In this course, students develop their reading comprehension and written communication skills. Different styles of writing are examined as students develop writing proficiency through practice in planning, outlining and editing. In addition to regular class meeting times, students are required to participate in a ten week Writing Lab component which counts as ten percent of the grade for English Composition. For the Day College, the Writing Lab is graded as a Pass or Fail.

Prerequisite: Proficiency Examination and/or ACE108

GEN127 English Composition II 3 Credit Hours

This course builds on skills developed in English Composition I by presenting additional writing styles and helping students further refine their writing skills. Research skills and MLA documentation are also introduced. In addition to regular class meeting times, students are required to participate in a ten week Writing Lab component which counts as ten percent of the grade for English Composition. For the Day College, the Writing Lab is graded as a Pass or Fail.

Prerequisite: GEN125 or permission to waive

GEN129 Oral Communications 3 Credit Hours

Communication skills require good speech habits. Therefore, this course covers organization of thoughts, voice control, diction and presentation of ideas to a variety of audiences. The art of listening is also studied. Emphasis will be placed on a series of oral presentations in order to acquire and reinforce these skills.

GEN131 Critical Thinking 3 Credit Hours

This course is intended to sharpen a student's ability to think clearly, consistently, critically and creatively. The course considers principles of sound judgment, both deductive and inductive, separating fact from opinion; analyzing arguments and testing hypotheses. (See Note 2)

GEN143 Business Mathematics 3 Credit Hours

This course is designed to provide students with the opportunity to evaluate problems of decision making including interest, commission, distribution of overhead,

mark-ups, discounting and interest bearing notes. This course includes the mathematics of accounting and finance and an introduction to statistics, all of which follow a review of fundamental processes.

Prerequisite: Proficiency exam and/or ACE106 or permission to waive (See Note 3)

GEN145 Scientific and Technological Literacy 3 Credit Hours

This course is designed to develop the literacy required to deal with technology and science-related issues in today's society. Basic concepts underlying matter, energy, and life are examined, and students develop analytical, reasoning, and problem-solving skills needed to address these topics. (See Note 2)

GEN147 College Mathematics 3 Credit Hours

This course will provide complimentary sessions to Basics of Math in fundamental mathematics. A thorough review of ratios, percentages, proportions, descriptive statistics, word problems, and an introduction to algebra will be covered. The course provides a sound understanding in basic math concepts that is necessary for future math courses.

Prerequisite: Proficiency exam and/or ACE106

GEN151 College Algebra 3 Credit Hours

Topics include the fundamentals of algebra including the rules of numbers, equations, negative numbers and integers, fractions and rational numbers, exponents, inequalities, graphs and linear equations. Emphasis will be placed on word problems and business applications.

Prerequisite: Proficiency exam and/or ACE106 or permission to waive

GEN157 Statistics 3 Credit Hours

This course offers an introduction to basic statistical theory and application. Topics to be discussed in detail include: sampling procedures; finding mean, median and mode; finding the variance and standard deviation; graphing histograms and bell curves. This course also illustrates how statistics are used in the business world as well as in the media and the benefits and drawbacks of statistical information.

Prerequisite: Proficiency exam and/or ACE106 or permission to waive

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

GEN161 Psychology 3 Credit Hours

This course takes a realistic approach based on the principles of general psychology and is designed to assist the student in coping with life situations. Included are theories of personality, emotions, character, motivation, environmental influences and the development of students. *(See Note 2)*

GEN167 Contemporary Social Issues 3 Credit Hours

Global issues such as world hunger, human rights and nuclear war, as well as American issues concerning inequalities of wealth, civil rights, crime and the role of government are examined in this course. In addition to gaining an understanding of the social, political and economic dimensions of these issues, students will also consider the underlying values and ethics. *(See Note 2)*

GEN171 American Political Institutions 3 Credit Hours

A study of the institutions of American government and the forces that shape governmental action, with emphasis on the role of the presidency, the Congress, federal/state relations and the two party system. Special consideration is given to the growing concentration of power in American society, in public as well as private sectors. *(See Note 3)*

GEN179 Global Political Systems 3 Credit Hours

This course is an in-depth examination of national and international governments and politics. The course emphasizes the comparative study of political institutions, ideologies, political cultures, participation, and party systems in the United States and selected nations of the world. Patterns of political change and global interactions with reference to current issues will be studied. *(See Note 3)*

GEN181 Microeconomics 3 Credit Hours

The basic principles of microeconomics; individual and social choice, specialization and trade, supply and demand and prices are discussed. The study of scarcity and choice and marginal concepts are examined and provides an understanding of command and market economics, private property and factors of production is provided. *(See Note 3)*

GEN183 Macroeconomics 3 Credit Hours

This course covers the basic principles of macroeconomics: money, spending, output and income. Examined are the circular flow of income and spending, money and the banking systems, including the Gross National Product and various price indexes. The problems of unemployment, inflation and the national debt are examined.

GEN191 Art History 3 Credit Hours

This course is a survey of the architecture, sculpture, painting and other works of art of the last five centuries from Late Gothic to Post-Modernism. Individuals and genres that have most deeply influenced contemporary aesthetic tastes and design will be studied. Aspects such as proportion, composition, and focal point will be examined through studying some of history's greatest works of art. The effect of culture on the composition of art will be considered in an effort to determine how patrons and the society at large influence the artist's rendering, and how those who view various art works see them as a reflection of their own societies and cultures.

GEN193 Studio Art/Drawing 3 Credit Hours

This is a studio class covering design in principle and practice. Students will learn-by-doing; developing artistic skills needed for success in today's computer age. Various media will be used to render still life, emulations, and the human figure. The use of perspective, proportion, shading, highlighting, and color will be examined and developed through studio work.

GEN195 Spatial Design & Color Theory 3 Credit Hours

Designers are often called upon to create installations, exhibitions, booths, kiosks, displays, and other small environments. Students will use traditional media (drawing, sculpting, model making), to construct small installations, miniatures, and scale models using digital media to their comprehension of 3D space, light, materials and texture. Students will discover the power and effect of color on an audience. Spatial theory and color theory are introduced in a hands-on environment allowing students to discover their own design process while finding new relationships in the physical. This course will touch on topics from other multidimensional disciplines such as architecture, exhibition design, industrial design and interior design.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

GEN219 Business & Professional Communications 3 Credit Hours

This is an advanced course focused on the preparation and execution of presentations and the conducting of business meetings. Students will utilize their oral communications skills and incorporate appropriate visual aids to demonstrate effective business and professional communications.

Prerequisites: GEN129 and GEN127 or permission to waive (See Note 3)

GEN224 Professional Communications and Career Development 3 Credit Hours

This course is designed to provide a culminating experience in business communications and professional development. Covered in this course is advanced English usage essential to written business document creation and oral presentations. Using individual participation and demonstration methods, students will be trained in interviewing techniques and in developing professional demeanors vital to career success. This course does not satisfy the General Education requirement for AOS degrees.

Prerequisite: GEN 127 or permission to waive

GEN231 Intermediate College Algebra 3 Credit Hours

This course is a continuation of Introduction to College Algebra. Emphasis is placed on basic concepts and fundamentals of algebraic equations, terminology and fundamental operations. Students will be introduced to algebraic fractions, factoring, exponents and radicals, linear and quadratic equations and their graphs and exponential and logarithmic functions. The use of a graphing calculator will enable the student to expedite the solving of specific algebraic problems.

Prerequisite: GEN151 or permission to waive (See Note 3)

GEN241 Interpersonal and Group Dynamics 3 Credit Hours

This course examines the human dynamics in organizations, focusing on individuals and small groups within them. Students will learn a wide range of interpersonal skills needed to succeed in most business occupations. In addition, students will learn how to identify group goals, understand the different needs of group members, accomplish group tasks and effectively communicate within groups. *(See Note 2)*

GEN250 Ethics and Professionalism 3 Credit Hours

This course will introduce the student to the moral principles and standards that guide behavior in today's complex society and business. The definition and application of moral philosophies are used to explore ethical decision-making using a case study approach. Economic, legal and social dimensions are explored along with interpersonal relationships and the development of morality within individual thinking.

GEN290 Honor's Empirical Research Methods and Project Design 3 Credit Hours

This course is a survey of research methods focusing on the fundamentals of research design, including data collection and data analysis. Topics include scientific writing using APA style, evaluation of research literature, and ethical issues in research. Practice is provided in asking research questions, formulating research hypotheses, designing and conducting a simulated research study, and presenting results.

Prerequisites: Sophomore Status, and Cumulative GPA of 3.25 or higher, and GEN157 Statistics OR Permission of Chairperson of student's program.

GEN301 Internship: General Education 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisite: Prior approval by the Department Chairperson is required before registration.

GEN305 Mathematical Concepts and Statistical Applications 3 Credit Hours

In today's business environment, students will be called upon to interpret, calculate, compare, and make decisions based upon numerical data using a variety of quantitative tools. This course is a survey of mathematical applications and statistical tools used for business analysis. It is designed to facilitate further study of quantitative business methods. Students are required to

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

use critical thinking skills and quantitative reasoning to make sound business decisions and solve real-world problems. (This course satisfies the BBA Competencies for both Math/Algebra and Statistics.)

Prerequisite: GEN157

GEN310 Environmental Science 3 Credit Hours

This course will have students study the natural sciences, social sciences and humanities in order to understand the relationship between humans and the natural world – a relationship that underlies current environmental problems. How human-caused changes are affecting our natural world and what solutions can be discovered and put into action are considered.

Prerequisite: Junior Level Status or Permission of the Department Chairperson (See Note 3)

GEN324 American Culture and the Media 3 Credit Hours

This course features significant themes in American culture and media focusing on the impact of issues such as diversity and gender on work, family life, entertainment, sports and the environment. Students will also examine issues of power related to gender, race, and class and the economic and cultural implications of mass media representation and consumption. Materials for discussion and analysis will be drawn from essays, newspapers, television, advertising, and music. Case studies, class discussions and written essays will be used to develop the topics.

Prerequisite: Junior Level Status or Permission of the Department Chairperson (See Note 3)

GEN330 Adult Development and Learning in the Workplace 3 Credit Hours

This course focuses on the adult years as a complex and extraordinarily variable process, rather than as an orderly sequence of predictable stages. Through experiential, interactive processes, this course will explore various theories and philosophies of adult physical, cognitive, and personality development. Attention will also be given to the larger social contexts and the adult's experience as worker and learner.

Prerequisite: Junior Level Status or Permission of the Department Chairperson

GEN340 Anatomy of Leadership 3 Credit Hours

This course will explore leadership traits, skills, styles, performance and strategies. Students will learn how to integrate humanistic values into a leadership profile. Students will examine how leaders manage in the context of leadership and decision-making models.

Students will practice leadership skills through role play and analyze leadership profiles presented in various case studies. Leading teams effectively will also be emphasized. *Prerequisite: BUS203 (See Note 3)*

GEN342 Writing for the Business Professions 3 Credit Hours

This writing seminar is designed for BBA majors. Its focus will be on the importance of analysis and interpretation in business and professional writing process. Business students will learn how to write thoughtful, expressive and well-developed documents for colleagues or management. *Prerequisite: Junior Level Status or Permission of the Department Chairperson*

GEN350 Quantitative Business Analysis 3 Credit Hours

This course covers the fundamental quantitative methods used by management in decision-making processes that are critical to effective business operations. Methods covered will be selected from both Deterministic and Probabilistic Decision Models. The Case Study method of analysis is emphasized. *Prerequisite: GEN305 (See Note 3)*

GEN355 Applied Statistical Analysis 3 Credit Hours

This course is a survey of the methods and applications of inferential statistics utilized in a business environment. Topics include random sampling, probability distributions, confidence intervals, hypothesis testing, analysis of variance, regression and correlation, chi-square tests, and time-series analysis. The Case Study method of analysis is emphasized. *Prerequisite: GEN305 (See Note 3)*

GEN363 Conflict, Communication and Resolution 3 Credit Hours

This course will examine how communication can be used to effectively resolve conflicts between people, organizations and cultures. Conflicts resulting from differences in gender and ethnicity in the contexts of work and personal relationships will also be emphasized.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

The course will have an interdisciplinary emphasis through the use of cases from history, psychology, sociology, and current events.

Prerequisite: Junior Level Status or Permission of the Department Chairperson

GEN364 Intermediate Macroeconomic Theory 3 Credit Hours

A continuation of concepts and theories learned in macroeconomics with an emphasis on economic problem solving. Through guided research and data mining, learners become familiar with the tools of economic analysis and their use as a means of informing economic decisions and policy making.

Prerequisites: GEN183

GEN365 Global Economics and Trade 3 Credit Hours

This course will explore the benefits and risks of doing business in the "Global Village." The student will explore the benefits of trade between nations and the nature of international banking and foreign exchange rates. Economic stability, cultural and political differences as well as legal and moral problems will be discussed.

Prerequisites: GEN181 or GEN183 (See Note 3)

GEN370 Consumer Behavior and Culture 3 Credit Hours

This course will introduce the concepts of consumer behavior and decision making. It provides empirical evidence of convergence and divergence in consumer behavior and covers various psychological and sociological aspects of human behavior used for explaining consumer purchasing decisions. It will explore the concept of culture and introduce various models of culture, as well as the affects they have on consumer behavior. Finally, the course will discuss and review how consumer buying behavior and its cultural variations differ across the world.

Prerequisites: BUS112

GEN415 Honor's Research Seminar 3 Credit Hours

This honor's seminar is designed to introduce high-achieving BBA students to research. This credit-bearing course provides select students with an opportunity to conduct original research under the supervision of a faculty researcher. BBA students will learn about the academic research process through presentations, guest lectures and research assignments. At the conclusion of

the seminar, student researchers will showcase their research projects college-sponsored colloquia.

Prerequisites: Junior Level status, 3.5 GPA or better, faculty recommendations, and demonstrated research ability.

GEN421 Technical Business Communications 3 Credit Hours

Students will learn how to translate ideas into clear and concise business communications. Coursework will highlight the importance of analyzing writing purpose and selecting the appropriate stance, vocabulary, style, and format. Tone and audience will receive particular attention. Writing assignments will be project-based and require students to apply writing and communication theories to the development and delivery of effective business texts.

Prerequisites: GEN342 and Junior Level Status or Permission of the Department Chairperson (Formerly GEN321 Writing Effective Business Documents)

Allied Health

MED103 Medical Terminology and Human Systems 3 Credit Hours

Students will be introduced to the foundation of medical terminology through a thorough study of the roots, prefixes, and suffixes which form medical language. Students will also learn the vocabulary used in various medical specialties. Spelling, definitions, and pronunciation are stressed.

MED111 Medical Ethics, HIPAA and Patient Dynamics 3 Credit Hours

This course will introduce for discussion a variety of ethical issues that healthcare professionals may encounter during the course of their careers. Emphasis will be placed on the importance of ethical and professional behavior in the healthcare workplace. In depth discussions, textbook assignments and role playing will provide guidance to students in how to successfully manage patient relationships, protect patient privacy in compliance with the Health Insurance Privacy and Accountability Act as well as understand the distinct job responsibilities of the myriad of employees who comprise the typical health-care organization.

**Students may take this course concurrently with MSC101*

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

MED121 Understanding Health Insurance 3 Credit Hours

This course will introduce students to the variety and nuances of the myriad of health insurance policies currently owned by the general public. In depth discussions of managed care plans, government insurance and reimbursement methodologies will take place. In addition eligibility, pre-certification, credentialing and clean claim filing will be discussed.

Prerequisite: MED111 or permission to waive (See Note 3)

MED201 Introduction to Medical Billing and Coding 3 Credit Hours

This course will provide students with an introduction to the historical development of medical nomenclature and classification systems including ICD-9-CM, CPT-4 and HCPCS coding. This course concentrates on the coding of diseases and abstraction of clinical diagnostic data from source documentation in order to produce reimbursement from third party payors. Also included in this course will be an overview of the medical billing cycle including coverage of Hospital Billing Applications.

Prerequisite: MED103 or permission to waive

MED203 Advanced Medical Billing and Coding 3 Credit Hours

This course will leverage and build upon the skills acquired in Introduction to Medical Billing and Coding and concentrates on application of coding skills and analyzing operative reports and consultation notes. These reports and other cases simulate real world out-patient clinical and hospital ICD-9, CPT, and HCPCS. Included will be the application of learned skills to EOB denial analysis, collection procedures, and the appeals processes as well as the study of Electronic Records Management. This course will prepare students to study for the coding certification exam.

Prerequisite: MED201 or permission to waive

MED205 Electronic Health Records 3 Credit Hours

This course will provide students with a comprehensive overview of electronic health records management. The course will provide the student with the basic knowledge required to utilize health information system software in order to maintain patient health records. In addition, there will be an in-depth study of and hands on

application of medical records software system components, which is a fully functional electronic health records program.

Prerequisite: MED103 and MED121 or permission to waive (See Note 3)

MED208 Administrative Medical Practices

This course will provide students with the knowledge necessary to maintain a smooth and efficient operation in a health care facility from records management to basic reimbursement methodology. Emphasis will be placed on accounting and bookkeeping practices, customer service, and other administrative job related activities regularly performed in the medical office. Students will also be introduced to the health insurance policies currently owned by the general public. HIPAA compliance, managed care plans and reimbursement methodologies will be discussed. Students will learn documentation using electronic health records software.

Prerequisite: MED103

MED221 Medical Information Management 3 Credit Hours

This course will provide the student with hands-on experience in using the Medical Manager practice management software used in many physicians' office to organize the flow of information, maintain the appointment calendar, generate reports, accurately prepare third-party billings and the posting of payments received from third party payors and patients. The course is intended as a lab experience, simulating an actual medical front and back office environment.

Prerequisite: MED203 or permission to waive

MED303 Internship: Medical Office Systems Management 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a medical office environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisites: MED221 or MED203 and current enrollment in MED221 and prior approval by the Department Chairperson is required before registration.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

MSC101 Cell Physiology, Integumentary, and Musculoskeletal Systems 3 Credit Hours

The student will be introduced to the following topics: chemistry of living things (i.e., an understanding of elements, compounds, carbohydrates, proteins, fats, etc.), the structure and function of a typical cell, the different types of tissues and membranes, cell division as it relates to reproduction, the skin and its derivatives (hair and nail) and its functions. The musculoskeletal system will also be studied by the student in regard to bones, joints, and muscles and how they work. A review of the medical terminology specific to both the integumentary and musculoskeletal systems will be strongly emphasized.
Prerequisite: MED103 or permission to waive, minimum grade of C to continue on to clinical courses.

MSC103 Clinical Procedures/Clinical Asepsis 3 Credit Hours

The aim of the course is for the students to: understand practices in aseptic technique and infection control, comply with established risk management and safety procedures, know the proper steps for exposure incidents, how to prepare a patient for a physician's examination, sterilize instruments, operate an autoclave, know about special nutritional issues concerning patients, assisting the physician in various specialties, chart documentation, the importance of patient education, postoperative responsibilities, and therapeutic communications skills that will help the medical assistant in the care of a patient.
Prerequisites: MSC101, MSC105, MSC201, and MSC205 or permission to waive. Student must receive a minimum grade of C to continue on to MSC301 Practicum

MSC105 Urinary, Reproductive and Digestive Systems 3 Credit Hours

This course introduces the following body systems: Urinary, Reproductive, and Digestive. Emphasis is placed on the study of the structure and function of major organs, related medical terminology, common diseases, and diagnostic testing associated with them.
Prerequisite: MSC101 or permission to waive, minimum grade of C to continue on to clinical courses.

MSC109 Hematology/Phlebotomy 3 Credit Hours

The aim of the course is to expose the student to the most common skills they will be using. Students will learn the three skills involving the collection of blood specimens, the importance of correct patient identification, complete specimen labeling, proper handling, and storage. Students will be expected to know how to draw blood using a syringe, butterfly, and capillary puncture. Students will also need to know which tube is used for different diagnostic blood tests, infection control and safety, quality assurance, and handling of patient related reactions to venipuncture. This course is taught through didactic, student laboratory, and clinical experiences.
Prerequisites: MSC101, MSC105, MSC201, and MSC205 or permission to waive. Student must receive a minimum grade of C to continue on to MSC301 Practicum

MSC201 Respiratory, Circulatory, and Lymphatic Systems 3 Credit Hours

This course is the basic study of structures and functions of the human body and as it relates to the respiratory, circulatory (which includes the lymphatic), and cardiovascular systems. Emphasis is placed on the study of the structure and function of major organs, related medical terminology, common diseases, and diagnostic testing associated with them. CPR training will be provided.
Prerequisite: Students must receive a minimum grade of C to continue on to MSC103, MSC203, and MSC109 (Clinical courses) or permission to waive, MSC101

MSC203 Electrocardiography 3 Credit Hours

Students will be introduced to the structure and function of the heart. This course will cover the medical terminology specific to the cardiovascular system, diseases (cause and treatment), arrhythmias, and how to prepare a patient for an EKG. Emphasis will also be placed on how to recognize major arrhythmias on an EKG. Additionally, students will be exposed to other diagnostic methods to assess heart conditions such as: Holter monitor, Echocardiography, and Stress Test.
Prerequisites: MSC101, MSC105, MSC201, and MSC205 or permission to waive. Student must receive a minimum grade of C to continue on to MSC301 Practicum

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

MSC205 Nervous, Endocrine and 3 Credit Hours
Special Senses

This course introduces the following body systems: Nervous, Endocrine, and Special Senses. Emphasis is placed on the study of the structure and function of major organs, related medical terminology, common diseases, and diagnostic testing associated with them.
Prerequisite: MSC101 or permission to waive

MSC301 Practicum Medical Assistant 6 Credit Hours
Management

THIS COURSE IS FOR DAY STUDENTS ONLY
The objective of this course is to give the Medical Assistant Management student a work experience designed to enhance his/her career objectives. Students will also receive hands on training in emergency procedures including CPR. This course will also prepare students to study for the National Certification Exams. Students must meet or exceed the criteria set forth in the Student Practicum Handbook.
Prerequisites: MSC103, MSC109, MSC203

MSC301A Practicum Medical Assistant 3 Credit Hours
Management I

THIS COURSE IS FOR EVENING/SATURDAY STUDENTS ONLY
This course provides students with a supervised learning experience in the clinical setting, during which the student can further develop the skills they have learned within their course of study. Upon completion of this course, students will have earned 3 credits and completed 90 field hours. Students will observe the clinical supervisor modeling the required clinical skills of a medical assistant. Students will also receive a total of 9 classroom hours of certification exam preparation.
Prerequisites: MSC103, MSC109, MSC203

MSC301B Practicum Medical Assistant 3 Credit Hours
Management II

THIS COURSE IS FOR EVENING/SATURDAY STUDENTS ONLY
This course is a continuation of MSC 301A. Students complete 80 field hours and 10 hours of class work to earn the remaining 3 credits. Students will exercise their clinical skills in a medical facility applying skills and knowledge to typical tasks they may encounter in a true clinical setting. These include taking vital signs, perform-

ing venipuncture, and EKG's. Students will also receive CPR training and certification. Successful completion of this capstone course includes completion of clinical and workshop hours, submission of journal entries, and a final paper that reflects upon the Practicum experience.
Prerequisite: MSC301A

PHT107 Pharmacology 3 Credit Hours

Students will study the history and development of Pharmacy Law and Ethics including pharmaceutical terminology as well as OSHA, HIPPA standards and regulations. Students are introduced to the use of various Health Professional Drug Guides and the components making up a written prescription.
Prerequisites: MED103 or permission to waive
Students who are required to take ACE106 Basics of Mathematics must first complete the course before taking PHT107. Pharmacology can only be taken in the 4th/5th semester or in the 8th term.

Network Administration

NET111 PCTechnology (A+) 3 Credit Hours

This course is designed to provide students with the knowledge and troubleshooting skills needed to provide capable hardware support of personal computers. Students will identify proper procedures for installing and configuring system components and devices; diagnose and troubleshoot system problems; identify safety procedures; identify motherboards, types of memory, bus architectures and CMOS; define the print process and identify procedures for servicing printers; identify the components of portable systems; define networks. This course is designed to help students prepare for one of two CompTIA A+ exams.

NET115 Networking Essentials (Network+) 3 Credit Hours

This course presents an overview of networking technologies and will identify the components of local area networks (LANs) and wide area networks (WANs). Topics include network topologies, media used in network communications, NOS clients and directory services, fault tolerance, OSI Reference Model, TCP/IP fundamentals, network hardware, remote connectivity, network security, installation, maintenance and support.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

This course is designed to help students prepare for the CompTIA "Network+" Certification Exam.

Prerequisite: NET111, or demonstrated proficiency on competency test. (See Note 3)

NET117 Operating System Technologies (A+) 3 Credit Hours

This course is designed to provide students with the knowledge and troubleshooting skills needed to provide capable software support of personal computers. Students will learn the basic system administration knowledge of command line prompt and Windows operating systems for installing, configuring, upgrading, troubleshooting, and repairing desktop computer systems. This course is designed to help students prepare for one of two CompTIA A+ exams.

Prerequisite: NET111 or permission to waive

NET125 Cisco Networking Basics 3 Credit Hours

This course provides students with an overview of networking terminology and protocols. Topics to be discussed include local area networks (LANs) and wide area networks (WANs), Open Systems Interconnection (OSI) model, cabling and cabling tools, routers and basic routing protocol configuration, Ethernet technologies, Internet Protocol (IP) addressing, and an introduction to wireless networking concepts and terminology. This is the first course of a four course Cisco Academy program that is designed to help students prepare for the Cisco Certified Network Associate (CCNA) exam. In addition, this course is designed to help students prepare for the entry-level certification exam, Cisco Certified Entry Network Technician (CCENT).

Prerequisite: NET111 or permission to waive

NET143 Windows Client Administration 3 Credit Hours

This course presents an overview of the Windows operating system used as a client in a client/server network. Students will install, configure and troubleshoot the Windows operating system; setup and manage user accounts and groups; install and configure network protocols; configure printers and secure, administer and audit resources. This course is designed to help students prepare for a Microsoft Certified Technology Specialist (MCTS) certification exam.

Prerequisite: NET125 or permission to waive

NET151 Windows Server Administration 3 Credit Hours

This course presents an overview of the Windows operating system used as a server in a client/server network. Students will install, configure and troubleshoot a Windows server; examine the file systems; plan, implement and administer Active Directory Services; administer print services; examine network protocols and services; monitor and optimize system resources. This course is designed to help students prepare for either one of the three Microsoft certification exams to become a Microsoft Certified Information Technology Professional (MCITP).

Prerequisite: NET143 or permission to waive

NET161 Cisco Routing Basics 3 Credit Hours

This course is a continuation of the Cisco Academy program. This course is designed to give students the skills needed to perform router configurations. Topics include IP Subnetting/VLSM/CIDR, static and dynamic routing and routing protocols including RIPv1 & v2, EIGRP, and OSPF. This is the second course of a four course Cisco Academy program that is designed to help students prepare for the Cisco Certified Network Associate (CCNA) exam.

Prerequisite: NET125 or permission to waive

NET203 Active Directory Services 3 Credit Hours

This course is designed to provide students with the technical know how about the implementation of the Windows directory service. Students will understand how to make directory services work for an organization as well as plan, implement and manage directory services. Topics will include understanding the logical and physical structure of directory services; configuring the Domain Name System (DNS) server service to support directory services; creating and administering user accounts and group resources; directory objects and Group Policy. This course is designed to help students prepare for one of the three Microsoft certification exams to become a Microsoft Certified Information Technology Professional (MCITP).

Prerequisite: NET151 or permission to waive

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

NET223 Network Infrastructure Implementation 3 Credit Hours

This course provides students with the skills to implement and administer a Windows network operating system in medium to large environments. Topics will include installing, managing, monitoring, configuring and troubleshooting DNS, DHCP, remote access, network protocols, IP routing in a Windows network infrastructure. This course is designed to help students prepare for either one of the three Microsoft certification exams to become a Microsoft Certified Information Technology Professional (MCITP).

Prerequisite: NET151 or permission to waive

NET225 Managing A Network Environment 3 Credit Hours

This course prepares students to install, configure and manage components of client/server environments. Students will install, configure and maintain essential services of a networked infrastructure and perform execution of functions required for controlling, planning, allocating, deploying, coordinating, and monitoring the resources of a network. This course is designed to help students prepare for one of five certification exams to become a Microsoft Certified IT Professional: Enterprise Administrator.

Prerequisite: NET151 or permission to waive (See Note 3)

NET231 Advanced Active Directory Services 3 Credit Hours

This course is designed to give students the skills needed to analyze business requirements and design a directory and network services architecture using the Windows operating system. Students will analyze the existing and planned organizational structures; evaluate the company's existing and planned technical environment; design a directory and network infrastructure. This course is designed to help students prepare for one of five Microsoft certification exams to become a Microsoft Certified IT Professional: Enterprise Administrator.

Prerequisite: NET203 or permission to waive (See Note 3)

NET242 Cloud Computing: A Practical Approach 3 Credit Hours

This course covers the concepts of cloud computing and explores the various virtualization methods used by IT administrators to deliver cloud infrastructure and management solutions. Cloud computing allows for IT services to be available on demand while reducing IT

complexity, significantly lowering costs and enabling a more flexible way of delivering IT services. Virtualization is the essential catalyst for enabling the transition to cloud computing.

Prerequisite: NET125 (See Note 3)

NET261 Cisco Switching Basics 3 Credit Hours

This course is a continuation of the Cisco Academy program. This course is designed to give students the skills needed to perform initial switch configuration tasks and to troubleshoot common network problems. Other topics include Virtual LANs (VLANs), interVLAN routing, VLAN Trunking Protocol (VTP) and RSTP operation. This is the third course of a four course Cisco Academy program that is designed to help students prepare for the Cisco Certified Network Associate (CCNA) exam.

Prerequisite: NET125 or NET161 or permission to waive

NET263 Cisco WAN Technologies 3 Credit Hours

This course is a continuation of the Cisco Academy program. This course is designed to give students the skills needed to perform advanced TCP/IP techniques such as DHCP and DNS. Other topics include Access Control Lists (ACLs), WAN concepts and technology such as PPP and Frame Relay. This is the fourth course of a four course Cisco Academy program that is designed to help students prepare for the Cisco Certified Network Associate (CCNA) exam.

Prerequisite: NET261 or permission to waive

NET281 Windows Exchange Server 3 Credit Hours

This course is designed to give the skills necessary to install, configure, and administer a Microsoft Exchange server. This course is designed to help students prepare for the Microsoft certification exam to become a Microsoft Certified Technology Specialist (MCTS).

Prerequisite: NET151 or permission to waive (See Note 3)

NET283 Network Security 3 Credit Hours

This course is designed to help students gain the skills and knowledge in general security concepts, communication security, infrastructure security, basics of cryptography and operational/organizational security. This course is designed to help students prepare for the CompTIA "Security+" certification exam.

Prerequisite: NET125 or permission to waive (See Note 3)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

NET285 Wireless Technologies 3 Credit Hours

This course is an introductory course that will focus on the design, planning, implementation, operation and troubleshooting of wireless networks. It covers a comprehensive overview of technologies, security, and design practices with particular emphasis on hands-on skills.

Prerequisite: NET125 or permission to waive (See Note 3)

NET305 Internship: Network Administration 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisites: NET151 and prior approval by the Department Chairperson is required before registration.

Office Technologies

OFT115 Emerging Information Technology 3 Credit Hours

This course will provide students with an overview of business technologies. The course will introduce basic computer concepts, software, internet, and emerging technologies. Students will examine the latest business technologies and the impact that these technologies will have on the business world and society. Students will receive hands-on experience in word processing, data file management, and Internet research.

OFT122 Office Applications: Microsoft Word & PowerPoint 3 Credit Hours

In this course, students will examine the concepts and applications of Microsoft Word & PowerPoint. Students will use the technology tools to create business documents, marketing materials, and develop effective business presentations which will prepare students for today's information based business environment.

Prerequisite: OFT115 or DMD101, or NET111 or permission to waive

OFT127 Spreadsheet Applications (Excel) 3 Credit Hours

This course introduces Excel spreadsheet concepts using software in the Windows environment. Topics to be covered include: creating the Excel worksheet, formulas, functions, enhancing spreadsheets with graphs and charts, analyzing spreadsheet data (what-if analysis) and working with large worksheets.

Prerequisite: OFT115 or DMD101 or NET111

OFT209 Advanced Word Processing Applications (Microsoft Word) 3 Credit Hours

This course will provide students with a more in-depth study of Microsoft Word Application functions. Topics include: sorting text and data records, templates and wizards, online forms, graphs/charts, web pages, advanced mail merge procedures, tracking document notations, creating a table of contents as well as other features beyond document processing all of which will include problem solving skills.

Prerequisite: OFT122 (See Note 2)

OFT229 Corporate Travel and Conference Planning 3 Credit Hours

An in-depth course designed to acquaint students with the functions of a Corporate Travel Department and the role of the Corporate Travel Manager. Meeting and conference planning is covered with emphasis on transportation, accommodations, agenda planning and activities. *(See Note 3)*

OFT231 Desktop Publishing (Microsoft Publisher) 3 Credit Hours

Students will learn how to create professional-looking marketing and business materials. Students will have experience using Microsoft Publisher which is a powerful desktop publishing program (DPT) that assists in the designing and producing professional quality documents such as newsletters, brochures, catalogs, flyers, invitations, business cards, business forms, and calendars.

Prerequisite: OFT115 or NET111 or DMD101 or permission to waive (See Note 3)

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

OFT233 Database Applications (Access) 3 Credit Hours

Investigation and application of advanced database concepts will be covered including database administration, database technology, and selection and acquisition of database management systems. Through the introduction of Microsoft Access, the students will complete an in-depth practicum in database applications, including database design, relational tables, queries, forms and reports.

Prerequisite: OFT115 or NET111 or DMD101 or permission to waive

OFT235 Advanced Database Management (Access) 3 Credit Hours

A continuation of Database Applications. The students will work in-depth with a relational database application to solve business problems. Through these problems, students will design, create and document an advanced database application. Topics include advanced queries, OLE objects, macros, switchboard design, customizing menu bars, testing and debugging a macros, switchboard design, customizing menu bars, testing and debugging a macro, creating an autoexec macro, and creating functions in a global module and integrating Access with other programs such as the Web.

Prerequisite: OFT233 or permission to waive (See Note 3)

OFT270 Office Administration 3 Credit Hours

Students will develop an understanding of the procedures and practices of an office environment. In depth study will emphasize the responsibilities and required skills of the office professional which include computer, time management, communication and organizational skills as they relate to today's business organization. Topics will include the preparation of various administrative documents, file management, as well as incorporating interpersonal and technical communication that is needed in today's workplace culture.

Prerequisite: OFT209 or permission to waive*

**Students may take OFT209 and OFT270 simultaneously (See Note 3)*

OFT280 Microsoft Office Integration 3 Credit Hours

This course will explore the integrating of MS Office components in order to solve business problems. Topics included are: sharing data between Word and Excel, linking Excel and Word documents, Merge Access data into a Word Merge Letter, converting a Word Outline into PowerPoint presentation, Access Database into Excel database and chart. Projects will integrate decision making and problem solving skills.

Prerequisites: OFT122 and OFT127 or permission to waive (See Note 3)

OFT305 Internship: Business Office Systems Administration 3 Credit Hours

The Associate Degree Program Internship is designed to give students hands-on-experience in a business environment and to assist students transitioning from college to the workplace. Emphasis will be placed on developing positive workplace habits, attitudes, and behaviors, which will enable associate level students to apply the knowledge and skills learned in the classroom and to meet employer expectations upon graduation.

Prerequisites: OFT122, OFT127 and prior approval by the Department Chairperson is required before registration.

All courses are offered with regular frequency in the academic year unless noted otherwise:

Note 1 Offered at least twice per academic year **Note 2** Offered at least once per academic year **Note 3** Offered only on sufficient demand.

2012/2013 Academic Calendar

Day College

Fall Semester 2012

September

10	Monday	Start of Fall Semester – Faculty Return
11	Tuesday	Orientation for New Students
12	Wednesday	Classes Begin
19	Wednesday	End of Add/Drop Period

November

22–23	Thurs–Fri	Thanksgiving Holiday – No Classes

Public Transportation

The College is convenient to all public transportation. Many Westchester Bee-Line buses stop two blocks from The College at the County Center. #20 bus stops 1/2 block away. The White Plains Bus Depot/R.R. transportation center for all buses and Metro North, is a 10 minute walk from The College or a 5 minute ride on #20 bus. All Bronx subways have connecting buses to White Plains.

College Catalog Addendum

2012-2013

Effective March 13, 2013

The College of Westchester is pleased to announce two new fully online programs, Business Administration-Management, BBA, and the Business Management/Marketing, AAS, are being offered beginning with the Spring Term II, 2013 which starts on May 4, 2013. While the on-campus BBA program offered in a distance education format has the required internship course, the new online BBA program will instead require a capstone course. The new online AAS program does not have the internship elective while the on-campus program will continue to offer this elective.

Curriculum Update
Page 81

Business Administration - Management

Bachelor's in Business Administration Degree Program (BBA) – (Online) HEGIS Code 0506

The BBA in Business Administration – Management is a fully online program that offers students a strong and broad business program by integrating courses in management, marketing, finance, technology, and project management. Students will learn applied business skills such as problem solving, decision making, team building and strategic planning. In addition, this BBA program includes a unique Project Management focus that provides specialized skills often desired by employers. Business Administration – Management students will also focus and develop their newly acquired skills and knowledge through a senior-level capstone course. All baccalaureate students will experience a global, job specific curriculum that will prepare them for a wide variety of business career tracks – in addition to graduate school.

Program Learning Outcomes

Graduates of the BBA degree in the Business Administration - Management program should be able to:

- Explain how businesses are organized and operate
- Develop public speaking and writing skills
- Practice the decision making process
- Analyze and interpret business-related current events and case studies
- Evaluate various marketing and sales techniques
- Develop skills used to manage people and processes
- Create a comprehensive business plan
- Strengthen research, planning and analytical skills
- Enhance critical thinking skills
- Interpret the impact of business decisions
- Demonstrate fundamental management, leadership and decision making skills
- Effectively apply Project Management tools and techniques

120 CREDITS REQUIRED FOR GRADUATION

Business Administration - Management Program Disclosure Information

CIP Code: 52.0201

Credential Level: 03

Bachelor's Degree (BBA)

OPEID Code: 005208

This program is intended to lead to jobs in the following occupations:

- | | |
|--|--|
| General and Operations Managers (11-1021.00) | Industrial Production Managers (11-3051.00) |
| Quality Control Systems Managers (11-3051.01) | Storage and Distribution Managers (11-3071.02) |
| Social and Community Service Managers (11-9151.00) | Supply Chain Managers (11-9199.04) |
| Management Analysts (13-1111.00) | Business Continuity Planners (13-1199.04) |

Profiles for these occupations can be found at the U.S. Department of Labor's O*NET website by clicking the links provided or by visiting <http://www.onetonline.org> and entering the Standard Occupational Classification (SOC) codes provided.

The normal time required for the Online Division students to complete this program is 49 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations. Since the first graduating cohort from this program is not expected until 2017, on-time graduation data is not yet available.

Tuition for this program is \$730 per credit with 120 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$91,600. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$4,500 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

Since the first graduating cohort from this program is not expected until 2017, median debt level data at graduation is not yet available. For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance. The most current program disclosure information can be found at www.cw.edu/programdisclosure.

Business Management/Marketing

Associate Degree Program (AAS) – (Online)

HEGIS Code 5004

The fully online AAS in Business Management/Marketing program is designed to provide students with the skills needed for success in business. Real world knowledge and experience is shared in all courses. Students are challenged in basic disciplines such as Management, Marketing, Selling and Finance leading up to a course in Business Applications requiring development of a business plan. Course offerings in Fashion/Retail Merchandising, Hotel/Resort Management, Entertainment/Music and Sports Management offer students an opportunity to explore various areas of interest. Credits earned can be transferred into the bachelor's program.

Program Learning Outcomes

Graduates of the Associate degree in the Business Management/Marketing program should be able to:

- Recognize the cultural and ethical complexities of conducting business on a national and global scale.
- Recognize and understand the decision-making processes in each of the basic business disciplines including management, marketing, selling and finance.
- Understand and describe the components of a comprehensive business plan.
- Use proper oral and written communication skills to demonstrate their understanding of content material within the program's disciplines.
- Apply business-related knowledge using the appropriate discipline-specific tools.

Course Description

BUS480 - BBA Business Administration Capstone Course – Online

The capstone course for the BBA in Business Administration degree will require students to apply skills and knowledge learned in the program to a typical project they may encounter in actual employment. Using the criteria outlined below, students will identify a specific topic and prepare a one page description for review and discussion with their faculty advisor. Then they will provide a written proposal to outlining recommendations with supporting research, data and documentation. Students will be expected to defend proposals and make final amendments based on feedback and challenges by either an instructor or a review committee. The purpose of this class is to reflect upon learning experiences, demonstrate ability to organize thoughts, ideas and materials for written proposals, receive and offer support to fellow students, accept and handle criticism and gain greater self-awareness of one's preparation and readiness for work using a project management skill set.

Prerequisites: BUS370 Project Management Essentials & BUS440 Applied Project Management

College Catalog Addendum

2012-2013

Effective April 2013

Page 87 – Allied Health Curriculum Update

- All Allied Health Courses (with the exception of MED208, Administrative Medical Practices) will require a grade of "C" or better to continue in the program.
- MED215, Health Information Technology now requires MED103 and OFT115 as prerequisites.
- All Anatomy and Physiology Courses will require MED103, MSC110, and MSC115 as prerequisites.

College Catalog Addendum

2012-2013

Effective February 1, 2013

Authorization was given by New York State Education Department to rename the Medical Office Systems Management program to Health Information Management.

Curriculum Update
Page 90

Health Information Management

Associate Degree Program (A.O.S.) – HEGIS Code 5005

This program prepares health information management (HIM) professionals to work in a variety of administrative medical office settings including both private practice and larger health care facilities. Graduates of this program are trained to organize, analyze, and technically evaluate patient health information in both electronic and hard copy formats, maintain and use health information indexes, and to facilitate storage and retrieval of medical records. Graduates will be qualified to seek employment in medical office management positions where knowledge of medical billing and coding are most important.

Program Learning Outcomes

Graduates of the Associate's Health Information Management program should be able to:

- Demonstrate the ability to collect patient health information and analyze medical reports for the correct diagnoses and procedures. This is necessary for accurate reimbursement and billing.
- Apply the concepts of computer based and other electronic technology related to health care, including the use of industry specific software applications and other tools and techniques for collecting, storing, and retrieving health care data
- The ability to participate in health information analysis tasks such as abstracting, interpreting, and presenting statistics and relevant health care data
- Ability to accurately assign diagnostic and procedural codes, and use the appropriate classification systems to correlate the completeness and accuracy of this type of data to reimbursement data
- Apply knowledge of the medical insurance industry by accurately recording co-payments, deductibles, and coinsurance while successfully processing medical insurance claims both manually and electronically
- Establish and maintain systems designed to protect the confidentiality and privacy of health records and apply principles of legal and ethical behavior relative to health information

- Effectively monitor all administrative processes germane to the daily operation of a medical facility while exercising leadership and motivation to HIM professionals

Course No. Medical Courses	Semester Credits
MSC110 Human Biology.....	3
MED103 Medical Terminology and Human Systems	3
MED111 Medical Ethics, HIPAA and Patient Dynamics.....	3

2012/2013

Effective January 1, 2013

Program Disclosure Information

Program: Accounting

CIP Code: 52.0302 Credential Level: 02 Associate's Degree (A.A.S.) OPEID Code: 005208

This program is intended to lead to jobs in the following occupations:

[Tax Preparers](#) (13-2082.00)

[Statement Clerks](#) (43-3021.01)

[Billing, Cost, and Rate Clerks](#) (43-3021.02)

[Billing, Posting, and Calculating Machine Operators](#) (43-3021.03)

[Bookkeeping, Accounting, and Auditing Clerks](#) (43-3031.00)

[Payroll and Timekeeping Clerks](#) (43-3051.00)

Profiles for these occupations can be found at the U.S. Department of Labor's O*NET website by clicking the links provided or by visiting <http://www.onetonline.org> and entering the Standard Occupational Classification (SOC) codes provided.

The normal time required for Day College students to complete this program is 20 months. In 2011-12, 75% of Day College graduates of this program completed within 20 months and 87.5% completed in 23 months. The normal time required for Evening / Saturday College students to complete this program is 28 months. In 2011-12, 66.7% of Evening / Saturday graduates of this program completed within 28 months and 75.0% completed in 32 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations.

Tuition for this program is \$730 per credit with 66 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$50,380. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$2,500 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

For students who graduated from this program in 2011-12, their median debt level at graduation was:

	<u>Day College</u>	<u>Evening / Saturday College</u>
Federal Title IV loans	\$15,177	\$24,886
Private loans	Zero	Zero
Institutional financing plans	Zero	\$21.86

For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Program: Accounting

CIP Code: 52.0301 Credential Level: 03 Bachelor's Degree (B.B.A.) OPEID Code: 005208

This program is intended to lead to jobs in the following occupations:

[Accountants](#) (13-2011.01)

[Credit Analysts](#) (13-2041.00)

[Tax Examiners, Collectors, and Revenue Agents](#) (13-2081.00)

Profiles for these occupations can be found at the U.S. Department of Labor's O*NET website by clicking the links provided or by visiting <http://www.onetonline.org> and entering the Standard Occupational Classification (SOC) codes provided.

The normal time required for Day College students to complete this program is 36 months. The normal time required for Evening / Saturday College students to complete this program is 49 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations. Since the first graduating cohort from this program is not expected until 2013, on-time graduation data is not yet available.

Tuition for this program is \$730 per credit with 120 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$91,600. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$4,500 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

Since the first graduating cohort from this program is not expected until 2013, median debt level data at graduation is not yet available. For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations.

On time graduation data for programs that have fewer than 10 graduates or student loan borrowers is not provided, in accordance with applicable regulations, in order to protect individual identity.

Tuition for this program is \$730 per credit with 48 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$36,640. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$2,000 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

Median debt level data for programs that have fewer than 10 graduates or student loan borrowers is not provided, in accordance with applicable regulations, in order to protect individual identity.

For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Program: Computer Network Administration

CIP Code: 11.1001 Credential Level: 02 Associate's Degree (A.A.S.) OPEID Code: 005208

This program is intended to lead to jobs in the following occupations:

[Network & Computer Systems Administrators](#) (15.1071.00)

Profiles for these occupations can be found at the U.S. Department of Labor's O*NET website by clicking the links provided or by visiting <http://www.onetonline.org> and entering the Standard Occupational Classification (SOC) codes provided.

The normal time required for Day College students to complete this program is 20 months. In 2011-12, 50.0% of Day College graduates of this program completed within 20 months and 77.8% completed in 23 months. The normal time required for Evening / Saturday College students to complete this program is 28 months. In 2011-12, 85.7% of Evening / Saturday graduates of this program completed within 28 months and 85.7% completed in 32 months. Actual completion time for individual students may vary based on many factors including required additional course work, transfer of credit into The College, leaves of absence, reduction of credit load and other considerations.

Tuition for this program is \$730 per credit with 66 credits required for graduation. With required fees, the total tuition and fees for students who enroll in this program at this time is estimated to be approximately \$50,380. For students who are required to take "Basics" courses, additional charges will apply. Books and supplies typically cost \$3,150 for the program but will vary depending on chosen electives and publisher costs. Your actual "net" cost may be less if you qualify for federal / state financial aid and/or scholarships and grants offered by The College of Westchester.

For students who graduated from this program in 2011-12, their median debt level at graduation was:

	<u>Day College</u>	<u>Evening / Saturday College</u>
Federal Title IV loans	\$14,937	\$19,922.38
Private loans	Zero	Zero
Institutional financing plans	Zero	100.50

For more information on options to reduce your student debt obligations, contact the Office of Student Financial Assistance.

Program: Computer Networking Specialist

College Catalog Addendum

2012/2013

Effective January 1, 2013

ADMISSIONS

Summer Bridge Program (page 11):

Accepted applicants who test into Basics of Mathematics on The College's assessment test may opt to participate in the Summer Bridge Program. The Summer Bridge Program contains non-credit course content designed to improve the basic mathematics skills required for college.

The student will be given the opportunity to test out of the required Basics of Mathematics course and be placed in a college level math course. There is no assurance that applicants who attend or complete the Summer Bridge Program will automatically be exempt from their required Basics of Mathematics course.

The program typically runs up to 4 weeks during the month of July and/or August. The total fee for the 2013 Summer Bridge Program is \$250 which includes required text books. The fee must be paid in full prior to the first day of class and is non-refundable after the first day of attendance. The \$200 Tuition Deposit cannot be applied to the Summer Bridge charges. Paid Summer Bridge participants who withdraw prior to attending the first day of class may request a refund of the \$250 fee. Notification of withdrawal and refund request must be made in writing to the Office of Admissions. Contact the Director of Admissions at 914-831-0200 for additional information.

International Baccalaureate Program (IB) (page 12):

The International Baccalaureate Program offers a series of college level exams through the IB program. The IB tests are usually taken in conjunction with high school Advanced Placement courses. The College of Westchester will grant credit for many IB examinations for which a grade of 4 or better has been obtained.

STUDENT FINANCIAL SERVICES

Tuition and Fees (page 14):

A \$40 non-refundable application fee must accompany the application for admission; it is not deductible from tuition and fees nor can it be paid by federal or state funding. Tuition and all applicable fees are payable in full by the first day of class.

Day College:

Tuition per credit: (includes institutional credit units).....	\$730.00
Computer and General Services Fee.....	\$100.00 per course
Books.....	\$500.00 per semester
Graduation Fee.....	\$100.00

Other Fee charges, if applicable, may include the following:

Medical Class Fee* (MSC courses: 115 (formerly 101); 120 (formerly 105); 125 (formerly 201); 130 (formerly 205); 207 (formerly 103); 209 (formerly 109); 211 (formerly 203)	\$100.00 per course
Medical Class Fee** (MSC course: 301)	\$25.00
1 set of Scrubs (non-refundable)***	\$26.00
1 Lab Coat (non-refundable)****	\$26.00
1 Blood Pressure Kit (non-refundable)****	\$53.00
1 CPR Mask (non-refundable)*****	\$18.00
PC Kit (non-refundable)*****	\$650.00
Transcript Fee (non-refundable).....	\$10.00
Portfolio fee for College Level Learning Assessment applicants*****	\$100.00
Nonsufficient Funds Fee (non-refundable)	\$30.00

Evening/Saturday College/Online Division:

Tuition per credit (includes institutional credit units).....	\$730
Computer and General Services Fee:.....	\$100.00 per course
Books.....	purchased separately
Graduation Fee.....	\$100.00

Other Fee charges, if applicable, may include the following:

Medical Class Fee* (MSC courses: 115 (formerly 101); 120 (formerly 105); 125 (formerly 201); 130 (formerly 205); 207 (formerly 103); 209 (formerly 109); 211 (formerly 203)	\$100.00 per course
Medical Class Fee** (MSC course: 301)	\$25.00
1 set of Scrubs (non-refundable)***	\$26.00
1 Lab Coat (non-refundable)****	\$26.00
1 Blood Pressure Kit (non-refundable)****	\$53.00
1 CPR Mask (non-refundable)*****	\$18.00
PC Kit (non-refundable)*****	\$650.00
Transcript Fee (non-refundable).....	\$10.00
Portfolio fee for College Level Learning Assessment applicants*****	\$100.00
Nonsufficient Funds Fee (non-refundable)	\$30.00

**Medical Class Fee will apply to the following courses:*

(MSC courses: 115 (formerly 101); 120 (formerly 105); 125 (formerly 201); 130 (formerly 205); 207 (formerly 103); 209 (formerly 109); 211 (formerly 203)

***Medical Class Fee will apply to MSC301*

****Scrubs Fee will apply to the following class: MSC115 (formerly MSC101)*

*****Lab Coat and Blood Pressure Kit Fee will apply to the following class: MSC103*

******CPR Mask Fee will apply to the following class: MSC301*

******PC Kit Fee will apply to the following class: NET111*

*****This fee only applies to candidates who complete the Intent to Apply for Credit Awarded through Portfolio Evaluation. Additional fee of \$100.00 will be charged for each course for which the candidate is awarded academic credit.

STUDENT ACTIVITIES AND SUPPORT SERVICES (page 41):

New Club Descriptions:

Armed Forces Student Support Club

The Armed Forces Student Support Club is a student organization that is a source of support to student military members and veterans in their transition to college. It provides positive engagement between military members/veterans and other students on campus.

Soccer Team

The CW Dragons Men's Soccer Team, which plays in a White Plains sports league, is assisted by faculty and staff offering coaching and administrative support. The team practices and plays weekly from July through October at the Saxon Woods Soccer Field in White Plains. All players must maintain a grade point average of 2.5 to maintain eligibility to play on the CW Soccer Team.

ACADEMIC STANDARDS, COLLEGE REGULATIONS AND POLICIES

Academic Calendar (page 52):

Phase One: Beginning with the 2013 Spring Term, 2/23/13 – 4/27/13, all Evening, Saturday, and Online courses will start in the same calendar week. Also, all Evening courses will meet on only one night each week, from 6:00 pm to 10:35 pm. Courses in the Evening, Saturday, and Online Division are on a semester credit hour basis. A minimum of six credits each term is required for full-time status.

Phase Two: Effective Fall Term I of 2013, which begins on September 23rd, all Evening/Saturday courses will be taught in a hybrid format with a portion of coursework required online. All Evening/Saturday/Online terms will run approximately 8 weeks in length. All Evening courses will meet only one night per week from 6:00 pm to 9:45 pm for each course. All Saturday courses will meet 5 Saturdays within the 8 week term.

Course Formats

#2. Hybrid courses which combine elements of online distance learning courses and traditional courses. A hybrid course is a normal CW course that is offered partially online and partially in a traditional face-to-face format. A hybrid course has regular class meetings on campus, which may either have shorter meeting times or be fewer in number.

Attendance (page 53):

- Taking an exam, an interactive tutorial, or computer assisted instruction.
(Note: Final exams for on-ground classes will be administered during the last scheduled class meeting of each academic term. If a take-home exam is administered, a regular class meeting will take place during this session.)

36 CREDITS REQUIRED FOR GRADUATION

Enrollment in other than registered or approved programs may jeopardize a student’s eligibility for certain student aid awards.

***Note:** Students who have not previously pass 3 college credits of English Composition or passed the English Proficiency Test are required to take English Composition I as an elective.*

This certificate is currently offered for Evening/Saturday College students only.

COURSE DESCRIPTIONS

Allied Health (pages 123 -126):

MEDICAL ASSISTANT MANAGEMENT

MSC110 Human Biology (New course)

3 Credit Hours

This course introduces students to the basic concepts of biology and chemistry in preparation for further study in the allied health sciences. Biological concepts of cell theory, cell cycle and cell reproduction will be explored and the major systems of the human body will be introduced. Chemistry concepts of atoms, molecules, and elements will be introduced along with biological molecules. Appropriate medical terminology will be introduced and utilized to accurately communicate in the biological and medical sciences. Emphasis is placed on body system components and function. At the conclusion of the course students will be better prepared to relate the importance of understanding body structure and function as it relates to human diseases.

Course Number Changes Only:

MSC115 Cell Physiology, Integumentary, and Musculoskeletal Systems (Formerly MSC101)

MSC120 Urinary, Reproductive, and Digestive Systems (Formerly MSC105)

MSC125 Respiratory, Circulatory, and Lymphatic Systems (Formerly MSC201)

MSC130 Nervous, Endocrine, and Special Senses (Formerly MSC205)

MSC207 Clinical Procedures/Clinical Asepsis (Formerly MSC103)

MSC209 Hematology/Phlebotomy (Formerly MSC109)

MSC211 Electrocardiography (Formerly MSC203)

MEDICAL OFFICE SYSTEMS MANAGEMENT

MED215 Health Information Technology (New course)

3 Credit Hours

This course focuses on the relationship between health information management, use of technology, and procedures for completion, maintenance and preservation of health information. Emphasis will be placed on regulatory issues, documentation practices, reimbursement, information management, quality improvement and risk management in various health care delivery systems.

Prerequisites: OFT115 Emerging Information Technology and MED208 Administrative Medical Practices

ACADEMIC CALENDAR 2012/2013

Evening/Saturday/Online (pages 131-135):

Phase One: Beginning with the 2013 Spring I Term, 2/23/13-4/27/13, all Evening, Saturday and Online courses will start in the same calendar week. Also, all Evening courses will meet on only one night each week, from 6:00 pm to 10:35 pm.

Phase Two: Effective Fall Term I of 2013, which begins on September 23, the following schedule changes will be implemented:

- All Evening/Saturday courses will be taught in a hybrid format with a portion of coursework required online.
- All Evening/Saturday/Online terms will run approximately 8 weeks in length.
- All Evening courses will meet only one night per week from 6:00 pm to 9:45 pm for each course.

- Approximately 2/3 of the course content will continue to be presented in the traditional classroom format and 1/3 will occur through online learning activities. This will allow the College to dismiss Evening classes at 9:45 pm instead of 10:35 pm and require Saturday students to be on campus for only five of the term's eight weeks.
- All Saturday courses will meet 5 Saturdays within the 8 week term.
- All fully Online courses will continue to start on a Saturday, but the term will be shortened to an 8 week term.

The following schedule will go into effect with the Spring I Term 2013 on February 18, 2013:

	Session	Start Date	Meeting Time	Delivery Mode
Spring I Term 2013	Evening	Feb 18	6:00 pm - 10:35 pm 1 night per week	Most Courses Face-to-Face Some Courses Hybrid
	Saturday	Feb 23	8:15 am – 12:45 pm ; 1:15 pm – 5:45 pm	Most Courses Face-to-Face Some Courses Hybrid
	Online	Feb 23	Online	Online

	Session	Start Date	Meeting Time	Delivery Mode
Spring II Term 2013	Evening	April 29	6:00 pm - 10:35 pm 1 night per week	Most Courses Face-to-Face Some Courses Hybrid
	Saturday	May 4	8:15 am – 12:45 pm ; 1:15 pm – 5:45 pm	Most Courses Face-to-Face Some Courses Hybrid
	Online	May 4	Online	Online

	Session	Start Date	Meeting Time	Delivery Mode

61-99	2.00	67%	61-180	2.00	67%						

Impact of Grades on SAP Eligibility for Federal Title IV Aid:

A, A-, B+, B, B-, C+, C, C-, D, IC, P, PASS and S grades are considered as attempted and earned credit hours. Grades F, UF, FR, and FAIL, are considered as attempted, but not earned and will negatively count toward the student's grade point average. A grade of WD does not impact the GPA; however, it does negatively impact completion. A grade of U does not impact the GPA; however, it does negatively impact completion. Incomplete courses (grade of I or INC) are considered as attempted until a final grade is posted. A grade of I and INC is calculated as an equivalent to an F grade until a final grade is posted. Students are required to request a re-evaluation of SAP after successful completion of an incomplete course. Developmental courses in Basics of Math and Basics of Communications counted as part of the SAP requirement in terms of attempted and earned for Federal Title IV purposes.

Standards of Academic Progress (SAP):

In order to be in good academic standing a student must maintain a cumulative grade point average of 2.00. If a student falls below 2.00, he/she will be placed on Academic Probation. Additionally, if a student does not meet the prescribed minimum cumulative grade point average as set forth below, the student will be Academically Suspended. There are financial aid ramifications associated with failure to meet academic standards. See section on Student Financial Services.

Day College students will be evaluated qualitatively (GPA) at the end of each fifteen week semester, and Evening/Saturday College and Online students will be evaluated qualitatively (GPA) at the end of Fall II, Spring II, and Summer.

In addition, students must meet quantitative standards of progress in order to remain eligible for enrollment. In order to meet quantitative standards for academic progress, students must complete their degrees/certificates within 150% of the normal time for completion, which is 180 attempted credits for the Bachelor's Degree and 99 attempted credits for the Associate's Degree.
